EDITORIAL NOTES.

With the close of the week the aspect of affairs between this country and Spain has grown much darker and more threatening. On Monday last the President sent to Congress the report of the Court of Inquiry, which was formed to investigate the destruction of the battleship Maine, in Havana harbor. This report was a very voluminous one. Perhaps all the facts which our Government will ever know concerning that sad catastrophe were narrated in it. After describing the wreck, a resume of the report says:

In the opinion of the Court, this effect could have been produced only by the explosion of a mine situated under the bottom of the ship at about frame No. 18, and somewhat on the port side of the ship.

The Court finds that the loss of the Maine, on the occasion named, was not in any respect due to fault or negligence on the part of any of the officers or members of the crew of said vessel.

In the opinion of the Court, the Maine was destroyed by the explosion of a submarine mine, which caused the partial explosion of two or more of her forward magazines.

The Court has been unable to obtain evidence fixing the responsibility for the destruction of the Maine upon any person or persons.

This with the growing belief that the Maine's dreadful mishap was the result of design on the part of Spanish officials has aroused public sentiment to the danger point, and restraint is with difficulty secured.

While it is now pretty well believed that the destruction of the American battleship Maine could only have been accomplished by Spanish connivance in Havana, matters, aside from this, are fast nearing a crisis, which may end in a clash of arms in the next few days. The people will not longer endure the inhumanity which is practiced in Cuba, and Spain has, it is stated on very high authority, been warned that the practical concession of the independence of Cuba can prevent United States intervention, and that nothing else can. This independence means the releasing of the province from all real Spanish authority, though still allowing the old country to name the governor, who, however, will have no oppressive authority. This is looked upon as America's last suggestion. If Spain rejects it then the dogs of war will be loosed, and the wrongs of many years will at last be righted, and the settlement in full of the Maine massacre will doubtless be demanded.

The question, "What ails the Church?" is going the rounds. We answer: "Nothing ails the Church;" but there are lots of people outwardly identified with the Church who misrepresent her life and character. The Church (we write it with a capital) is composed of converted, conscientious consecrated, self-denying, neighbor-loving people, and nothing "ails" such a Church. The other sort of folks are not the Church.—*Ex.*

The promoters of the gold mining industry in the Eighth district, known as the Cecil county "Klondike," are negotiating with Arthur Reynolds for the purchase of a portion of his farm. The syndicate desires to secure about forty acres of meadow land along the Octoraro for the purpose of erecting smelting works where the mineral taken from their property could be refined, instead of being sent to New Jersey, as at present.

Ex-Chancellor James L. Wolcott, of Delaware, died suddenly, of apoplexy, at his home, in Dover, last Wednesday night. He was in his usual health when he retired, and was dead when Mrs. Walcott went to his room the next morning. He was 57 years old.

The number of employes in or connected with the House of Delegates is double that of the session of 1894, when the Democrats were in control.

It is said that Caroline's quota of men now available as soldiers in case of war with Spain will be 2,035.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels. For sale by Hugh Duffey, Hillsboro; R. J. Colston, Ridgely; W. E. Brown, Denton.

For the benefit of persons desiring to visit Wilmington, the Pennsylvania Railroad Company (Philadelphia, Wilmington and Baltimore Railroad Company) will sell special excursion tickets on Wednesday, April, 6, from all stations on the Delaware Division south of Porter to Wilmington and return *at rate of a single fare for the round trip.* These tickets will be good going on regular trains on April 6th, and good returning on regular trains on April 6th or 7th.

Alexander Gadd, Guy Bryan, Chas. B. Furguson, of Chapel district, Talbot, and Lewis Whitehouse, of Easton, are all waiting at the same hotel in Seattle for the steamer to take them to St. Michaels, Alaska They expect to leave April 15th and reach Dawson City June 1st.

PHILADELPHIA, Monday, March 28, 1898.

