MORALS RELIGION AND COMMON SENSE

A man's popularity is genuine when it is due to the fact that he isn't aware of it.

A pessimist is an individual who blows out the light to see how dark it is.

Things begun in prayer, end in power.

All the time any one has is just so much as he uses.

The state that tolerates disrespect for any law, breeds defiance for all law.

Opportunity never knocks at the door of a knocker.

When you trip up, fall forward and get up further along.

To be ignorant of what happened before you were born is to remain forever a child.

Life is not a goblet to be drained, it is a measure to be filled.

All people make mistakes, that is why erasers were put on lead pencils.

Habit is either a friend or an enemy .

If you see good in everybody, everybody will see good in you.

Every man should keep a fair sized cemetery in which to bury the faults of his friends.

Eastern Shore Happenings

Georgetown, Del., Feb. 28—Arrangements are being made to have George W. Cooke, an evangelist, who last year conducted a successful series of meetings in Laurel, resulting in about 400 conversions, to conduct a series in Wesley Methodist Episcopal church this city from March 31 to April 18, inclusive.

The reputation of Mr. Cooke is so widespread on the Delmarva peninsula that hundreds of people are expected to nightly attend the meetings when he comes here.

* * *

Princess Anne, Feb. 27—Electric service on the 22-mile route from Princess Anne to Deals Island will soon be established by two electric companies following the granting of franchises from the Board of County Commissioners for the construction of pole line, it was learned yesterday.

* * *

Easton, Feb. 28—The Early Tomato Growers' Association held a meeting in the court house here and made arrangements for growing plants for the coming season.

For the past two years early tomato growers have been handicapped by not having the plants arrive at the proper time. This season they are going to raise their own plants in Talbot county.

At the meeting 37 acres were signed up. This number will be increased to not more than 50 acres. While not wanting to bar any grower from the chance to raise early tomatoes, the organization is trying to select those growers who by careful selection in picking and proper growing methods may show just what the industry can accomplish.

For two years past the association has grown early fruit with marked success. In spite of this, some growers met with reverses due to no cause of their own.

* * *

Plenty of Thrills Were Frnished

Wednesday by several famous packs of hounds from the Corsica Neck and Centreville sections, and one of the noted foxes of this famous hunting ground in one of the biggest and most enjoyable for hunts ever staged in Queen Anne's county .

The hunt was started at "Recovery" one of the Pioneer Point farms, owned by Mrs. J. J. Raskob of Wilmington, and Sir Reynard led the huntsmen a merry chase over the more than eleven hundred acres of this beautiful estate including "Recovery", Thornton" and "Winton", and also over the Ruth farm of A. Sydney Gadd.

The trail was struck at 10:45 o'clock and the chase was kept up incessantly for five hours and thirty-five minutes. At 4:20 p. m. the hounds were broken and the chase ended. Many of the huntsmen stated that the fox was in full view of the huntsmen no less than twenty-five times and always closely pursued by the fleet legged dogs.

* * *

Plans that will eventually make Crumpton the centre of the most important shad hatcheries along the Eastern coast, were completed last week by Capt. G. W. Parks, fish culturist of Maryland.

Under the direction of Conservation Commissioner Swepson Earle, Capt. Parks has finished placing the Crumpton hatchery in condition to hatch over 5,000,000 shad this season. He states that the plant will be in operation on March 15 and continue as long as roe is procurable.

Comparatively few Queen Anne's countians, aside from those who reside in the immediate territory, are familiar with the scope of hatching operations in Chester river, at Crumpton.

In 1925 the Crumpton hatchery released 2,600,000 "fingerling" shad. The hatchery also put in the water 25,000,000 tiny white perch and 50,000,000 yellow perch. To procure the roe small boats from the hatchery visit fishermen on the Chester river and purchase the roe, leaving the fish to be sent to market.

Plans to increase the hatching capacity of the Crumpton plant to practically double its present [illegible] means additional activities in this neighborhood for several years.

* * *

Chestertown, March 1—The home of Wright Dill, in Hanesville, 4 miles from here, was destroyed by fire caused from a defective flue yesterday evening, together with most of the contents, causing an estimated loss of $3,000, with partial insurance. Mr. and Mrs. Dill were visiting neighbors and knew nothing of it until Dill noticed flames breaking through the roof. The place was in ruins by the time the Chestertown Fire Company arrived.

Dill, a dealer in antiques, lost a valuable lot of furniture and glassware. The house belonged to Edward Jewell, of Baltimore, who carried insurance of $1,000. The contents were only partially insured.

* * *

Salisbury, March 1—Hooper S. Miles and David J. Ward, prominent in Democratic circles in Wicomico county, today announced their candidacy for the party's nomination to the state senate. The post is now held by Senator E. Dale Adkins, Republican, of Salisbury.

* * *

Seaford, March 1—Fire today destroyed a dwelling on the farm of former Levy Court Commissioner Andrew J. Dolby, on the Seaford-Bridgeville road, occupied by Kemp Collins, causing a loss of about $1,200, on which there was a small insurance.

Collins saved practically all his household effects. The Seaford firemen were called and, while hampered by an inadequate water supply, prevented the flames from spreading to the outbuildings. The fire originated from a defective flue.

* * *

Dover, Del., March 1.—A systematic method of marketing, adoption of business methods and closer cooperation among growers will be among the topics of discussion at a meeting of the Kent county Grape Growers' Association here Wednesday. The meeting will be held in the offices of the Delaware State Farm Bureau at the Capitol Hotel building.

* * *

Seafrod, Del., March 1.—Mayor C. E. Hastings was reelected for a term of one year at the municipal balloting here today, and Ira Wright, young business man, was named Councilman for a three-year term.

* * *

Dover, Del., Feb. 26—Bound with heavy rope, Cecil Miller, 20, was found last night in an unconscious condition in the kitchen of the parsonage of the Rev. Martin Bailey, of St. Paul's M. E. church, where she is employed as a domestic. The girl had been bound by an unknown man, who demanded to know where the church money was hidden.

The pastor and his family were at services in the church.

She screamed, but her cries could not be heard above singing in the church next door. It is believed the robber knew a conference collection had been taken in the church the night before. This money had been placed in bank.

After making a search, the man took the girl's pocketbook and disappeared.

* * *

Seaford, Feb. 28—Two horses, two mules, a cow and chickens were burned to death today when fire destroyed the home and outbuildings on the farm of A. Zigfooble, near Chaplains M. E. church in Nanticoke Hundred. Farming machinery, two automobiles and practically all the household goods were also lost. The loss is estimated at $7,500. Zigfooble and two sons were burned on the hands.

The fire originated in a barn and spread to a large chicken house and the home. The Bridgeville firemen were called but were almst helpless owing to the scarcity of water, there being no way to connect up the engine. The firemen and neighbors saved [illegible] and managed to get the hogs out of their pens. The origin of the fire is unknown. There is no insurance.

Georgetown, Del., March 1.—Farmers in the eastern section of Sussex county are contracting with canners for growing tomatoes and lima beans the coming season. With favorable weather growers are expecting large crops of beans, because the acreage is going to be greater this season than it was two years ago.
