HUNT'S LINIMENT, the great *EXTERNAL REMEDY*, manufactured by GEO. E. STANTON, Sing Sing.

☞Read what *it has* done, and what it invariably *will do*.

A FELON CURED and a severe burn with Hot Tallow healed without a scar, by the use of this great remedy.

SHANDAKEN, Ulster Co., N. Y., July 23, 1846.

Mr. Geo. E. Stanton—Sir: I take pleasure in stating that your Liniment has proved very beneficial in our neighborhood. It has cured several severe cases of Rheumatism, and has been found relief for pain in the limbs, bruises, sores, and tooth ache. In my own family I find it very efficacious. I had a felon coming on my finger which was very painful, and by bathing it frequently during 12 hours it was entirely cured. I burned my hand with hot tallow and immediately applying cotton dipped in your Liniment the pain ceased and it did not even blister.—Mrs B. also scalded her hand severely which was cured in a few hours, by keeping cotton on steeped in the Liniment. I think it the best medicine I have ever used in the family, and I sell a great quantity of it.

Yours respectfully, MILO BARBER.

A case of *RHEUMATIC GOUT* entirely cured by the application of this wonderful-medicine. NEW YORK, May, 17 1846.

G. E. Stanton—Sir: I have been attacked several times within a few years with a severe pain attended with great inflamation in my foot and great toe, and have been laid np from 4 to 6 weeks at each time, not being able to bear any weight on my foot. On the 29th of April, I left N. York for Danbury, Ct, when I again was attacked with this complaint; for three successive days and nights I could not close my eyes for pain. At the suggestion of some person in the house I sent to Dr. Stevens for a bottle of your Hunt's Liniment. I applied it with a flannel cloth, and in 15 minutes I was entirely relieved and had a good night's rest. I was enabled to attend to my business the next day and have not been troubled since, although the nature of my business is such as to keep me on my feet all day. I consider it a most valuable medicine, and would not be without it.

Yours, &c.,

SHERWOOD OSBORN, 96 Orchard-st.

KINDERHOOK, May 2, 1846.

Dear Sir:—I hear great accounts of your Liniment. I have used it myself for a lame back with great effect, giving immediate relief.

Yours respectfully,

P. VAN SCHAACK.

Remember this Liniment is sold at the extraordinary low price of 25 cents a bottle.—Who would hesitate when certain relief is to be had for so small a sum?

HANCE'S SARSAPARILLA VEGETABLE OR BLOOD PILLS.

FOR PURIFYING THE BLOOD!

BALTIMORE, July 29, 1843.

This is to certify, that I was afflicted with a violent pain in the breast and right arm, which I suppose proceeded from the impure state of my blood. I was recommended to take *Hance's Sarsaparilla or Blood Pills*, and after taking one box, the pain was entirely removed from my breast and arm. I found them extremely gentle in their operation, and would recommend them to every person in want of a mild purgative.

THE *NIAGARA SHOWER-BATH an entirely new article for SHOWER BATHING, With Cold or Warm Water.*

☞*This Bath took the Premium at the Fair of the Franklin Insitute Philadelphia Oct.* 1848, *the only Bath that ever took a premium at that Institute. And also, took the first Premium at the Fair of the Maryland Institute, Baltimore Nov.* 1847.

A great and important improvement is made in this Shower Bath over all others, by throwing the water immediately on the body without wetting the head, unless at the will or pleasure of the bather; but a greater point is gained by being enabled to bathe with warm water, which no other Shower Bath is adapted to—and most important of all, the Bath can be medicated without injury to the hair.

Many persons cannot take a cold bath—their case is met in this, as they can regulate the temperature of the water to suit their wish and commence bathing at any season of the year without any unpleasant result. Ladies can have the advantage of bathing without wetting the head or covering the same.

The arrangements are simple and complete, and not liable to get out of order. The Bath can be adjusted to suit any heigth, from a small child to the tallest person. When the door is closed, the fixtures are hid and the outside appearance is that of a neat piece of furniture.

They have received the approbation of several medical gentlemen—others are requested to call and examine them.

BATHING.—Read What Armstrong says:

Do not omit, ye who would health secure,
The daily fresh ablution, that shall clear
The sluices of the skin; enough to keep
The body sacred from indecent soil,
Still to be pure, even if it did not conduce
(As much as it does) to health, very great worth,
Your daily pains: 'tis this adorns the rich;
The want of this is poverty's worst foe.

Just Received.

THE undersigned most respectfully informs his friends and patrons, that he still continues to conduct the **Tailoring Business** at his old stand on main street, nearly opposite the store of o. P. HOOPER esq.

Thankful for past favours, he hopes by punctuality and strict attention to business to merit a continuance of the same.

He flatters himself that his long and unrivaled experience in his profession, will enable him to consult the taste of his patrons in regard to the style of their garments, avoiding the extreme of fashion when they desire it, as he is well aware that there are many who wish, that in their dress they may not attract attention by being either in the heighth of fashion, nor yet very far behind it.

The undersigned deems it hardly necessary to re-assure his friends and the public, that the utmost confidence may be had in the accuracy of fit, and superiority in manufacture in his establishment.

He would also inform them that he has reduced his prices; having determined to manufacture garments on the following terms for cash or to punctual customers on short credit. Dress and frock coats $5.00, pants and vests from 1 to $1.25, sack coats from $2 to 3.50, and all other garments in his line in the same proportion.

