Dark Hair

"I have used Ayer's Hair Vigor for a great many years, and although I am past eighty years of age, yet I have not a gray hair in my head."
Geo. Yellott, Towson, Md.

We mean all that rich, dark color your hair used to have. If it's gray now, no matter; for Ayer's Hair Vigor always restores color to gray hair. Sometimes it makes the hair grow very heavy and long; and it stops falling of the hair, too.
$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

The Local Paper.

Here is tha estimate which United States Senator David Davis, of Illinois placed upon the local paper. "The local paper gives thousands of free lines for the benefit of the community in which it is located. No other agency can or will do this. It may not be crowded with great thought but financially it is of more benefit than both preacher and teacher. Today editors do more for less pay than any men on earth. Patronize your home paper, not as a charity, but as an investment. A progressive community is quick to realize the importance of supporting such a paper. It is always a first class advertising medium, which fact advertisers are not slow to find out."

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c per box. Sold by R. J. Colston.

New R. R. Depot at Easton.

Superintendent Holliday, Assistant Superintendent Moore and Supervisor Latrobe were in Easton a few days ago and laid off a site for the new D. & C. station. It will be located in the centre of the lot now used as a flower garden. The new buildings will be partly brick and partly frame, fitted with all modern conveniences, including toilet, steam heat, etc. Work will begin at once.

The Foundation of Health.

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, dyspepsia and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Hugh Duffey, Hillsboro.

A Public Park for Milford.

The acquiring and maintaining of a public park has long been the dream of the people of Milford, but nothing has ever been accomplished in this direction, until recently the town authorities took the matter into consideration and decided that such a resort would be a stroke in the line of progress, and also an absolute benefit to the general public, and in pursuance to a majority vote of the town board in favor of such a public improvement, they have selected a site adjacent to Silver Lake. It is expected that those in authority will begin at once to prepare the grounds for the reception of the people and make the place ready for use this season. As to the possibility of the site being made as handsome as some other parks in the southern part of the State, it is safe to say, that when the work is all completed as has been planned, that the grounds and furnishings of the park will compare favorably with any of those south of Wilmington.

A Surgical Operation

Is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Summerton, S. C. For blind, bleeding, itching and protruding no remedy equals DeWitt's Witch Hazel Salve. Sold by Hugh Duffey, Hillsboro.

A BETTER USE FOR MONEY.

The recent primaries held in various counties on the Eastern Shore suggest some reflections which are worthy of consideration. The Eastern Shore, as is well known, boasts of its superior natural advantages. It claims for itself an excellent soil, an excellent climate, an excellent arrangement of transportation facilities, and, above all, a super-excellent type of Maryland men and women. But in the midst of all this self felicitation is sometimes heard another strain which denotes an important deficiency. There is a persistent cry for more factories. It is constantly being proclaimed that the infusion of more industrialism is needed to accelerate progress.

The Eastern Shoreman is right in that confession. The introduction of more factories and the consequent diversification of opportunities would work wonderful changes for the better. In their anxiety to establish these factories, the leading men of the various counties are perpetually appealing to the moneyed men of Baltimore for capital. While speaking with sincere confidence of the exceptional advantages of the Peninsula for just such enterprise, they seem, for some reason, to depend mainly upon outsiders to advance the necessary capital. By so doing they confess that the residents of the respective counties are reluctant in putting up their own cash for these manufacturing hazards.

The recent primaries over there have brought to notice a very important fact. Money is not an article of scarcity among Eastern Shoremen. It flows very freely, according to the statements of its own citizens, for political purposes. There is no trouble there to collect a fund running well up into the thousands if the thousands in the fund is intended to further some political project. Has it ever occurred to these contributors to corruption funds that the same liberalty devoted to better purposes would produce marvels in behalf of their several communities? Suppose the thousands of dollars raised by the Eastern Shoremen themselves every few years and wasted in the work of political debauchery were utilized in organizing and establishing factories, how much better would be the condition of the whole people! During the past ten years each of the counties has seen enough capital engulfed in the operations of bribery to have dotted its districts here and there with splendid specimens of successful industrialism.

Those, therefore, who cry to Baltimore for capital for industrial purposes would do better by first opening the eyes of their fellow-Shoremen to present habits and practices of wastefulness in politics. When the home capital is turned into manufacturing enterprises there will be no difficulty in attracting capital from elsewhere.—Baltimore American.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has never been equaled. Joe Golobick of Colusa, Cal., writes, "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by R. J. Colston, druggist.

Reduced Rates to Boston.

On account of the meeting of the National Educational Association, at Boston, Mass, July 6 to 10, the Pennsylvania Railroad Company will sell excursion tickets to Boston from all points on its lines west and south of Princeton, Hightstown, Tennent, and Long Branch, on July 3, 4, 5 and 6, good going on those dates and good to return between July 8 and July 12, inclusive, at rate of single fare for the round-trip, plus $2.00. By depositing ticket with Joint Agent at Boston, on or before July 11, and payment of fee of fifty cents, extension of return limit may be obtained to September 1. For stop-over privileges and further information consult nearest ticket agent.

Worth Its Weight in Gold.

It is a fact, whether confessed or not, that there is more tinsel and glitter and more show and boasting in this world than real merit or true worth. This is true in some cases but not in all. R. S. McCrum, Ohiopyle, Pa., says: "I have sold Victor Remedies under a guarantee and have n[illegible] had a bottle returned. But every one speaks in the highest terms of them. The Victor Lung Syrup is a Great Remedy, but Victor [illegible] its we[illegible] in [illegible] Remedies.

The Philadelphia Record.

"The Philadelphia Record," which recently observed its twenty-sixth anniversary as the pioneer one cent newspaper of America, claims the largest circulation of any paper publish in Pennsylvania, and its claim is no doubt a just one. The secret of this is not hard to find. Throughout its entire career "The Record" has combined a certain spirit of conservatism with a progressive policy, and the result has been a newspaper that inspires and holds the confidence of its readers.

There is a vast deal of difference between conservatism and old-fogyism. "The Record" is always keen, alert and up-to date, and never allows itself to become hysterical. The metropolitan journals of to-day may be enterprising to the point of sensationalism, and in the existing spirit of rivalry may often over-step the bounds of decorum and good taste; but in this respect "The Philadelphia Record" is not a sinner. It is always sane, always temperate, always satisfying. Without half the fuss and feathers of some of its contemporaries, it is not to be gainsaid.

It is this authoritative confidence in itself that has wrought confidence in the general public and has been instrumental in establishing its prestige. "Let us see what 'The Record' says is usually regarded as final and incontrovertible. The newspaper is still largely a moulder of public opinion, in spite of the theorists, and while the confidence of the public may be shaken in some phases of modern journalism, that class of which "The Philadelphia Record" is a fine type still survives, and will continue to survive for good. We could ill afford to spare any of them, least of all "The Record." A long and prosperous life to Pennsylvania's leading newspaper.
