FOR CONGRESS,

HENRY PAGE,

OF SOMERSET.

A REPUBLICAN IS DECAPITATED!

Mr. C. F. Duer was appointed postmaster of Princess Anne during the early days of the Republican administration. The office recently became a presidential one and Mr. Duer expected to be continued; but the referee for the First Congressional district, Mr Russum, seems to have willed otherwise and off went Mr. Duer's political head. Mr. Russum recommended a young man named Lankford for the place. In his letter to the Postmaster General Mr. Russum wrote:

"Mr. Hodson knows thoroughly the needs of the patrons of the Princess Anne postoffice, and I leave the whole matter to his judgment."

In a letter to Mr. Wanamaker Mr. Duer says: "I can readily understand that the advice of Mr. Russum, the referee, should have weight with you; but if Mr. Russum did not care to make an investigation of the case and was indifferent, I think you will be at a loss to give any reasons why you should ignore the desire of the patrons of the office and the wish of the State central committee of this county, and follow Mr. Russum's directions to appoint whomsoever Mr. Hodson might wish, unless you were anxious (as I before suggested) to gratify a delegate to the National Convention. Such unjust, unreasonable things are not done without a motive."

Mr. Duer further says: "I was entitled to be appointed on every ground; as to party service, you ignored my twenty-five years of constant and faithful labor; that I had conducted the office in a manner perfectly satisfactory to its patrons; that under my management it was raised from a lower to a higher grade; that I was supported by at least 75 per cent. of all the patrons and was endorsed by three out of the four members of the State Central Committee, two of whom were likewise patrons of the office."

Mr. Wanamaker replied in effect that the appointments are suggested by the referees who determine all questions of merit of the respective applicants.

Mr. Duer is a well-to-do merchant at Princess Anne, has always been a Republican, and has served in the House of Delegates of Maryland. It is very likely that Mr. Duer will be heard from again.

LARGER THAN EVER THIS YEAR.

"Maryland is always Democratic by 10,000 to 15,000 majority. I think that the majority this fall will be much larger. In 1888 Cleveland carried the State by nearly 8000 majority, but I believe he will draw a larger vote in the next election. The campaign four years ago was not very vigorous, and as a result the Democratic vote fell below its normal size. Whatever differences of opinion existed in this State before the nomination have been forgotten, and the party is now unanimous in support of Cleveland, and will work hard for his election. Before the Chicago Convention Cleveland clubs were organized all over the State by such men as State Senator Brown, Col. Edward Lloyd, James Ellegood, James Alfred Pearce, Dr. Bishop, Herbert Shriver, P. D. Laird and others. The Cleveland Club of Maryland, of which I am president, was also formed. We have over 1500 members who are active workers for the ticket. Under the auspices of the club a big ratification was recently held at Easton, and among other prominent speakers was ex-Senator Bayard. This club will cooperate with the Democratic State Central Committee in promoting the election of the Presidential ticket. A thorough canvass of the State will be made, and we intend to bring out the full Democratic vote. Cleveland all along has been the overwhelming choice of our people.

A. LEO KNOTT.

MR. SHIRAS, the new appointee to the Supreme Bench, is a cousin to Jas. G. Blaine, his mother having been a Blaine.

Working Clubs Are Effective.

Mr. Cleveland, in response to a letter apprising him of the organization of a Democratic campaign club in Acquackanonk township, of Passaic county, N. J., of which Mr. James Clancy is president, wrote to that gentleman as follows:

"*Gray Gables, Buzzard's Bay, Mass.*, July 26, 1892—James Clancy, Esq.—Dear Sir: I was very glad to receive your letter of July 16. You may rest assured that I have by no means forgotten your visit to me. It is a source of great gratification to hear of you as prominent in the organization of a campaign club at your home in Passaic county. It is quite in keeping with your Democratic tendencies, and an illustration that you well understand the value of thorough Democratic organization.

"I believe the success of the pending campaign depends largely upon the efforts of such clubs as that which has been started at your home. There is sometimes a lack of effectiveness in such organizations arising out of a failure to make them working clubs. Their purpose should be not merely to bring about the association of those already well grounded in the Democratic faith, but to draw in new converts and to fix those who are wavering in their political preferences. Every member of such a club should, I think, consider himself a committee of one to bring within the influence of the club some person whose vote could not otherwise be secured to the Democratic cause. I fully believe, however, that this new club established in Passaic county will properly consider these questions and will not be wanting in any branch of effort.

Very truly yours,

"GROVER CLEVELAND."

THE ANCIENT COURT HOUSE at Port Tobacco, in Charles county, was totally destroyed by fire last Wednesday night. Fortunately some one discovered the flames before they had made much progress and most of the valuable papers of the court and the land records were saved; many important documents, however, were consumed.

The occasional burning of a court house and contents are thus noted here and there, in various parts af the country. These should induce our county commissioners to make haste to repair our own court house by extending several feet north the main building, making room for fire-proof vaults, which should be speedily provided. The slight enlargement of the main building, together with the vaults, and the replacing of the old with new wood-work throughout with more desirable material, the changing of the clerk's office to the ground-floor of the main building, convenient to the vaults, placing the court room on the second floor, might all be easily accomplished with an outlay of perhaps not more than five thousand dollars.