FEVER AND AGUE. Fever is always caused by a disorderly movement of the blood, struggling to free itself of something that incommodes it; in fact, every kind of fever is nothing more than a struggle between the blood and corrupt humors, and as soon as the corrupt humors are expelled, you have no more fever.—When the patient with fever submits to be bled, or have his blood poisoned with *Mercury*, it weakens his frame to such a degree, that if he survives the process, it always leaves him subject to distressing chills, when nine times out of ten, he resorts to *Ague Pills, Powders* or *Tonic Mixtures;* this is going from bad to worse, as these vegetable pills, powders, &c., are nothing but *mercury* and *quinine* in disguise, which may for a time drive the disease so far into the body as not to be perceptible, but very soon it will break out again with fearful violence. To cure AGUE and FEVER, the cause of the disease must be removed out of the *blood* and *body*, which can be effectually done by using *Dr. Sweetser's Panacea*, which purifies, cleanses and strengthens. It contains nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

Dr. Martin's Compound Syrup of Wild Cherry and Sarsaparilla.

THE Wild Cherry and Sarsaparilla, which are the basis of this preparation, have been long known and celebrated in Consumption and Scrofula, Coughs, Colds, Spitting of Blood, &c. The Boonsborough Odd Fellow, Washington county, Md., of Jan. 6th 1848, says of it,

"A SOVEREIGN BALM.—We are not in the habit of puffing medicines, but having tested the virtue of Dr. Martin's Syrup of Wild Cherry, we must, in justice to him and the public, say that it has proved a medicine worthy of the confidence of those afflicted with Coughs, Colds, Asthma, Whooping cough, and that fell destroyer, Consumption. It had performed several important cures in this neighborhood, (certificates of which we will publish shortly) among which was the wife of the editor of this paper, who had been laboring under a serious cold for some three years, accompanied with a bad cough, and which was evidently rapidly verging into consumption. One Bottle and a half wrought a sound cure. Such a medicine is worthy of all commendation Those laboring under attacks, like stated above, should not delay its immediate use. Read the following:

November 18th, 1848.

Dear Sir: I take great pleasure in saying to you that Mrs. Ross has been entirely relieved from her cough by the use of your Syrup of Wild Cherry. It had continued for fully eighteen months. She had used several preparations of the wild Cherry now in popular use, but not with the slightest benefit; until she took your's. She only took six bottles, and I am pleased to say she is now in good health. Every one who saw Mrs. Ross thought her in a deep decline. LEWIS P. ROSS,

National Tonic.

A CERTAIN CURE FOR

Ague and Fever, and Dyspepsia.

IN our widely extended country, there are no diseases that create so much distress as *Intermittent* and *Remittent Fevers.* It has been our particular study to find out some remedy to stop that truly distressing scourge, and think, by this scientific compound, we have effected this great object. It is also, we think, the very best remedy, in *Dyspepsia*, and if our directions are followed, will not fail to effect a cure. Get the Pamphlet from one of the Agents, (and you can obtain it *gratis*,) and we think you will be convinced we are right. Read the following from a highly responsible source.

CHURCH TOWN, Cumberland co., Pa.

November 3rd, 1847.

MESSRS. MARTIN & WHITELEY:

Gentlemen—I have used your preparation called Fever and Ague Tonic, for the cure of Dyspepsia, and am happy to inform you that it has cured me of the most obstinate and inveterate case of Dyspepsia. I therefore recommend it to all similarly afflicted.

Yours, CARY W. AHL.

DR. MARTIN'S UNIVERSAL

Purgative Pills.

A REMEDY for all seasons, and safe at all times. The most superficial observer is aware that one great cause of disease is *Costiveness*, and that by the timely taking of a *Purgative* the system is often restored to its accustomed energy. By such a course the lives of hundreds are saved, who would otherwise have fallen victims to disease. These Pills speedily remove all matters contained in the bowels, and excite the Biliacy function to a healthy action. We think we are doing a public good in offering these pills to the Public, especially as the press is teeming with the recommendation of Purgative pills, which have been gotten up by men who know nothing of the effects of medicines on the human system, thereby endangering the lives of thousands who are daily using them—See the Pamphlets and the certificates, among them those from medical men of standing.

THE GREATEST MEDICINE OF THE AGE!

STANTON'S EXTERNAL REMEDY,

HUNT'S LINIMENT.

All should use this POWERFUL yet PERFECTLY HARMLESS preparation. Read what the Bay State says:

A Scrofulous Affection of the knee joint, which caused severe lameness, attended with great pain made whole by the use of your great remedy.

ROCKBOTTOM, Middlesex Co., Mass; April 17, 1847.

George E. Stanton—Sir: I have long been afflicted with a scrofulous affection of the knee joint, which made very lame, and was attended with great pain. I never found relief from any application, until I applied your Hunt's Liniment, I was relieved immediately and am now quite well.—

Yours, &c, JOSIAH CURTIS.

☞I am personally acquainted with Mr. Curtis, and cheerfully bear testimony to the cure of Mr. Curtis as well as to the astonishing healing properties of Hunt's Liniment. FRANKLIN RICE,

WEYMOUTH LANDING, Mass. May 7, 1847.

This is to certify that my daughter, Caroline, having sprained her ankle, was attended by one of the best Physicians in this section of the country for over three weeks, without any visible relief. I was induced by the recommendations of the Agent to try a bottle of Hunt's Liniment. The relief was immediate, and I would cheerfully recommend it to the patronage of the public.

ELI THAYER.

For the following diseases Hunt's Liniment is a certain, safe, and very speedy cure: Spinal Affections, Rheumatism, Paralysis and all Nervous Affections, Contractions of the Muscles, Sore Throat and Quincy, Issues, Old Ulcers, Pains in the Back and Chest, Ague in the Breast and Face, Tooth-ache Sprains, Bruises, Salt Rheum, Burns, Croup, Frosted feet, Corns, Bunyons, Fresh wounds, Swellings & Bruises, Scrofulous Affections, Musquito Bites and Poisons.
