## Milk Survey Shows Wide Price Variety

The AAA produced figures Thursday to show striking variations in the spread between the price the dairy farmer gets for milk and the sum the housewife pays for the bottle on the doorstep.

After surveying 50 cities, the Farm Administration disclosed that this spread called the gross operating margin of the milk distributors ranged from a low of 4.41 cents a quart at Chicago to a high of 8.34 cents at Raleigh, N. C.

The report noted that four out of the five localities where the spread is below 5 cents are under Federal regulation in the form of milk marketing licenses. The four are Chicago, Baltimore, Boston and the so-called "quad cities" of Davenport. Iowa, Rock Island, Moline and East Moline, Ill. The AAA, however, did not claim the credit for the lower margins in those markets.

The retail price of delivered milk ranged from 9 cents per quart at Evansville, Ind., Indianapolis, Ind., and the quad cities to 15 cents at Miami, Fla. Prices paid to producers scaled from a low of $1.74 per hundred pounds at Duluth, Minn., to a high of $3.40 at Fall River,Mass.

Sheriff John T. Vickers Tuesday arrested Godfrey Richards and William Graves, Chestertown Negroes, on the charge of breaking into the department store of Conlyn E. Noland, on High street, here several weeks ago, and stealing $130 worth of merchandise. Sheriff Vickers says he found a quantity of the goods alleged to have been stolen from the Noland Store in the possession of the prisoners. It was a fine piece of detective work by the sheriff and his deputy. The men are in jail here to await the action of the Grand Jury at the October term of the circuit court. which will convene on Monday morning, Oct. 15th.

A 38-calibre revolver, stolen some time ago from the automobile of Dr. W. R. Renynolds, was found in the possession of Graves. He confessed to taking the revolver from the Reynold's car.

Both of the boys have court records. Some years ago, Richards,confined to a reformatory, was given up for dead when a tree fell upon him. An undertaker, summoned to take charge of the body, discovered signs of life. The boy returned to normal health with the exception of a slight limp.
