JUDICIAL TICKET.

FOR CHIEF JUDGE:
JAMES ALFRED PEARCE,
of Kent County.

FOR ASSOCIATE JUDGES:
FREDERICK STUMP,
of Cecil County.
WILLIAM R. MARTIN,
of Talbot County.

OUR JUDICIAL TICKET.

The judicial ticket nominated by the convention held in this town on Wednesday last, is eminently satisfactory to the Democray of this circuit, and will command the respect and admiration of men of the opposing parties, and a considerable number of their votes. The *personnel* of the ticket is all that could be desired. In our candidate for chief judge, Hon. James Alfred Pearce, we have a man of whom any party might be proud; one whose rare legal attainments and unswerving integrity fit him in high degree for the important position for which is a candidate; one who would hold the scales of justice with even hand, be the issues between whom they might, and one whose urbanity of manner would grace the bench and make pleasant to the bar and the people his administration of justice.

Judge Frederick Stump needs no introduction to the people of the five counties of this circuit. In Cecil, Kent, Queen Anne's, Talbot and Caroline counties alike he is personally known and beliked, while he has builded among these people a reputation for impartialty in decicisions that will more than likely add largely to the handsome Republican vote given him fifteen years ago. The people of this circuit feel proud—and they have just cause to—of the high position Judge Stump occupies among the judiciary of the State. He is rated everywhere as one among the very first in point of sound judgment and clear comprehension and right application of the law.

William Richardson Martin is in every way suited to the duties of the bench. He is a safe and conscientious adviser, and he would be as conservative, pains-taking and incorruptible as a judge as he has always been as a man and a lawyer. He now enjoys the confidence and respect of all who know him, and will bring to the judicial ticket a strength few men in the circuit could have done. Not only had he a unanimous and enthusiastic support for the nomination in his own county, but in all the counties of the circuit.

The ticket presented by the Democratic convention for the suffrages of the voters of this circuit is as strong a one as could have been made. We would have been pleased had Caroline been honored with a place on the ticket, but Hon. Henry R. Lewis, whom we would have had thus honored, was never an active candidate, and voluntarily withdrew previous to the convention, and requested that his name be not presented in that body. The nominees will be heartily supported in this county, and we venture to assert that Mr. Lewis will be foremost in its advocacy among our county men, as Mr. Hopper will be among the Democrats of Queen Anne's. With a vigorous campaign for the ticket it cannot fail of a handsome majority.

SKETCHES OF OUR CANDIDATES.

JAMES ALFRED PEARCE.

All men conversant with public affairs of fifty years ago remember that James Alfred Pearce, United States Senator from Maryland for four terms, was one of the most eminent statesmen of his day. His son, James Alfred Pearce, of Kent, on Wednesday nominated for chief judge of the Second judicial circuit, was born in 1840, and, like his distinguished father, was educated at Princeton, where he graduated with honor. During the past thirty-five years Mr. Pearce has been engaged in the active practice of his profession in Chestertown, and his reputation as a lawyer of marked ability has for many years been well-known throughout the State. He is a keen, ready lawyer, with a capacious memory of cases and legal principles. He has been a close student all his life, and is to-day, perhaps, as well prepared to sit in the Court of Appeals as any man in Maryland. He is a man of culture and refinement, and is of an engaging and amiable disposition, while his affable and courtly manners peculiarly fit him for the bench. He is extremely popular with the members of the bar in each of the counties of the circuit, and his elevation to the bench will by them be hailed with delight. He has always been a consistent Democrat, and for eight years in the seventies was State's Attorney for Kent county, but never held any other public office. A well-known lawyer from Cecil was heard to say Wednesday: "The people of this circuit in placing Mr. Pearce on the bench honor themselves in securing the services of such a distinguished and respected man." And on all sides his selection is regarded as an exceptionally strong one.

FREDERICK STUMP.

Frederick Stump was born on March 17, 1838, near Perryville, Cecil county at the old homestead, where he still resides. He was educated at Princeton, graduated in the same class with James Alfred Pearce, nominated Wednesday as his colleague. He was elected Associate Judge of this circuit after the adoption of the present constitution, and re-elected in 1882, and is the only judge elected after the adoption of the constitution now eligible for re-election. When first elected he had to wait about four months before he was old enough to qualify. His father died last year at the advanced age of 92 years in the full possession of all his faculties, and the Judge bears every evidence of of equaling the father in longevity.

