THE JOURNAL.

WM. HENRY LEGG, Editor,

DENTON, SATURDAY MORNING, November 8, 1873.

THE election in our county on Tuesday last passed off quietly so far as we have heard, and resulted in the success of our entire ticket except Mr. Deweese for the House of Delegates, who has been defeatek by Mr. Williams, Republican, by 9 votes. A few disaffected Democrats in this county intendrd to defeat others on our ticket and came very near doing so, but all made their escape, though some with very small majorities excepting Mr. Deweese. Had we had entire harmony in our ranks we suppose we would have elected our entire ticket by 100 majority, if not more. As it is the majorities range from 5 to 60.

The official vote of the several districts and county will be found below.

DISTRICTS.

The Result of Tuesday's Election.

The election that took place on Tuesday the 4th inst. in this State and several others has resulted as a whole very favorably to the good old time democracy of other and better days. Our glorious old party placed itself fairly and squarely against the corruption and frauds, the extravagance and misrule the tyranny and oppression of the republican party, and the result is cheering indeed. The people begin to see and feel that this party is responsible for the miserable condition of the South and for the distress and poverty now at the door of thousands and thousands of honest industrious men of the North.—Good old Maryland whose faith was not strong in Horace Greeley, and gave him only a few hundred majority in the State last fall, run up the democratic majority on Tuesday last to between 23,000 and 25,000. Owing to the disappointment of some of our friends not being placed upon our ticket as candidates, they have helped the republicans here and there to elect a few of their candidates. They have elected State Senators in Charles, Prince George's and Frederick counties, and perhaps twenty delegates to the Lower House from Frederick, Allegany, Prince George's, Charles, Talbot and one from Caroline. Frederick, Prince George's and Charles counties are wholly republican, and Allegany, Somerset Talbot and Garret counties partially so, with these exceptions the other counties are wholly Democratic, so far as we are at present advised. The majority in Baltimore city is between 14 and 15,000.

Queen Anne's is reported to have voted for Local Option. The entire Democratic ticket is elected there by over 300 majority.

In Talbot the Republicans elect Valliant, Republican, and Seth, independent, to the House of Delegates. They also elect their Surveyor, Sheriff and one Commissioner. The remainder of the ticket is Democratic.

THE RESULT IN OTHER STATES.

In New York the Democracy have annihilated the majority of 55,000, by which the Republican party carried the State last year replacing it by a Democratic majority of 15,000. Not only did we carry Maryland and New York, but also Virginia, Texas and Wisconsin. In Wisconsin it is the first Democratic victory since 1855. It will be remembered that Ohio last month gave a cheering and inspiriting victory for our party, obtained upon a clean and plain Democratic platform—the first victory there for our party in the last twenty years. We have even reduced the long standing majorities of Massachusetts to almost nothing.

The revolution is now set in by which the Republican party is to be displaced. A Democratic Congress will almost certainly be elected next year, and certainly we think a Democratic President in 1876 in honor of the first century of our Independence. The sins of the Republicans are finding them out. "Thou art weighed in the balance and found wanting."

A WEEK or two since in alluding to the Temperance meeting that took place in this place, we remarked: The occasion brought up severrl orators, but none especially worthy of note except the Rev. Mr. Poulson. At the time of writing we did not know who the other speakers were, and did not know that the Rev. J. T. Kenny and Rev. Thos. Williams were speakers, or even present, so it could not have been intended as a "thrust" at either of them. We heard the greater part of Mr. Poulson's address, it was in many particulars very fine, and as he has quite a reputation both at home and in Europe, we thought we could safely say what we did without the risk of giving offence to any one. We say in all candor we meant none.

Mosquitoes continue to annoy sleepers in every portion of Baltimore.

NEWS GLEANINGS.

John M. Resley, last week, at Cumberland, Md, shot and fatally wounded Lloyd L. Clary, editor of the Daily Times.

The West case is ended. The accused was arraigned and pleaded guilty of attempting to set fire to the dwelling house of George Benn. He was fined $500 and costs, and sentenced to two years' imprisonment. The State entered *nolle pros* on the other counts of the indictment.