We believe the commissioners already have the authority for this much-needed improvement. What is to be gained by this long delay? Who can estimate the trouble which would be entailed upon the people should the public papers be destroyed?

THE NEW YORK HERALD has announced a novel plan for the present presidential campaign. To the person who most nearly predicts the popular plurality of either Cleveland or Harrison, it will give a free trip around the world, paying all expenses; to the person making the second best prediction it will provide a trip to London, Paris and return, and the third best prediction will be rewarded by a trip to London and return. Competition is open to residents of all parts of the United States, the only conditions being that the prediction must be made on a ballot which is printed in the *Herald* every morning. Any one can make as many perdictions as he has ballots.

THE DEMOCRATS of Alabama won the general election held on Tuesday last by a majority of about thirty thousand, choosing every officer in the State from Governor to constable. There is nothing remarkable, usually, in a Democratic majority in Alabama, but arrayed against the Democracy were the Republican and the "Third" parties—the latter claiming the earth and the fullness thereof. The result conclusively shows that Democrats of the South are not ready by any means to abandon their party and the people to the tender mercies of Mr. Harrison with the force bill in his pocket.

THAT sprightly little sheet, the Preston *Times*, has suspended publication. Editor Rogers, who established the paper, goes to Easton, where his journalistic talents will have a larger field. During its short existence the paper evidenced the fact that its editor was a young man of considerable skill and ability.

IAMS, the soldier who was hanged by the thumbs for offering three cheers for the man who shot Frick, has sued Col. Streator and the others engaged in the brutal punishment.

MR. GORMAN says Cleveland will win. Everbody concedes that Mr. Gorman rarely misses his calculations.

Minor Matters.

Capt. Richard Perry, whose death in California occurred on June 7th, was a native of this county. He was eighty years of age. Charles Perry, of Caroline county, and Nathaniel Perry, of Talbot, were brothers, and Capt. W. H. H. Perry, of Wheeler's Transportation Line, a nephew of the deceased. In 1850 young Richard Perry went to California, having quit his vocation of a sailor. He married Miss Julia Rule. Three daughters survive him.

Mr. John W. Boyer, who has conducted the general merchandise business at Marydel, this county, for the past ten years, and done quite a large business, has sold out his entire stock and fixtures to Charles E. Boyer, of Wyoming, Del. The purchaser took possession on Monday last. Mr. John W. Boyer, it is said, will in a few months engage in a new enterprise at the same place.

For the first time in fifty years the Orphans' court of Talbot county on Tuesday committed a man to jail for contempt. Wm. B. Attix appeared before that body while under the influence of liquor and was disrespectful and noisy. He will remain ten days in the lock-up.

Some boys set fire to a hornet's nest in Mr. White's woods near Houston's Branch Tuesday. The fire thus started soon communicated with dry brush lying close by and before it could be extinguished some fifty cords of wood were destroyed.—*Courier.*

A correspondent says it is a matter of general comment that nearly all farms in Talbot are tenanted. The landowners are fast becoming tired of low prices and scarce labor, and are letting their farms whenever possible.

Dress Trimmings.

Our modern methods of merchandising can meet and master any ordinary conditions. But a blizzard in winter or the lowering blaze of a boom of hotness in Mid-Summer tax our powers.

Therefore, while the dissolving temperature lasts, we will not print very much store news If we were advertising much to-day the story would have a chapter each on

Dress Goods in patterns, wools and cottons at 25, 40, 50 and 60 per cent off.

Housekeeping Linens, sold without profits. The sorts that brought satisfaction last week to so many prudent housewives.

Women's and Childrens' Shoes of canvas, brown and black.

Small Boys' Wash Suits of many pretty sorts.

To these many other things might be added-but the weather is hot.

Remember this: Once you are here you will find the store cool and restful. The sun smites not, all things are calm. You can rest when and where you please.

The store as a Summer resort is a success. Thus we make the Summer bargain-buying easy—very easy.

THE ATTRACTION THIS WEEK

—HAS BEEN AT—

W. P. CHAFFINCH'S DRESS GOODS COUNTER.

It is acknowledged by the ladies to be the best selection of Handsome Goods ever displayed in Easton. We have been more than gratified with our success in this line, for we have already had to duplicate many pieces. A few of our Medium Goods are displayed in our windows this week, and have attracted every lady passing by. A look is proof that we

LEAD IN THIS DEPARTMENT.

We visited the city last week and bought largely in Wash Goods which please the eye and pocket of every customer. We are selling a line of goods at 10c. which many customers think are cheap at 25c., and which would be cheap at that price. They are selling very fast.

Remember,

We are selling an extra heavy Jointless Figured Matting at 18c, worth 25c., and cheap. From that to the finest Matting on the Market. A full line of Window Shades and Lace curtains.

READY-MADE CLOTHING. It will give us great pleasure to show customers through our Clothing Department, which is second to none. Clothing from the cheapest to the finest, from the smallest to the largest.

☞There is nothing the matter with our Shoe Department, except that there are too many shoes in it. We carry the finest line of Ladies' Hand-Made Shoes in Easton. Sole agents for Pollock's Hand-Made Shoes. Ask to see our Ladies' $1.25 Dongola Shoe—it's a beauty.

YOUR FRIEND,

W. P. CHAFFINCH,