WILLIAM R. MARTIN.

Wm. Richardson Martin was born at Snow Hill, Worcester county, May 27, 1854, his mother being a Miss Richardson, of Caroline county. He left Snow Hill in 1870, when he entered Delaware College, taking a four-year course and graduating with high honors. He taught school in Milford Delaware, in 1874 and '75, when he was elected principal of Easton High School, which position he held for two years. He studied law while teaching, under the direction of the late Judge Franklin and George M. Upshur. He was admitted to the bar in 1877, in Cambridge, and began at once to practice his chosen profession at Easton. He shortly afterward entered into a partnership with the late Isaac C. W. Powell, of Talbot county, which continued until 1884. Since then he has continued in practice alone. His father, Edward D. Martin, was a prominent lawyer of Worcester county, and was clerk of the Court at the time of his death in 1856. Mr. Martin has never been a candidate for any office within the gift of his people, preferring to serve in the ranks. He stands at the top of of profession in his county, having doubtless the the largest practice there. He married Miss Florence Starr, daughter of the late Robert Starr, of Baltimore, about 12 years ago, and has two children.

WHAT 'REFORM' REGISTRATION COST.

A recent article promulgated by the committee of the Democratic Editors' Association told how, by a partisan trick, the oath of secrecy in the election law passed by the Republican legislature of 1896 was left out, and how the illiterate colored voters were thus placed under absolute espionage and control of Republican election officials. A subsequent article showed what danger might result from the great power thus placed into the hands of the few white leaders. But there is still another view of the election and registration laws which the average busy reader has not taken. We refer to the enormous increased expenditures occasioned. Surely the people are paying well for their experience. The cost of increased taxation in every county, and in Baltimore, and the total cost in the State is a big, round sum. Instead of securing a full registration, free and fair, and a pure ballot, the opposite resulted. The table below gives the cost of registration and election in 1895 and in 1896, together with the cost of new ballot boxes, in all counties from which reports were secured in time for publication in this article.

The provision for ballot boxes, with minute description of the size and manner of them, necessitated the purchase of new ones, when every county and the city of Baltimore already had two sets on hand one of which was the result of the introduction of the Australian system in 1890.

COUNTY.	Cost of Election and Registration 1895.	Cost of Election and Registration 1896.	Cost of New Ballot Boxes 1896.
Anne Arundel	$ 1,997.00	$ 4,362.32	$ 33.00
Baltimore City	56,020.32	88,216.38	
Baltimore County	4,862.24	8,238.39	189.00
Caroline	1,283.25	1,608.92	42.00
Carroll	2,874.05	4,630.70	84.00
*Cecil	2,219.84	3,532.23	
Dorchester	2,954.92	3,691.13	
Garrett	1,413.32	3,214.45	63.00
Howard	1,712.00	3,230.90	58.00
Kent	1,700.00	2,540.00	72.00
Montgomery	2,529.09	3,981.72	133.00
Prince George's	3,098.95	3,591.57	84.00
Queen Anne's	1,839.65	2,566.61	70.00
Somerset	1,850.73	3,201.79	66.78
Wicomico	1,500.10	2,290.73	49.80
Worcester	1,481.00	2,850.22	39.15

*Elections only.

The cost in the other counties was in the same porportion, and also in Baltimore city. The total, therefore, foots up over $100,000 in increased taxation, which the taxpayers of the State have had to pay for the reform (?). No benefit has been derived from this expenditure; the rather, a law is placed upon the statute books that served to hinder registration and placed under surveillance of oathless officials the illiterate vote of the State.

Assuming that the new registration in the counties was wholly unnecessary for any public purpose, as it unquestionably was, and the authors of the partisan registration law become properly chargeable with the loss of time of every voter in the counties upon whom this unnecessary work was imposed. In most of the country districts the act of registering and of voting consumes a full day's time generally involvixg the use and often the hiring of a team. There were 152,993 voters registered outside of Baltimore city last year. Now, if we charge up $1 a head for the loss of time and incidental expense of each of these voters, we augment the expense account by $152,993, making the sum total above a quarter of a million dollars.