PROFOUNDLY IMPORTANT TO BICYCLERS

Humber Bicycles Reduced

Last summer we contracted for the control of the Philadelphia, New York and Atlantic Coast territory for the sale of Humbers. In December last we approved of the '98 models, and the works at Westboro, Mass., have ever since been steadily turning out by hand-work the admittedly best bicycle built in any country. The price and the lowest that can be afforded for such high quality of carriage work was fixed at $100. We contracted to pay $500 as liquidation damages for every machine sold for less than $100. We have now delivered to us all contracted for of these splendid carriage-made and finished bicycles, save two or three hundred, all made to be sold at $100 and equal in all respects to the $115 standard of last year.

And Now This Has Happened

FIRST—The world is bigger and stronger than any two men who make contracts. It has knocked down the plans of bicycle makers and their prices. This year is not a $100 bicycle year.

SECOND—We kept the price to $100 until the other day, when we persuaded the makers to let us drop the profits this year. For three reasons:

(a) That they might keep the works going steadily.

(b) That the public might not lose confidence in safety of bicycles from the numberless machines on the market this season which have been made to fit a reduced selling price rather than match the old standard of quality.

(c) The Humber Company have discovered that the doing away of expensive stores, offices, advertising and traveling salesmen reduces the cost of producing the wheel and they can make just as much profit as formerly by selling through our houses at even lower prices.

THIRD—We were willing ourselves to drop almost all the profit this year to make a wider constituency for what is undoubtedly the finest wheel extant.

FOURTH—We now settle upon this new scale of prices for Humbers made to our order to fetch us $100. The price from now on of the

Humber Roadster is $73

An extra charge of $2 each will be made for brake, mud guard and chain guard.

FIFTH—Whoever has purchased a Humber of us at $100, please come back and get the refund of $27 on each Humber purchased at either of our stores.

SIXTH—This advertisement may be preserved as our agreement to protect our buyers on the prices the entire season, say to July 1.

SEVENTH—Our stock on hand, while it embraces all the sizes, will soon be scattered in New York and this city, and in a very short time those who want Humbers will not be able to get them without waiting.

EIGHTH—Telegraphic orders and orders by letters will be promptly filled in the order received, by setting aside the wheels, quality and finish being guaranteed in every particular.

The full list of prices follows:

HUMBER ROADSTER,	$73	HUMBER CHAINLESS,	$125
HUMBER TOURIST,	$75	HUMBER RACER,	$125
LADY HUMBER,	$79	DIAMOND FRAME TANDEMS,	$160

HUMBER COMBINATION TANDEM, $169

Falcon Bicyles at $22.50

Falcon Bicycles were sold by us, in Philadelphia and New York last August, at $26.50—the women's at $27.50.

The selling was very large. It was considered as an introduction sale—to popularize this long-known wheel that vast business this year would follow. And negotiations were looked forward to for making us exclusive handlers of the 1898 Falcons.

So promising was the outlook that, late in the fall, the company made us a thousand wheels with which to open the new year's selling.

It is these wheels that we offer now—though at much lower price than we or the company intended—because our completed plans for 1898 did not include the new model Falcons, which our experts reported were changed, though not improved.

These 1897 wheels were built of the very best materials—materials gathered for use when the Falcons were $75 wheels.

FALCONS, FOR MEN, 22, 24 AND 26 IN. FRAMES
FALCONS, FOR WOMEN, 20 AND 22 IN. FRAMES } $22.50

Enameled in black, maroon and green.

The wheels are sold under our usual broad guarantee.

JOHN WANAMAKER

Mrs. A. Inven. residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by Hugh Duffey, Hillsboro; R. J. Colston, Ridgely; W. E. Brown, Denton.

The Milwaukee Harvester Company announce that they have in stock, in Baltimore, Md., a full line of repairs for their *celebrated light-running Binders and Mowers.* Also that they have in the hands of their agents, Smith Bros., at Ridgely, Md., a larger line of repairs for these machines than is carried for any similar machines sold in the county, notwithstanding the statements of the agents of other machines, who have knowingly misrepresented them in this particular.

MILWAUKEE HARVESTER CO.

Two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; today Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by Hugh Duffey, Hillsboro; R. J. Colston, Ridgely; W. E. Brown, Denton.

