OFFER $15 PER TON

Tomato Growers' Association of Carline Receive Bona Fide Offer of 25 Cents Per Basket For Tomatoes.

A largely attended meeting of the Caroline County Tomato Growers' Association, of which H. G. Nuttle is the president, and W. W. Newcomer secretary, was held in Denton on Tuesday. The offer made by the packers to the board of the association to pay $15 ton or 25 cents a basket of 33⅓ poun was laid before the meeting and offer accepted.

It is the understanding of the gro that the individual members are bound to contract with the pack this price, but each may decide f self whether to grow tomatoes for $15 a ton or sell in the open market.

INJURED; DRIVES 15 MILES

Mrs. Sarah Culley, 82 years old, who resides near Rock Hall, Friday night arrived at Union Station after having driven 15 miles with a broken collarbone in order that she could reach Baltimore and enter a hospital. She was taken to the Maryland General Hospital by her son shortly after her arrival at Union Station.

Thursday morning while Mrs. Culley was walking in her garden she fell and broke her left collarbone. Unable to get proper medical attention near her home, she got in a carriage and was driven 15 miles to Chestertown, where she took a train for Baltimore. It was said at the hospital that her condition was not serious.

Top Dress Your Wheat and Grass

It is the experience of a great many farmers who have top dressed Wheat with a special top dresser Fertilizer, that it not only makes a larger yield, but produces a better quality of grain and insures a good catch of grass and clover.

The readily available plant food in our top dresser Fertilizer gives the young Wheat a splendid start and enables it to send out strong vigorous roots and the increased yield in consequence is marvelous.

We are manufacturing for this purpose a Special Top Dresser Fertilizer that contains some Nitrate of Soda, Fish and Dissolved Bone, the price of which is $26 per ton and an application of 150 lbs. to the acre would only cost about $2 the acre the result of which would prove to be eminently satisfactory.

A few years ago one of our customers claimed that an increased yield from an application of 200 lbs. was thirteen bushels more Wheat and when you think of the present price of Wheat, it certainly would pay handsomely. Mr. James T. Dixon always top dresses his hay crop and says that it certainly pays him.

If therefore you want a substantial and profitable increase in the yield of your Wheat, or to greatly increase your Hay crop, be sure to apply some of our Top Dresser as early as possible in February.

Yours respectfully,

THE PEERLESS FERTILIZER CO.

AUTOS STALLED ON AVE.

Tremendous Travel By Autos Has Made Dirt Road in Chestertown Nearly Impassable.

This town has the unenviable distinction of possessing the only piece of unimproved road between New York and Ocean City. It is about one-third of a mile long and runs right along side of Washington College, on Washington avenue.

In the last several days this stretch has been almost impassable. Numerous automobiles have become stuck in the mud and neighboring farmers have reaped quite a harvest by supplying horses to extricate the machines. The prevailing price is $1.50 a car, although some were charged as high as $3. Saturday seven machines were stalled at one time, and Joe Schauber said he had hauled 15 out during the day.

So numerous became the complaints that the Town Commissioners sent their splendid team of horses and that faithful driver, Chas. Miller, Sunday and all this week and stationed them at the quagmire to aid automobilists. The State Road Commission promised several months ago to improve this section and it will be advertised early next month.

The town also stationed two men on College campus to warn drivers against crossing the college property.

The most serious accident to travelers was to Mr. Oscar Jarrell, of Caroline, who broke the axle of his car Monday.