The trial of Stokes has resulted in a verdict of manslaughter in the third degree. The sentence was four years' imprisonment at hard labor at Sing Sing. Stokes and his counsel have played their cards well.

Information gathered from all available sources at Memphis goes to confirm the opinion that the yellow fever is rapidly decreasing.

The second crop of luscious blackberries this year has just been gathered at Youngsville, Warren county, Pa.

A Salt Lake dispatch says the prize fighter, John C. Heenan, died on Saturday, near Rawlings, on the Union Pacific railroad, while on his way to San Francisco.

The receipts of the Bucks county, Pa., fair will foot up $12,000. The profits of a keno party in the attendance at the fair are said to have reached $3,000.

The Glen Carbon colliery, Schuylkill county, Pa., which has been on fire for a long while, and supposed to have been entirely destroyed, has, it is believed, been saved by allowing the water to rise in the slope.

A youth named Daniel Marshall was accidentally shot in Clarke Co., Georgia, the other day. He was attempting to crack a chestnut with the breech of his gun, when the weapon was discharged, inflicting a wound from which Marshall died in a few hours.

The effect of the License law in Sussex county, Delaware, has been to cause men who want liquor to cross the Maryland line and buy it from every store and tavern on the border. Such houses in Maryland are said to be reaping a harvest through immense sales to all classes of people.

Griffith Thomas, a mining engineer, met a horrible death in Luzerne county, Pa., on Thursday.—While in a mine his lamp went out, and while groping around a lot of loaded cars approached him. He stood on one side of the track, but there being not sufficient room between the wall and the track he was crushed by the cars.

Nearly 400 mechanics and 1000 laborers have been discharged from the Washington Navy Yard. Their discharge is occasioned "by the allowance of money having run short in consequence of the large numbers of improvements made in the yard during the summer."

The public statement shows an increase of $3, 039,000.

Living Advertisements.

A medicine that has done more than all the prescriptions of the pharmacopœia to protect the human system against the bodily ills superinduced by unhealthy surroundings, is certainly worthy of universal confidence. It is mainly on account of its extraordinary preventive properties that Hostetter's Stomach Bitters is so exceedingly popular in localities subject to the visitation of miasmatic fevers and other diseases produced by empoisened air. A family that has escaped sickness during a sickly season in consequence of using the Bitters as a safeguard, is a living advertisement of the virtues of the preparation. The whole neighborhood realize the fact. "I couldn't have believed it," says one. "I scarcely credited the advertisements; but one must believe what one sees," says another. "It is the very thing we need in this unwholesome section of country," remarks a third. And the result is that the instinct of self-defence, the first law of nature, induces three-fourths of that community to obtain a supply of the great vegetable antidote before the next sickly season sets in. In the winter when the system requires extra vigor and elasticity to enable it to baffle the effects of damp and cold, the bitters will be found particularly serviceable. Rheumatism will not be apt to fasten upon muscles and nerves that have been braced up by this excellent invigorant and nervine; nor will the severities of the season, which have such a disastrous effect on the pulmonary organs of the feeble and delicate, be likely to exercise the same untoward influences in cases where the stomach and the external surface of the body (which always sympathizes with the digestive organs) have been toned and stimulated by a course of the restorative. The fits of indigestion and irregularities of the bowels which proceed from sudden changes of weather may always be averted by a timely use of the Bitters.

Letter from Philadelphia.

It is truly heart-saddening to contemplate the amount of suffering that must be endured by the poor working people of this country during the present and approaching season of rain, snow and ice—especially in the large cities. Each succeeding day tells its sad tale of reduction in wages, a cutting down in force, and, worse still, of wholesale discharges of working men and women in every section of the country. And this is but the beginning. Careful inquiry among the various trades reveals the unwelcome fact that in a few weeks hence, tens of thousands new retained will be set adrift to battle with the elements, a large proportion of whom will be homeless and without the means of the most meagre subsistance. As soon as the market is supplied with a sufficient stock of goods and notions to meet the requirements of the approaching holidays, this sad state of affairs will be inevitable.