TRUSTEE'S SALE

OF VALUABLE

REAL ESTATE,

SITUATED IN THE TOWN OF

Denton, Maryland.

UNDER AND BY VIRTUE OF A decree of the Circuit Court for Caroline county, sitting as a Court of Equity, passed on the 25th day of February, 1898, in a cause therein pending wherein George A. Deakyne and George M. Russum, trustees, were complainants, and Enoch George, infant, and others were respondents, the undersigned, as trustees, will sell by public auction in front of the Court House door, in the town of Denton, Md., on

SATURDAY, APRIL 9th, 1898,

between the hours of 2 and 5 o'clock, p. m., the following real estate, to wit:

All that Lot. Tract or Parcel of Land,

situate mostly in the town of Denton, Caroline County, and State of Maryland, on the East side of the County road and Fifth Street (or Horsey Ave.), leading from Main street of said town to Williston, Md., via J. W. Kerr's, and is the same tract or parcel of land whereon the late Wm. G. Horsey died, and which he devised to his daughter, the late Mrs. Dr. Enoch George, and which she devised to the said George A. Deakyne and George M. Russum in trust for her son Enoch George, Jr., be the quantity of land what it may.

The above tract or parcel of land will be sold in building lots, one of which lots is improved by a large two-story dwelling and necessary out-buildings.

Seventeen of these lots front on Fifth Street and Horsey Ave, and have a frontage of 50 feet to each lot, except two which have a frontage of 61 feet each and one with a frontage of 100 feet; 7 of the above mentioned lots have a depth of 200 feet each, and ten have a depth of 150 feet each. There are 28 lots fronting on Sixth street extended. Lots on East side of this street have a frontage of 50 feet and a depth of 190 feet each. Lots on west side side of Sixth street extended have a frontage of 50 feet and vary in depth from 100 to 200 feet. There are 21 lots fronting on Lowe street extended having a frontage of 50 feet each and the greater number of which have a depth of 190 feet. 16 lots front on Seventh street extended and have a frontage of 50 feet and a depth of 190 feet each, 5 lots front on Eigth street extended and are the same size as those fronting on Seventh street. There are also two large lots East of Eighth street extended, of sufficient size for trucking and pasturing. For title to the above real estate, see Item 3 of the last Will and Testament of Eva M. George, late of Caroline County deceased, and recorded in the Orphan's Court for Caroline County among the Wills Records of said county

A plat of the above tract divided into building lots as the same will be sold, can be seen at the office of the Clerk of the Circuit Court for Caroline County, by calling on George A. Deakyne, one of the trustees; said plat will be exhibited on day of sale and each lot particularly designated and numbered thereon, and exact dimensions of each lot given. This plat will afterwards be recorded among the land records of Caroline County for the convenience of the purchasers.

TERMS OF SALE.

The terms of sale as prescribed by the Court are: One-third of the purchase money to be paid in cash on day of sale, and the residue in two equal instalments of 12 and 24 months from day of sale (or all cash at the option of the purchaser); the credit payments to bear interest from day of sale, and to be secured by the note or notes of the purchasers, with sureties thereon to be approved by the said trustees.

GEORGE A. DEAKYNE,
GEORGE M RUSSUM,
Trustees.

JOHN W. CLARK, Auct.

Dividend Notice.

This is to give notice that Burton W. Parker, by a decree of the Orphans' Court for Caroline county, sitting in Equity, was appointed trustee to make sale of the real estate of John Prattis, deceased; that the said trustee has made sale of said real estate, and reported the same to the said court, and that the said sale has been duly ratified and confirmed, and the said court, by its order, is about to declare a dividend on the proceeds arising therefrom, now in the said trustee's hands.

All persons having claims against the said deceased are hereby warned to file the same, for audit, with the Register of Wills for Caroline county, with the vouchers thereof legally authenticated, on or before the 28th day of April, 1898, or they may otherwise, by law, be excluded from all benefit from said funds.

By order of the said court this 22d day of March, 1898.
