DENTON JOURNAL.

HOWARD MELVIN, EDITOR.

SATURDAY, JULY 1st, 1893.

Democratic Primary Notice.

All the Democratic voters of Caroline county are requested to meet at the regular voting places on

Saturday, July 8th, 1893,

and elect by ballot five delegates to represent each election district in county convention, to be held at the court house, in Denton, on

Tuesday, July 18th, 1893,

at 2 o'clock, which convention will elect three delegates to represent Caroline county in the State convention, and also select a county ticket, as follows: One person to be State Senator; Two persons to be Members of the House of Delegates; Three persons to be County Commissioners, one for a term of six years, one for four years and one for two years; One person to be County Treasurer; One person to be Sheriff, and one person to be County Surveyor.

The voters present at the hour of 2 o'clock, at each of the voting places, will please elect judges and clerks, who will at the closing of the polls (5 o'clock) certify to the election of said delegates, which certificates will accredit them to membership in the county convention.

The election in the First district will be held at Henderson; in the Second at Greensborough; in the Third at Denton; in the Fourth at Preston; in the Fifth at Federalsburg, and in the Sixth at Hillsborough. By order,

LUTHER H. GADD,
WILLIAM MASSEY,
JAMES W. HOLT,
State Central Committee for Caroline Co.

GEO. H. BERRY,	R. Y. COLLINS,
J. D. W. VANSANT,	A. W. SISK,
J. Y. GRAHAM,	J. F. LEDNUM,
E. S. TURPIN,	FRANK WRIGHT,
JAMES M. KNOTTS,	E. W. LIDEN,
JOHN D. PLUMMER,	W. A. NOBLE,
THEO. SAULSBURY,	W. H. THAWLEY,
HOWARD MELVIN,	J. E. WILSON,
ENOCH GEORGE,	GEO. T. REDDEN,

County Central Committee.

☞The Democratic Committees request that all the delegates elected to the county convention and *all voters interested in the success of the Democracy* meet at the court house, in Denton, on TUESDAY afternoon, JULY 11th, at 2 o'clock, for general consultation. It is earnestly desired that Democrats generally from every part of the county attend this meeting. "There is wisdom in the multitude." The hope of Democratic success this year grows brighter every day, but no one who earnestly desires the success of the ticket to be selected on July 18th should relax his efforts to make our triumph sure.

ATTEND THE PRIMARIES.

The Democratic primaries are to be held next Saturday. Various gentlemen are being advocated for the different positions on the ticket to be nominated on the 18th of July. It is probable that a full understanding of the wishes of the voters of each of the six districts will be made known at the party conference which is to be held in the Court House on July 11th. By this consultation it is hoped the delegates will be enabled to make selections which will bring out the heaviest vote. All who are interested in the success of the ticket have been earnestly requested to attend. Even on that day, it is hoped that all the asperities of the primaries—if contests there must be—will have passed. It will be the plain and imperative duty of every Democrat to lend his efforts toward strengthening the organization which is meet the Republican opponents. The very best men—some of their names have already been noted in these columns—whose qualifications and integrity are known and approved of their fellow-citizens and party men, are those who should be asked to be the standard-bearers. Of these many who would reflect honor upon the county and their party have never sought public office and have always restrained the efforts to bring them before the people in connection with places of public trust. But none should avoid service when duty to the people requires it. Democrats are now under the strongest obligations to the ancient and honorable organization of which they are members. The coming election will be of far-reaching importance to the people. Every one should lend aid to the party by attending the primaries next Saturday and assist in getting out a full vote and, in the language of one of honored name, acquiesce in the decision of the majority. This first principle observed and all will be well.

FAVORING REPEAL.

Maryland's representatives in Congress, who were recently interviewed, are unanimously in favor of the repeal of the Sherman silver purchasing act. The necessity for the repeal cannot be better set forth than by the Secretary of the Treasury. Mr. Carlisle says:

From 1792 to 1873, a period of 81 years, the total amount of silver dollars coined was $8,045,838.

The coinage of silver was stopped in 1873 and resumed in 1878.

Since the resumption of silver coinage in 1878 the total coinage of silver dollars has been $419,294,835, or more than fifty times as much as was coined during the previous period of 81 years. Of this amount only $58,016,019 is in actual circulation.

In addition, there is stored in the Treasury vaults, uncoined, 124,282,532 ounces of silver bullion, which cost the people of the United States $114,229,920 and is worth at the present market price of silver $103,411,386; showing a loss of $10,888,530.

