EDITORIAL NOTES.

"RESOLVED, That no action be taken to secure protection for the public records until the old court house, with contents, burn to the ground."

Some wag suggested this rather grim resolution as an expression of a few who have not yet begun to realize that there is danger—great danger—in leaving the public records in their present exposed condition. In these days it would be very hard to find another county in the same predicament. Dorchester, a sister county, years ago taught us an object lesson which we should not forget. But the lesson was an expensive one for Dorchester. That county has already paid out enough in replacing some of the records to erect two court houses. But some of the records are still missing, and will be forever.

And let not Caroline, for the sake of imaginary political advantage, or for any other reason, neglect this duty—the providing of a good and secure place for the public archives, which would be of untold value to the people.

The tax conference was again convened in Baltimore on Wednesday evening last. A resolution was offered assailing Baltimore's ground-rent system, and Mr. Skipwith Wilmer spoke of the irrepressible conflict between county and city plans of taxation. He believed in home rule. If any other plan were adopted Baltimore bondholders would go away, he thought. Mr. Laird upheld the constitutional doctrine that all property should be taxed.

There is considerable talk of an extra session of the legislature in order that an amendment to the fifteenth article of the Bill of Rights may be passed and submitted to the people in November next. It is said by the *News* that Governor Brown is ready to issue the call provided the convention considers that the best solution of the difficulty.

The only time Richard Olney, who will be Mr. Cleveland's Attorney General, ran for office was some years ago, when he accepted the Democratic nomination for Attorney-General in Massachusetts, after having been assured that there was not the ghost of a chance of being elected.

Doubtless Mr. Olney accepted the nomination simply to keep up the Democratic party in Massachusetts, and has since been rewarded by seeing the Bay State's vote cast for the Democratic nominees. Mr. Olney is the kind of a Democrat who labors for the strengthening of his party, that its principles may triumph, rather than for personal advantage or preferment. There are many such men in the land as Mr. Olney and to these we are indebted for the ascendency of the Democracy to-day.

The Maryland delegation in Congress, says the *News*, including the Senators and six members of the House of Representatives, are said to be working together in great harmony at the present time, and it is further said that this harmony will last during the next Congress, when the personnel of the delegation will be changed by the retirement of John B. Brown and Herman Stump, whose places will be taken by Robert F. Brattan and J. F. C. Talbott.

The great battleship Indiana was successfully launched at the ship-yard of Cramp & Sons, Philadelphia, Monday afternoon, in the presence of thousands of people, among them the President of the United States, the Secretary of the Navy and other members of the cabinet.

Uncle Sam is slowly but surely getting a navy that will be able to dispute the right of any country to "rule the wave."

When Mr. Cleveland left Washington four years ago, we all remember well, the United States Treasury was overburdened with cash. The Treasury officers didn't know what to do with it. During the past four years they have learned, and the treasury is empty, and the Republicans have made all possible arrangements to keep it so. It is a good thing that Mr. Cleveland again assumes command of the ship of State.

Several weeks ago we published a letter from a New York trade association declining to return berry crates hereafter. As will be seen by our columns today the growers in the vicinity of Ridgely have taken action in this matter and propose to protect themselves against what they consider arbitrary methods of the New York people. Ridgely is a very important shipping point.

Caroline county Democrats should be more liberally recognized, by the administration which assumes control of governmental affairs to-day. Several gentlemen are mentioned in connection with various Federal appointments and we hope they may all realize their hopes, knowing full well that they will prove efficient and faithful officials.

The Baltimore *News*, which is one of the best afternoon newspapers in this country, is getting away off its political course—so far off, indeed, that it is pretty hard to tell whether the Democratic or Republican colors are at the top.

Col. Frederick Raine, founder of the *German Correspondent*, Baltimore, died on Sunday last. Col. Raine was one of Baltimore's most eminent citizens.

PHILADELPHIA MONDAY, Feb. 27th 1893

One of the foremost Scotch makers of Cotton Stuffs has been trying his hand at it—to get up the toughest, sightlest, fittest Cotton for boys and girls and women's Summer wear.

He must aim high to win. He *did* aim high. He hit the mark. The first of the new stuff is here.

MARINE SUITING.

Rumple it, crumple it, pull and haul it, Just as sightly as ever. Try to tear it—warp way, woof way. *There's* a Cotton stuff that brambles or bushes or a chance catch on a sliver isn't likely to hurt.

Stripes very narrow to medium. Colors count.

navy-blue-and-white red-and-white
light blue-and-white brown-and-white

Besides tints of the same—14 changes in all.

Price 25 cents.

The thought of the moment touches plain Woolen Stuffs Plain refers only to weave, not to colors, for they cover all shades to the extremes of grave and gay.

Dress Goods lack a fixed language. One says "Wool Poplin," another says "Epingleine," and both mean the same. Comes from making hash of French and English. Simply a plain fabric with a fine cross-rib.

The following little list of them gives a notion of the sorts you may see here.

13 solid colors, 40 in., $1.
12 iridescent colors, 38 in., $1.
13 solid colors, 40 in., $1.10.
10 iridescent colors, 46 in., $1.25.
13 solid colors, 46 in., $1.25.
8 iridescent colors, 46 in., $1.55.
5 iridescent colors, 46 in., $1.75.

Continuing with similar stuffs: It is a distinction without a difference that divides Velours and Bengalines from Epingleines and only a slight remove leads to the same stuffs with little self-colored Jacquard and Armure figures.

Another little list that tells a large story.

13 solid colors Bengaline, 42 in., $1.25.
13 solid colors Velour Epingeline, 42 in., $1.50.
10 solid colors Bengaline, 42 in., $1.50.