It is unnecessary to ask what has produced this sad state of things. It is the legitimate result of Radical misrule during the last eight or ten years. Since the close of the war that party has reigned supreme in the councils of the General Government, as wellas in most of the State Governments. and instead of applying itself to a reorganization of the Government for the good and advantage of the whole people, its energies have been expended in a studied effort to entrench itself permanently in power. And to effect this purpose the regulation of the Southern States and the fixing of the status of the negroes even regarded as matters of paramount importance. By this means, through carpet-bag rule, the South has been empoverished and rendered unproductive, and the negroes have been taught that their chief duty consists in clamoring for additional "rights" and voting the Radical ticket. Thus, whilst the leaders of the dominant party have been seeking to establish themselves permanently in power, the material interests of the country have been neglected, business and industry have been prostrated, and untold distress and suffering are everywhere being manifested.

And now the question is, will the people longer trust a party which has proven so reckless in the use of the power committed to its hands—so false to all its promises of economy and good government? The custodians of the Government having become drunk with power, the Government itself has been debauched; and the only remedy at hand being a return to Democratic rule, the people, we doubt not, will speedily see that this remedy is applied.

GALLATIN.

HOW TO LIVE ECONOMICALLY.—The problem of how to economize in living is one that engages the serious attention of a great many people.—"Many a little makes a mickle" was one of Benjamin Franklin's "Poor Richard" truisms that summarizes the whole system of popular extravagance. If you wish to save money, econimize in little as well as in large items of expenditure. For all the household purposes for which polishing powders, Bath brick and soap are usually used, excepting the one thing of washing clothes, Sapolio is by many times the cheapest article that can be employed. To say nothing about its great superiority to all other substances, it is, on the score of money alone, by far the cheapest. Remember this fact and save many dollars every year.

'A WONDER OF MEDICAL SCIENCE,' may well be applied to Dr. Wistar's Balsam of Wild Cherry. It is nearly a century since this remarkable remedy was introduced to the public, and yet the immediate and enviable reputation which it gained by its wonderful cures of coughs, colds, hooping cough, sore throat, influenza, consumption, and all bronchial complaints, is to this day fully sustained.

Examiner's Notice.

WE, the undersigned, having been appointed by the County Commissioners of Caroline county, to examine, and if found necessary, to locate a new County Road, commencing at Hillsboro' Station and running through the lands of John W. Knotts, then along the line between H. S. Gearheart and Isaac Creveling, and through the land of Wm. Connelly, jr., and the farm on which Foster Green resides, and through the farm known as the Phillip Mullekin farm, and through the lands of John E. Starkey to intersect the Jumptown Road near Bradleysburg, give notice that they will meet at the proposed point of commencement of said road, on MONDAY, 10th day of November, 1873, at 10 o'clock A. M., for the purpose of executing said commission.

A. P. SORDEN,
R. R. EMERSON,
THOS. SPARKLIN,
oct11-sw Examiners.

Notice to Trespassers.

ALL persons are hereby warned not to trespass with dog or gun on any of our lands, as the law will be enforced against all offenders.

oct25-tf E. O. & R. J. CARTER.

Notice to Trespassers.

ALL persons are hereby warned not to trespass with dog or gun on the farm now occupied by me, known as "Moralton" or the "Pritchett Farm" as the law will be enforced against all persons disregarding this notice. C. PEPPER.

oct25-tf

ESTRAY.

STRAYED away from the subscriber, on the "Rickard Farm," Oct. 21st 1873, a BAY MULE, medium size, long main, and has a gald on his left shoulder. Any person taking up said mule and leaving it at Mr. Samuel Carter's, or at the subscribers, near Ridgely Station, will be liberally rewarded for their trouble.

oct15-3w W. C. PALMATARY.

NOTICE TO TAX PAYERS.

THE taxable inhabitants of the 3rd Election District of Caroline county are hereby notified that the tax books are now in my hands for collection, and payment will be expected at an early day. It is my desire to close the books as soon as possible, and those interested, to save cost and trouble, will do well to heed this notice.