During the eleven months beginning May 31st, 1892, and ending May 1st, 1893, the coin Treasury notes issued for the purchase of silver bullion amounted to $49,961,184, and during the same period the amount of such notes paid in gold was $47,745,173. It thus appears that all the silver purchased during that time, except $2,216,011 worth, was paid for in gold, while the bullion itself is stored in the vaults of the Treasury and can neither be sold nor used for the payment of any kind of obligation.

The agitation for cleaner methods in Cecil county primaries is growing, and the question will, doubtless, be an issue next fall.—*Easton Star.*

The Australian ballot is needed at the primaries.

EDITORIAL NOTES.

Everybody interested in the triumph of the Democracy over their opponents should meet in their respective districts and mutually agree upon the local delegations. Have no contests in any districts this year. This would presage Democratic success, for which every party man should earnestly strive.—*Denton Journal* May 27.

Sentiments like these cannot be too often repeated during the coming week. The counsel and assistance of *every* Democrat will be needed to make the majority as large as it should be. Is there one who will withhold his support now while the Republican hosts are massing and making their plans to capture the county?

The Democratic State and County Central Committees designated July 11th as a day for a general meeting of Democrats for consultation. The object is to learn, as best they can, what nominees the people want, so that there may be the utmost harmony in the ranks. The Republicans will take advantage of any mistake the Democracy may make, however trivial, that is certain. The Democratic ticket should and we believe will be composed of those who possess in the fullest degree the confidence of the people. Let everybody attend the conference announced in the JOURNAL.

The Democratic method of conducting the primaries is, when fully observed, the fairest known to learn the views of the people in the various sections or districts of measures which are before the public or men who are to become candidates for office. Let every voter attend the primaries on Saturday, and express his wish by ballot. You may be able to secure the nomination of your friend whom you are seeking to aid. But if the other fellow has more votes, *he* should be your choice.

The political seer of the Baltimore *American* thinks that Hon. John B. Brown will be collector of the port of Baltimore. The people of Caroline are for Mr. Brown, and we hope he will be appointed.

Last Sunday's Baltimore *Herald* gave a list of Marylanders outside of Baltimore who receive pensions. There were over twelve thousand of them, and the *Herald* did not complete the list.

Mr. Henry C. Carpenter, editor of the Dover *Index*, has been appointed by President Cleveland United States Commercial Agent at Furth, Bavaria.

Alen G. Peck, of Rhode Island, gets a pension solely because he is baldheaded.

To Fruit Growers and Dealers.

To the Editor of the JOURNAL.

Herewith find a circular which we would like you to print in full. Our committee fully recognizes the power and usefulness of the press, and seek its aid in arousing our people to act in their own behalf. A. N. BROWN.

At a meeting of fruit growers, representing the Delaware and Maryland Peninsula, convened at the Court House at Dover, June 15, for the purpose of making provision for marketing the present prospective large crop of peaches embraced in said territory, the following resolutions were unanimously adopted:

RESOLVED, That a committee of five members be appointed by this meeting, whose duty it shall be to collect and disseminate such information as they may obtain relative to handling the fruit crop of the present season: and said committee shall be especially charged with the duty of opening and supplying new markets and thereby distributing the fruit as far and wide as practicable. Said committee may also appoint a sub-committee for each shipping station when deemed advisable.

RESOLVED, That said committee, in order to carry out the purposes of their appointment, shall employ a trustworthy and competent agent to visit all accessible points likely to become customers, collect information and make all proper arrangements for supplying such points be inducing buyers to come here or to have the fruit shipped to them to be sold on commission or otherwise.

RESOLVED, That every fruit grower on the Peninsula be earnestly requested to contribute one dollar for every thousand trees he has in bearing for the purpose of carrying out these resolutions.

RESOLVED, That said committee of managers shall keep an accurate account of all moneys received and paid out in pursuance of the first resolution, and if at the end of the season there remains any unexpended balance it shall be distributed pro rata among the contributors.

The following named gentlemen were elected to act as managers under the above resolutions: Col. E. L. Martin, Seaford; Dr. Henry Ridgely and John Heitshu, Dover; Col Wilbur H. Burnite, Felton; and F. B. F. Caulk, Sassafras, Md.

