Seaford, Del., Aug. 29—W. F. Alen, of Seaford, has sent the President and Mrs. Coolidge a basket of peaches raised on his farm, considered to be the largest ever grown in this locality. The fruit was so large a bushel basket only held 28.

The variety has not been named, but it is hinted may be given the title of the Coolidge peach, is grown exclusively by Mr. Allen, the result of experiments over several years The President has acknowledged receipt of the gift.

Oxford, Md., Aug. 28—Mrs. Eva Frances Crosby, 73, well known as the proprietress of a carousel which traveled through the Eastern Shore some years ago, died suddenly here Tuesday morning. Funeral services were conducted by Dr. George C. Sutton. Her son, Fred Crosby, and a brother, W. J. Parker, survive.

Eastern Shore Happenings

Charged by E. Austin Baughman, Commissioner of Motor Vehicles, with the theft of 2 automobiles and other irregularities incidental to the changing of titles, etc., Carroll Ray Phillips, an inspector for the Maryland State Police and a native of Wicomico county, is being held under bond for a trial in Baltimore.

Phillips, who was born near Quantico, and married for his second wife, a school mistress of that town, is said to have confessed to the crimes and attributes hsi acts to his wife's illness and the need of money as a consequence.

The former state policeman is said to have changed the titles on each of the cars using his official position as a means of altering the records in the Baltimore office. It is said the cars were titled in the name of E. R. Bounds, Hebron. The machines were owned by John Huntley, Woonsocket, R. I., and Clem Bennett, Sharptown, the former having been taken from in front of a house in Baltimore. One of the cars, it is said, had been disposed of for several hundred dollars.

That the passing of bad checks is not a profitable business was demonstrated last week, when Thomas R. Knowles, of Blades, was taken before Magistrate Tull, of Laurel, and compelled to pay all expenses and costs in addition to making his check good. About two weeks ago Knowles made a 45 cent purchase at the hardware store of Walter T. Smith, Laurel, and gave a check for $10, getting the ballance in cash. In a few days the check was returned, marked no funds. Knowles was given two weeks to make the check good. At the end of that time Smith swore out a warrant and Knowles was arrested and taken to Laurel by the State highway police.

At the trial, Knowles was notified that Smith was willing to withdraw his charges provided he (Knowles) would pay all expenses and costs of the trial and make the check good. This was done at once and he was allowed to go.

Wilmington, Del., Aug. 22—Governor Robinson approved the action of the State Board of Agriculture in placing an embargo on all peaches being shipped to or from this state until they are passed upon by Federal or State inspectors. The drastic action of the State Board was taken following discovery of 40 beetles at Milford yesterday. This is the first time the Japanese beetle has been reported south of St. Georges and the embargo placed makes the entire state a quarantined area on peaches.

Imbibing too freely of "hooch" which was evidently manufactured within the vicinity of Bethany Beach, came near causing a riot on the boardwalk at the beach late last Saturday night and as a result of the trouble, Officer A. B. Wardle, who a few weeks ago was employed by the Bethany Beach authorities upon his resignation as one of the members of the Delaware State police force, is in the Milford Emergency Hospital suffering from various cuts on the body and a stab wound in the back just over one of his kidneys.

At the meeting of the Kent County Board of Education, Friday, a decision was rendered in the Strang case.

The Board was unanimous that Prof. Strang was not guilty.

President Harry Davis and Robert R. Hill united in an opinion the Prof. Strang's resignation should be demanded. Commissioner C. R. Skirven would not vote to demand his resignation.

The following is the opinion of the Board:

Our opinion and decision of the trial of W. A. P. Strang before the Board of Education on August 19th, 1925.

The charges against Mr. Strang have not been proven, therefore, he is not guilty. But seeing the immense gathering of people from Rock Hall and to our mind about equally divided for and against Mr. Strang and the feeling at times seemed to be very bitter on both sides.

We believe for the best interests of the school and community that Mr. Strang's usefulness as a high school teacher at Rock Hall has come to an end, therefore in our judgment the Board of Education should demand the resignation of Mr. Strang forthwith.

An anonymous communication to Sheriff T. Frank Seward, revealing the information that a watch had been buried in the front lawn of the McKenney home, on Commerce street, Centreville, resulted in the recovery of the time-piece Friday morning by the county official.

Sheriff Seward received an unsigned letter Thursday night, stating that the writer had seen three boys enter the McKenney lawn, and after cautiously scanning the streets to be sure they were not watched, had dug a pit near a cedar tree in the centre of the grounds. The writer related that the boys then buried and covered the watch, hastily making their escape.

By sun-rise Friday morning Sheriff Seward was on the job. As the adventurers of old sought the hidden treasure of the Spanish main buccaneers, so Sheriff Seward searched energetically for the mysterious watch. And finally his efforts were rewarded. In the exact spot described in the letter, the time-piece was recovered.

Efforts were made to learn the name of the owner, or to obtain information concerning the identity of the boys who had hidden it, had not been successful. Probably it will be claimed some time. It would be of no earthly use to anyone except the original owner, for he probably has the works, hands and other dispensible machinery of a watch. Only the case was buried. And originally it was a one dollar Ingersoll.

In the meantime Sheriff Seward is trying to figure out whether he was hoaxed by the writer, of whether the writer was hoaxed by the boys.

Georgetown, Del., Aug 28—Age proved no barrier to the marriage of Mrs. Annie E. Connor, of Frederica, Kent county, and Daniel H. Clark, of Philadelphia, and they were wedded by the Rev. Samuel C. Welsh, of the First Baptist church, Milford.

The bride a few years ago was selected by Governor Ritchie to represent Maryland at the Cotton Exibition in Texas. The groom is counsel for the County Comissioners and has run for State's Attorney for Talbot county. The bride was given away by her father. She had no attendants, illness in the family requiring the ceremony to be as simple as possible. The couple left for an extended trip through Canada.

Mr. McMaster was assisting in carrying the ice to his refrigerator when it slipped from the tongs.

To Parents

If there is any doubt in your mind regarding the perfect vision of your child you should take immediate action for a thorough and complete examination.

You do your child an injustice in starting a long school term when vision is impaired. It is a handicap for the child. If you expect your child to bring home a good card every month—then give that child an equal chance.

Quite often a slight defect in vision can be overcome by taking a step in time. If in doubt—bring in your child this week for an examination. If glasses are not needed, we will be happy to tell you so.

Hall's Catarrh Medicine

Those who are in a "run-down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

School Days!
Is your boy's eyesight normal?

Bob's parents knew the tremendous importance of normal eyesight to children. So they had Bob's eyes examined. The slight defect revealed was corrected easily (and in time), by the eyeglasses prescribed.

Hence Bob's quick answer—his better report cards.

Wellsworth Windsor spectacles are sturdy and good looking.
