In these days when our Government is urging more intense farming and the demand for every farm product has been multiplied many times in the last two or three years it becomes necessary for farmers to utilize every improved method that means increased production with less labor and less cost.

The FARM TRACTOR

is now as necessary as the horse. It has passed the experimental stage and is dependable. In the near future we expect to give a demonstration of the latest model 10-20 Titan Tractor which has proven to be the size best suited for regular farm purposes. We hope to be ready to give this demonstration during the Fair, but in any event due notice will be given.

Watch for announcement of place and date and don't miss seeing it.

Labor Day

September Third

This Institution Closed All Day

Labor means service. It is never wholly selfish. Our community, state and nation in turn share in the benefits which come to individuals as the result of toil.

Labor Day this year possesses unusual significance for the American people.

It bespeaks the gratitude of all for the efficient labor of each.

The burden of success in some measure rests upon every individual.

PROPERTY SALES

Kent Land Has Charms For Seekers After Homes—J. T. Anthony's Place, Near Town, Sold.

H. W. Vickers, Esq., attorney for James A French, made a fine sale of the French farm Tuesday to J. Louis Ford. This farm is 3½ miles from town and contains 140 acres. It sold for $7,500, and there were three bidders. In 1903 Henry K. Miller bought this same farm for $2900.

Robert H. Morgan, who lived near Kennedyville last year, has sold his farm near Warwick to Wm. J. Boyles, of Earleville, for $7,000. It contains 132 acres. Mr. Morgan has a fine patch of tomatoes for which he is offered 55 cents per basket.

James T. Anthony, one of the most up-to-date farmers in this section, and now engaged in State Grange work, on Monday morning sold his fine farm in Queen Annes near Chestertown, to E. W. Keeler, of Canada, for about $12,500. Mr. Anthony bought this farm when it was in a rundown condition and by progressive agricultural methods made it one of the best farms of its size in this section. The farm is tenanted by Townsend Anthony and contains 125 acres.

W. Robt. Huey has purchased of Ralph Barnett the elegant home near Kent Circle and will remove there about Oct. 1 st.

ARRANGEMENTS are being made to give a "Comfort bag" to each man drafted from Kent County. The National Needle Work Guild, of Kent County, and other societies will assist.

WHEAT PRICE SET AT $2 20 A BUSHEL.

Washington, Aug. 30.—The price of No. 1, Northern spring wheat was fixed at $2.20 a bushel, at Chicago, for the 1917 crop today by the Wheat Fair Price Committee, headed by H. A. Garfield, whose findings reached after three days' deliberation, were submitted to and approved by President Wilson.

Labor representatives on the committee voted first for $1.84 and the farmers for $2.50. After a long discussion the compromise at $2.20 was approved unanimously.

FATAL ACCIDENT ON KENT ROAD

Big Reo Car Turns Over Making Turn at Bonwill's Corner, Kennedyville—Mrs. David J. Ward, of Salisbury, Killed—Mr. Ward, Mrs. Gordon and And Four Children Injured.

David J. Ward, Edith his wife, five children, oldest 17, and Mrs. Geo. T. Gordy, sister to Mr. Ward, started from Salisbury in a big Reo touring car Thursday morning. At 11.30 o'clock in making the sharp turn at the Bonwell-Medders farm, near Kennedyville, while going at a fast pace, the machine turned a complete somersault and rested astride of the road. Mrs. Ward was thrown out and killed while the others were more or less hurt. The body was removed to the home of Frank Jones on the Medders farm and Dr. Atwell sent for, but nothing could be done. Jack Clendaniel took Mr. Ward and two of the children to Elkton Hospital while Raymond Hill took Mrs. Gordon and the other two children.

Frank Jones and a State Road supervisor witnessed the accident and went at once to their relief. The body was removed to Undertoker Krusen's establishment at Still Pond and there cared for until relatives arrived.

Mr. Ward is a prominent business man of Salisbury being President of the Fair Association and head of the Produce Company. His wife was about 40 years of age and leaves six children.

This makes 15 accidents at this turn.

A telephone message to the NEWS yesterday from Elkton Hospital stated that Mr. Ward was suffering from a broken collar bone and was doing as well as could be expected while Miss Gordon and the 17-year-old daughter were only slightly cut.

LORENZA WATERS FATALLY BURNED

A Reported Speak-Easy Near Golts Scene of a Fracas in Which a Colored Man Was Killed by a Colored Woman.

State's Attorney Vickers, accompanied by coroner and officers, went to an inquest Tuesday over the body of Lorenzs Waters, aged 33, who was found dead in his shanty near Golts early Monday morning. Suspicion pointed to Martha Briscoe as being concerned in the affair and she was arrested and put in jail. Wednesday night the State's Attorney and Deputy Perkins obtained a confession from Martha.

It seems as if a party was held Sunday in which all present imbibed freely, visitors being present from Delaware. Occurences at the dance caused Waters' affinity, Martha Briscoe, to become aggrieved. She was lying in the yard Sunday evening when Waters pushed her off a couch. She picked up a cup of coal oil, threw it on him and ran after Waters and when, as she thought, he reached behind the door for a gun, she pushed him on the stove and ran. His whole body was soon in flames and Martha, hearing his cries, returned and helped put out the blaze. She became scared and presuming to go for a doctor did not return. Neighbors had occasion to go to the shanty Monday and found Waters dead.

Martha Briscoe is about 25 years old and has a husband living at Middletown, Del.

STUNNED BY LIGHTNING

During the severe thunder storm of Thursday afternoon Mrs. Walter Elburn, in Queen Anne's, near Chestertown, was knocked unconscious. She was in the basement of her home at the time and the lightning came in on the telephone wires. She was knocked down and remained unconscious for half an hour. Dr. H. G. Simpers was hurriedly sent for and revived her. She has been confined to her bed since but the doctor thinks she will soon recover. The lightning put nearly all the phones out of commission in that section and splintered a number of telephone poles.
