FARMERS'

FOUNDRY.

THE Subscribers grateful for the patronage heretofore received, beg leave respectfully to inform their friends and the public generally, that they now have on hand and are daily manufacturing the most approved

WHEAT MACHINES,

ever offered to the public on this Shore. Their superiority over other machines consists in *simplicity* and *strength*, which will enable us to *warrant* them with perfect safety. Notwithstanding there are numerous Machines used in this county, it is a well known fact that they are too liable to become injured and broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced Farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

They would also call the attention of the public to their extensive assortment of

PLOUGHS,

Plough Castings—Mill Castings, &c.

Their assortment of Ploughs embraces a great variety, viz:

WINAN's Self Sharpener,	BEACH Improved,
DAVIS, - - -	BERNARD, - - -
SINCLARE & MOORE,	COULTER, - -
CHENOWITH, -	WILEY, - -
BEACH, - -	Patent CYCLOIDAL Plough,

The merits of most of the above Ploughs are already well known; but the Wiley and Patent Cycloidal have been recently introduced by us on this Shore as a valuable acquisition to the Farmer. The Patent Cycloidal, in 1842, took the first premium at the Agricultural Exhibition, near Govanstown, Baltimore county, Md., over numerous competitors, comprising some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best timber, and warranted to run well. We are also prepared to do

CASTINGS & WROUGHT WORK

of every description at the shortest notice, and at city prices. We respectfully solicit the patronage of the public and invite them to an examination of our stock.

HUSSEY & HOPKINS.

N. B.—Persons having machines to repair will please bring them in as early in the spring as possible, so as to give full time to do the work in a proper manner. H. & H.

Notice.

THE late Sheriff & Collector, John H. Hodson, Esq., having transferred to my books all the accounts due him in Cambridge District, I hereby give notice that I shall proceed without delay to close up his business in said district. All those indebted to him for officers fees, county charges, or direct taxes, having frequently been requested to settle the same, are now informed that the time for all indulgence is past and that those who do not come forward and settle without any further notice will find themselves very disagreeably situated. It is very unpleasant to the Sheriff as his long forbearance has shown, but self preservation is the first law of nature. So I tell you tax-payers, look out for yourselves.

A FARM FOR SALE.

THE subscriber offers for sale the farm in Town Point neck, on which Luther Bain now resides. This farm is well located on Fishing creek and contains about 137 acres of land. The buildings are pretty good, and the farm itself is capable of a very high state of improvement at small cost; about one half of the cleared land (say 50 acres) is already limed, and there are abundant resources of bank shells and other means of improvement on the premises, and with a proper system of cultivation and a small expenditure of labour, it could, in a short time, be made very productive, and would yield a handsome interest on the investment.—The terms will be made easy, and a long credit, if desired, will be given upon the purchase money, provided the interest is punctually paid. Mr. Bain will shew the premises to any person wishing to view them, and for terms apply to the subscriber, or in his abscence to N. L. Goldsborough Esq., in Cambridge.

BELLEFIELD.

THE subscriber will offer for sale, on *MONDAY the 3rd day of JUNE* next, between the hours of 10 & 12 o'clock, A. M., on Parvin's Green, that beautiful little farm "BELLEFIELD," adjoining the town of Cambridge, containing 14 1-2 acres of land, highly improved. This property has been undergoing a general repair, and with very little more expence can be put in a good condition for the reception of a family of any ordinary size. The house is large and commodious, and to any person wishing to reside convenient to the capital of the county, where every luxury and convenience calculated to render life desirable may be obtained, there is no place in our county to its size offers greater inducements—and to gentlemen desirous of educating their children under their immediate inspection, the advantages are very great; there being several Male and Female Schools in the town of first reputation. The terms will be one-fourth cash, the balance in two equal instalments of one and two years, bearing interest from date, with approved security.

A. C. THOMPSON.

May 4, 1844 ts

The above sale is postponed until further notice.

LAND FOR SALE.

THE subscriber will sell at private sale that tract of land called "Bachelor's Forest," purchased by Camillus Kidder from the heirs of Lot Warfield. The above land lies in Vienna district, and joins Thomas Hodson's land on one side and Alexander Sherman's on the other, fronting on the road from Vienna to New Market, being covered or nearly so with white and red oak timber.

The low price at which it will be disposed of, (it is believed,) offers a safe investment to any person who is desirous of investing money in lands. The terms of payment will be liberal to a responsible purchaser, and the present owners will not object to taking a bay vessel in payment. HANCE'S SARSAPARILLA, VEGETABLE, OR BLOOD PILLS, for the promotion of Health and the purification of the Blood.

WHAT IS LIFE?—THE BLOOD.

When the blood becomes impure or imperfectly circulated, it gives rise to the following diseases.