The Board of Managers thus constituted met in Dover on the 17th inst., and organized by electing Col. E. L. Martin chairman, and Dr. Henry Ridgely treasurer. A. N. Brown, of Wyoming, was appointed secretary. In accepting the duties and responsibities imposed upon them, the committee will give their best endeavors; but to accomplish the results desired, they should and must have the cooperation of all persons interested. Without this, their best efforts must prove fruitless. Besides effecting a more thorough distribution of our peaches than has yet been had, they will endeavor to harmonize and unify all existing agencies, working as an adjunct to them upon lines and methods now in practice, rather than to conflict or be antagonistic to them. From present indications the crop of peaches to be marketed will be equal to, if not exceed, any previous crop. *Unless there is intelligent and well directed effort, and the present crop of peaches thoroughly distributed, there will be absolutely no profit in them.* It shall be the aim of the committee to collect reliable data and information concerning this industry, having particular reference to the marketing of the crop. New markets will be opened and equal distribution secured as far as possible. Dealers in peaches will be solicited to locate at some point upon the Peninsula to secure a supply of peaches for their market, by purchasing direct from the grower. Where this is not desirable on the part of any dealer, a list of reliable and responsible local dealers in peaches will be suggested through whom purchase can be made. To those preferring to consign their fruit, a list of responsible and reliable commission houses will be furnished, representing the entire peach consuming territory reached by Delaware and Maryland fruit; and efforts will be made to secure the most favorable transportation facilities.

The benefits accruing to peach growers by these arrangements will be confined so far as possible to such persons who are contributors to this effort; but as our interests are idential, so should our efforts be mutual, in order that benefits should be equal. The amount to be contributed is small (being but one-tenth of a cent per bearing tree) when compared with the benefits that must accrue by a specific effort as above indicated. It is hoped, therefore, that a hearty response will be given this effort. Honorable and reliable gentlemen have been appointed at all shipping stations, who will canvass their respective territories, for the purpose of securing funds with which to enable the committee of managers to perform the work placed in their charge. Persons desiring further information can apply to members of the board or address the secretary.

EDWARD L. MARTIN, Seaford,
DR. HENRY RIDGELY, Dover,
JOHN HEITSHU, Dover,
WILBUR H. BURNITE, Felton,
F. B. F. CAULK, Sassafras, Md.,
Managing Committee of the Peninsula Fruit Growers.
A. N. BROWN, Sec'y, Wyoming, Del.

Tours to the North.

July 11th and 25th, August 8th and 22d are the dates selected for this series of personally-conducted tours to the North. Watkins Glen, Niagara Falls, Thousand Islands, Montreal, Au Sable Chasm, Lakes Champlain and George, and Saratoga are among the many attractive places to be visited.

The rate of $90 00 applies from New York, Philadelphia, Baltimore, Washington, Harrisburg, and intermediate stations, and correspondingly low rates from other points. This rate includes every item of necessary expense during the entire time of fourteen days spent on the trips, and is remarkably low considering the large territory covered and the luxurious entertainment afforded at the different places.

For detailed information address George W. Boyd, Assistant General Passenger Agent, Philadelphia, or apply to the nearest Passenger or Ticket Agent, Pennsylvania Railroad Company.

Crop Reports.

F. C. Ramsdell: "Hay crop very light but wheat yield good."

G. Fred Quidort, Federalsburg, reports a good crop of wheat harvested. He says the hot weather destroyed a great many tomato plants.

A. B. Roe says: The wheat yield good. Corn in fine condition. Fruit prospect still encouraging.

Wanamaker.

PHILADELPHIA Monday, June 26th 1893

THIS STORE!

It is

THE MIDWAY PLAISANCE

One block

From Broad Street Station,
From Twelfth Street Station,

Convenient for strangers—because

Near Public Buildings
Near U. S. Mint
Near Masonic Hall
Chestnut St., cars pass the door
Market St., cars pass the doors
Thirteenth St., cars pass the door
Broad St., Omnibusses pass the door

At entrance door:

Bureau of Information,
Place to Check Baggage,
Telegraph Office,
Post Office.

At centre of store:

Resting Room,
Ladies' large Parlor,
Toilet Rooms.

In Basement:

Gentlemen's Parlor,
Toilet Rooms,
Refreshment Rooms.

The store is not simply a shopping place, but a place to visit. The exhibition changes every day. Eleven elevators are going up and down to all the floors.

If any store is cooler than another in hot weather it should be this, because it's windows and doors open on all four sides to the streets, and fresh air is constantly brought into the basement and distributed by pipes.

The outside of the store still retains its old-fashioned shell, but the inside is the surprise.

The floors measure more than *fifteen* acres. The stock is kept up in season and out, and is believed to be *the largest and most comprehensive of any retail store in the world.*

A shopper can keep under one umbrella (our roof) and see merchandise from every quarter of the globe, and get almost any article and always at exact value.