Wanamaker

8 solid colors Velour Epingleine, 42 in $1.50.
6 solid colors Striped Bengaline, 46 in., $1.50.
10 solid colors Wave Diagonal Armure, 44 in., $1.
9 solid colors Figured Armure,, 38 in., $1.
11 solid colors Figured Epingeline, 46 in.; $1.50.
8 solid colors Figured Armure, 46 in., $1.50.

It is not always necessary to pay $3 to $4 a yard for *Novelty* Dress Goods — "novelty," hackneyed often meaningless. Here is a group of eight at $1.25? 'Twould be useless, perhaps, come and see them.

Wrap and Cape Cloths.

The Spring gathering of Cloths for Women's tailor-made Gowns, Jackets, Wraps and stylish Capes is now at its fullest.

The roundest, complete line we ever had—twice over what you're likely to find in any other house between the oceans.

If prices weren't right we'd be the first to know it.

Kersey.
54 in., 10 colors, $2.00.
52 in., 5 colors, $2.75.
54 in., 6 colors, $3.50.

Venetian.
56 in., 2 colors, $1.75.
56 in., 3 colors, $2.75.
56 in., 2 colors, $3.25.
56 in., 2 colors, $500.

Cheviots, solid colors.
51 in., 6 colors, $1.50.
54 in., 8 colors, $1.75.
56 in., 4 colors, $2.00.
58 in., 4 colors, $2.50.

Miscellaneous.
56 in. Mixed Whipcord, 2 colors, $1.50.
56 in. Polka Dot Mixed Whipcord. 2 colors, $1.75.
54 in. Tailor Diagonal, 3 colors, $1.75.

For Children's Coats.
56 in. small check Cheviot, 3 styles, $1.25.
56 in. small check Cheviot, 2 styles, $1.50.
54 in. Plaid Cheviot, 4 styles, $1.25.
54 in. Plaid Vicuna, 3 styles, $1.25.
54 in. Fancy Plaid Cheviot, 15 styles, $1.75
56 in. Mottled Cheviot, 3 styles, $1.25.
56 in. Mottled Cheviot, 8 styles, $1.50.
54 in. Mixed Cheviot, 7 styles, $1.25.
54 in. fancy Mixed Cheviot, 15 styles $1.50
54 in. Homespun, 9 styles, $1.50.

Broadcloths.

Always standard, always stylish. But there are Broadcloths and Broadcloths. Take an ordinary quality, take almost any Broadcloth, rub it against the nap. Fuzzes up like a Canton Flannel. May-not much, but not one Broadcloth in a hundred that won't

Wanamaker.

get fluffy faced if rubbed against the grain.

Here's a Broadcloth that we've handled for years. Sold maybe 50,000 yards of it. Nothing Canton Flannelly about *it*, rub it as you may.

Fifty colorings now at the counters, $3 a yd., width 54 in.

More sorts, if you please. Not quite so high bred as the $3 kind, but wondertully good at the prices.

51 in. Broadcloth, 22 colors, $1.00.
51 in. Broadcloth, 22 colors, $1.25.
51 in. Broadcloth, 12 colors, $1.50.
52 in. Broadcloth, 25 colors, $2.00.

About Bicycles.

There are a number of really first-class wheels on the market. There'll be more and more.

All of the most important parts of the machine can be bought by any manufacturer who'll pay the prices. With them he can at any time turn out a standard grade Bicycle.

That's how our Atalanta comes about.

No really vital feature of any wheel is missing from it, and there are various little advantages that almost no other Bicycle posesses.

Now as to price.

For a front rank, pneumatic tire Bicycle the standard price is $150, just as regularly as gold dollars are one hundred cents each.

We put the Atalanta $120.

No trade, no exchange—just a straight cash price.

Do you care to save $30.

J. A. SHERMAN, Hernia Specialist, respectfully notifies the public, especially the many who have called at his New York office during his absence, that he has returned from his European office, London, England, where his successful treatment and the marvelous cures resulting from it received the approbation of the most eminent surgeons of Europe. His fame soon spread, crowding his London office with the victims of hernia, anxious for relief. Patients who had endured long years of suffering came to consult him from India, Russia, Germany, Belgium, France, and other countries. The remarkable cures made in London of chronic cases of patients who had been at the various hospitals and under the care of the most eminent English surgeons without obtaining relief consulted J. A. Sherman, and were at once relieved and eventually restored to a state of soundness through his method, to the astonishment of the eminent surgeons who had formerly treated them. In the case of Mr. Henry James, who had been a great sufferer for over 20 years, his wonderful and complete cure was certified to by that distinguished surgeon and operator on rupture at King's College Hospital, John Wood, F. R. S., F. R. C. S., F. R. C., also Dr. Edward Bellamy, Fellow of the Royal College of Surgeons, Surgeon to Charing Cross Hospital, etc., Sir Henry Thompson, Surgeon at University College, London, and others.

J. A. Sherman's extensive practice in the treatment of hernia in its various forms with a success unparalleled in all previous ages is of the highest value to those who are afflicted with rupture and hope to be at once more sound. In J. A. Sherman's treatment there is no operation or restriction from labor, while there is relief from the torment and injury of wearing trusses and security from that terrible condition known as strangulated rupture, to which every victim of hernia is daily subject. His book of information and indisputable proofs is mailed to those who send 10 cents. His book of photographic likeness, showing the condition of patients before and after treatment and cure, is sent by express on receipt of 25 cents. Call on or address, J. A. SHERMAN, Hernia Specialist, 294 Broadway, New York. 2 11 4