LIVER COMPLAINT,

When the blood (in an impure state,) in traversing the body deposites its impurities on the liver, it gives rise to liver complaint, the principal symptoms of which are a bilious hue of the skin,—with dull, heavy, and wandering pains about the right side, shoulder & back; by a loss of appetite, indigestion, occasional fevers, difficulty of breathing, extreme debility, and many times with a *cough*, resembling *consumption*. This disease has long been amongst the most uncertain objects of medical skill, and, being nearly allied to pulmonary consumption, is very difficult of cure; owing also to the uncertainty which attends the use of medicines in this disease, it is generally allowed to take its own course unmolested. A few boxes of

HANCE'S SARSAPARILLA PILLS,

taken to purify the blood and purge away the impurities, will in all cases give immediate relief.

CUTANEOUS DISEASES.

By the term is meant diseases of the skin, which always arise from some derangement of the blood, thereby causing eruptions, pimples, blotches, and excessive heat of the blood, accompanied by a violent heating of the skin.

HANCE'S SARSAPARILLA PILLS,

If taken according to the directions for purifying the blood, will effect a cure in a very short time.

SINGING IN THE EARS.

When impurities from the blood become deposited on the drum of the ear, it causes a peculiar sound in the head, commonly known as "singing in the ears;" a few boxes of

HANCE'S SARSAPARILLA PILLS,

will cure the most obstinate cases.

DIMNESS OF VISION OR SIGHT

Is occasioned by the impurities existing in the blood becoming deposited around the eyeballs.

HEADACH AND SINGING OF THE HEAD,

These diseases are caused by impure depositions of the blood settling on the brain.

HANCE'S SARSAPARILLA PILLS

will in all cases effect a radical cure.

In purchasing these pills, let me add ONE WORD OF CAUTION, always ask for HANCE'S PILLS, and purchase of none but those advertised as agents, and if convenient, call and see the proprietor himself. Price 25 cts. per box for Hance's Genuine Pills. For sale by SETH S. HANCE, corner of *Charles and Pratt sts.*, and by

HANCE'S COMPOUND SYRUP OF HOARHOUND,

FOR THE CURE OF

Coughs, Colds, Consumptions, Bronchitis, Asthma, Spitting of Blood, Pain and Oppression of the Breast, and all Diseases arising from a Disordered condition of the Lungs.

Perhaps there is no Medical Observation better established, and none more generally confirmed by experience of the best Physicians of all ages in all countries, than the Fact, that many of the most difficult and incurable Consumptions originate in neglected colds. In a climate so variable as ours, where the changes of weather are frequently sudden and unexpected, it requires more care and attention to guard against this dangerous enemy to human life, than most persons are able and willing to bestow. The bills of mortality exhibit the alarming and melancholly fact, that the number of deaths by this disease are as five to one. Inasmuch then as this fatal disease is increasing, and spreading so widely and fearfully, and bidding defiance often to the combined skill of the most eminent physicians, it is a gratification to the subscriber to be enabled to offer to all of consumptive habits, or those afflicted with distressing pains in the side or breast, or any affection of the breast or lungs, a reasonable and almost certain prospect of relief.

The Compound Syrup of Hoarhound

Is a medicine suitable to persons of all ages and sexes; and if taken on the appearance of the first symptoms, which are a *cough or pain in the breast*, will, in nine cases out of ten, afford relief, and effect a speedy cure.

CONSUMPTION.

Consumption is one of the most common and fatal diseases. Its fatality is owing in a great degree to the inattention with which its first symptoms are regarded, and in part to not understanding the nature of those symptoms and the best remedy for them. Experience and observation have proved that those complaints which usually terminate in consumption, might in very many cases be removed by early and proper attention. Thousands of lives, some of them highly valuable and useful to society, might be saved, the decrees of Providence permitting, if the first approaches of consumption were correctly understood and judiciously treated.—Drs. Arbuthnot, Buchan, and others reckon one-tenth of the whole number of deaths in Great Britain to be from Consumption; or about fifty-five thousand annually. In the cold and variable climate of the United States the amount is quite as great.

CONSUMTIVE SYMTOMS.

The inflammatory stage of this disease is generally indicated by alternate changes in the temperature of the body, attended with lowness of spirits, change of the voice, salish taste in the mouth, pain in the breast and side, and a dry cough. At the affected part of the lungs a weight is experienced, with loss of appetite and occasional spitting and vomiting of florid and frothy blood. After some time the matter expectorated is of different colors, sometimes attended with a disagreeable and offensive smell. The hectic fever increases, attended with burning in the hands and lower parts; the body begins to fall away and grow cold; the tongue sometime is studded with small ulcers, a fixed red color on the cheeks will be observable after meals, the body becomes dry, the eyes sink deep within their cavities, contraction is felt at the pit of the stomach, and the whole functions of the animal economy grow languid, and are unable to perform their proper offices, and the patient pays the debt of nature.