Doubtless we could do the business better, but we are close students and surely improving every day.

Open at 8 and close at 6.

Saturday afternoon holidays begin after next week.

Citizens are welcome to use the aisles of the store in passing to and from the railroad stations.

A special invitation to visitors and persons passing through the city to stop over and see the store.

Perhaps you cannot come to the store. No matter, you have but to write for what you want, and that letter or postal sets maybe a dozen people on the go—*and all for you.* There are picking and comparing and running here and there, and after the choice comes the writing down and figuring up, and packing and sending. And when the quick package comes to you in California, or Maine, or Texas, or where not, all this extra work doesn't take one more cent from your pocket.

JOHN WANAMAKER.

DRUGS, MEDICINES, STATIONERY, GROCERIES!

HAVING purchased the Drug and Grocery business of Messrs. T. M. Cooper & Son, I have reopened with a new line of Drugs, Confectioneries and Groceries, which I will sell at the

LOWEST CASH PRICES.

We have in stock a full line of Staple Groceries, such as—

Sugar, Meats, Lard, Coffee,

Etc., which we are prepared to sell at prices to suit the times.

We propose to keep in stock a full line of Prescription Drugs and Standard Patent Medicines.

DR. GEORGE M. FISHER, a thoroughly competent druggist and physician will have charge of the Drug Department.

Road Notice.

We, the undersigned, will petition, thirty days from this date, the county commissioners of Caroline county to examine and lay down a new county road in the Fourth election district of Caroline county, commencing at the east side of the county road leading from Preston to Choptank and running down the division line between O. C. Blades, Mrs. K. Bowdle and others to Smith's creek; then across said creek to the land of Levi Vorchell; then across said land to Linchester river at a point opposite the hard shore of Ben House, on the Dorchester shore, and at this point to join, with a ferry, a new road laid down by Ben House to connect with the Cabin Creek road, in Dorchester county. And further to examine and accept the present Neck road leading from the end of the Preston lane, through Hunting Creek Neck, to Choptank, with whatever changes may be necessary for the welfare of the public.

J. A. WRIGHT.
JOHN K. WATSON,
J. T. BLADES.

May 27, 1893.

For Sale.

The well-known and desirable property known as the Jacob Covey Farm, situated immediately on the county road leading from Williamsburg to Federalsburg, about 3 miles from latter place, containing some 225 ACRES OF LAND, something over half being in cultivation; remainder set in good timber. The improvements are ample and in first-class order, and the whole farm is well fenced. This property can be purchased at a bargain on terms to suit, as the owner resides out of the county and cannot give it attention.

SPECIFICS.

To Builders.

Office of the School Board,
Denton, Md., June 20, 1893.

Sealed proposals marked on outside of envelope, "Proposal for Barcus School Building," are invited until the 25th day of July for building a new school house at Barcus, upon the site where the old one was burned during the past winter. This building must correspond in every particular with the house recently built near Keene's cross-roads, and known as "Edinburg," which is to be taken as a model. One-half of contract price will be paid at time of shutting in, and balance upon completion and acceptance by the board. The board reserves the right to reject any or all bids.

For Sale.

Office of the School Board,
Denton, Md., June 20, 1893.

The public school building near Andersontown will be sold to the highest bidder for cash on the grounds where the building is located on SATURDAY afternoon, JULY 15, 1893, at 3 o'clock. The purchaser will be required to remove the building from the school lot without injury to the shade trees, on or before August 10, 1893.

M. B. STEPHENS,
Secretary.

ONE DOLLAR EVERY HOUR

is easily earned by any one of either sex in any part of the country, who is willing to work industriously at the employment which we furnish. The labor is light and pleasant, and you run no risk whatever. We fit you out complete, so that you can give the business a trial without expense to yourself. For those willing to do a little work, this is the grandest offer made. You can work all day, or in the evening only. If you are employed, and have a few spare hours at your disposal, utilize them, and add to your income.—our business will not interfere at all. You will be amazed on the start at the rapidity and ease by which you amass dollar upon dollar, day in and day out. Even beginners are successful from the first hour. Any one can run the business—none fail. You should try nothing else until you see for yourself what you can do at the business which we offer. No capital risked. Women are grand workers; nowadays they make as much as men. They should try this business, as it is so well adapted to them. Write at once and see for yourself. Address H. HALLETT & CO., Box 880, Portland, Me.