The Compound Syrup of Hoarhound is a medicine suitable to persons of all ages and sexes, and if taken on the appearance of the first symptoms, will in nine cases out of ten afford relief and effect a speedy cure.

CERTIFICATE.

Mrs. William's, of Petersburg, Va., caught a very severe cold last fall, and thinking it would wear off in course of time itself, neglected it to a very great extent. Finding, however, it did not leave her, she then tried various remedies, some of which subdued the cough in a measure, but none effectually cured it.

About a month ago, her husband thought she had better try a change of air, so she came to Baltimore, where she first became acquainted with the *Compound Syrup of Hoarhound*; the first bottle produced such relief that before she had finished it she determined to purchase two bottles and return home.

Price 50 cents per bottle, prepared and sold by SETH S. HANCE, corner of Charles and Pratt sts., Baltimore, and by

THOS. M. FLINT, *Cambridge.*

THE GREAT PHILADELPHIA

SATURDAY COURIER.

Founded in 1830—Circulation 40,000 weekly.

The proprietors of this *universal family journal* appeal with confidence to the decision of those who are able to judge, whether the enlarged and beautiful SATURDAY COURIER is not the best, the largest and *cheapest family newspaper in the world.* A darling object with the editors of the Saturday Courier, is to make their journal an indispensable companion to the family circle. It was the first to eschew all indelicate advertisements, and avoid giving the sickening and corrupting details of crime. Its ample columns are free from sectarian influences or party bias, and all matters proper for domestic inspection or attention are discussed in a chaste, dignified and common-sense manner. Its literary department is managed with an especial view to the enlightment, improvement and amusement of its readers. The current volume presents greater claims upon the public than any which has preceded it. An extra outlay of between three and four thousand dollars has been made, in order to have it properly issued. The form is larger, the paper finer and whiter, the type new and splendid throughout, the embellishments spirited and expensive, and the list of regular and occasional contributors embraces all the popular talent of the day. Among other improvements for the future is

The National Portrait Gallery.

Under this head we are giving engravings of the distinguished Naval and Military Commanders, and other eminent individuals of our country, accompanied with interesting Biographies. In addition to these, and alternating therewith, is a GALLERY OF ART which embraces the gems of the European and Native Painters, and presents a feature as novel as it is acceptable and interesting to all classes of society.

The Literary Department has received important additions, both in number and quality, and the proprietors have the satisfaction of one or more articles weekly, by that most popular tale writer of the day, T. S. ARTHUR, Esq. His series of inimitable Domestic Tales will be continued and alternated with a series of original American Tales by HENRY W. HERBERT, Esq. A series of original Irish Tales, by Dr. JAMES M'HENRY, and Tales, Narratives, Essays, and Biographies, by Mrs C. LEE HENTZ, PROFESSOR INGRAHAM and JOHN FROST, A. M., and most of the popular writers of the day.

THE TRAVELLER.—In this department constantly appear Original Letters from our especial correspondents in England, France, Ireland, and Germany.

TO FARMERS, GARDENERS, ETC.—Our increased size gives us much more space to indulge in our favorite subject of tilling the bounteous earth and especial attention will be paid to Agriculture Horticulture, Floriculture, and the culture of every thing calculated to improve and benefit mankind, and make them independent of foreign monopolists, pernicious legislation &c.

FOREIGN LITERATURE AND NEWS.—As heretofore, we maintain arrangements to receive all the magazines and papers of interest published in England and on the Continent, the news and gems of which are immediately transferred to our columns, thus giving to *Emigrants*, as well as others a correct and connected account of whatever occurs of interest, either at home or abroad.

THE MARKETS.—Particular care is taken to procure the earliest advices in reference to the prices of all kinds of Grain, Provisions, Produce, &c., the state of Stocks, Banks, Money and Lands, and our extensive arrangements will hereafter render our Prices Current of inestimable value to the Traveller, Farmer, and all Business Classes whatsoever.

TO SUBSCRIBERS.

COLLECTOR'S NOTICE.

I hereby notify all whom it may concern, that after the first day of January 1844, interest will be charged upon all accounts of county charge, direct tax, or officer's fees due for the year 1843. Persons having money by them would save the interest by promptly paying their accounts. I have heretofore urged upon the people the propriety and even necessity of an early settlement of their taxes. Upon this subject I have no discretion. The law has prescribed the days that I must settle with the Treasurer of Maryland, and if I fail to comply with the terms of the law, my bond may be put in suit. I regret very much that I have been disappointed in the effects of the different appeals I have made to the people upon this subject, and hope that they will no longer delay in calling promptly upon me, & settling their taxes. Such a course would afford no great satisfaction, and prevent a deal of trouble both to themselves & to me. Bear it always in mind that the taxes must be paid, and that if they are not paid voluntarily, the strong arm of the law will have to coerce payment.