Study the figures in the table, learn what reform (?) in registration and election cost you, then consider the benefit. Instead of an honest registration and a pure ballot, as was the proclaimed purpose in changing the law, the very essence of the principle of the Australian system was omitted and the door opened wide for corruption.

WORK FOR DEAKYNE'S NOMINATION.

The failure of Caroline county to secure a place on the judicial ticket accentuates the claim of our county to the nomination for the comptrollership. There are political considerations of no small import which can be and will be presented to the Democrats when they meet in State convention, and which, we think, cannot fail to impress them in Mr. Deakyne's behalf. The duties of the comptroller's office are in line with the training Mr. Deakyne has had in the county treasurer's office, and it is doubtful if any of the gentlemen mentioned in connection with the nomination would be quite as well prepared as he to assume immediate charge of that important office. There should be, as our county convention suggests, an undivided and unremitting effort to secure the nomination of Mr. Deakyne.

A Society's Noble Work.

Mr. William C. Palmer, agent of the Henry Watson Children's Aid Society, spent about twenty days of June in Caroline, visiting the fifty children for whom homes were procured in our county. Mr. Palmer told a JOURNAL reporter that after his round in our territory he could say that all the children have good homes. They are kindly and considerately treated. With parental care, it may be said, most of them are being trained and educated. This speaks well for those with whom they have found their homes. This Society's children are more numerous in Caroline than in any other county in Maryland. One of the reasons for this is, perhaps, the marked kindness with which homeless little tots are welcomed. There is a committee—W. Frank Ford, Hillsboro; Thos. H. Everngam, Concord, and Walter Todd, Preston, who receive applications from those who have approved homes to offer the little waifs. In this way many farmers and farmers' wives have secured valuable help; and besides, they have been enabled to do much to elevate and develop the lives of those who would have been destitute, or in danger of being contaminated by evil.

THE SIN OF OMISSION.

It isn't the thing you do, dear,
It's the thing you leave undone,
Which gives you a bit of heartache
At the setting of the sun.
The tender word forgotten,
The letter you did not write,
The flower you might have sent, dear,
Are your haunting ghosts to-night.

The stone you might have lifted
Out of a brother's way,
The bit of heartsome counsel
You were hurried too much to say,
The loving touch of the hand, dear,
The gentle and winsome tone
That you had no time or thought for,
With troubles enough of your own.

These little acts of kindness,
So easy out of mind,
These chances to be angels
Which even mortals find,—
They come in night and silence,
Each chill reproachful wraith,
When hope is faint and flagging,
And a blight has dropped on faith.

For life is all too short, dear,
And sorrow is all too great,
To suffer our slow compassion
To tarry until too late.
And it's not the thing you do, dear,
It's the thing you leave undone,
Which gives you the bitter heartache
At the setting of the sun.

Hon. C. B. Bush, president of the Gilmer County (W. Va.) Court, says that he has had three cases of flux in his family, during the past summer, which he cured in less than a week with Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Bush also states, that some instances there were twenty hemorrhages a day.—Glenville, W. Va. *Pathfinder.* This remedy has been used in nine epidemics of flux and one of cholera with perfect success. It can always be depended upon for bowel complaint, even in its most severe forms. Every family should keep it at hand. The 25 and 50 cent bottles for sale by Hugh Duffy, Hillsboro; R. S. Colston, Ridgely; W. E. Brown, Denton.

LeGore's combination of lime is no building or magnesia lime. It is manufactured exclusively for the growth of crops and the general improvement of soils. By experimenting, farmers will find it to have double the power of other limes. Now is the time to lime all sod fields and bulk ahead for the stubble and wheat fields. Nothing equal to this lime for grass and wheat. For full information address,

J. W. LEGORE, Woodboro, Md.

"July 18, 1896, our store, four dwelling houses and three barns were washed away by a flood. Soon after the community was visited by an epidemic of bloody flux. In a short time we sold ten dozen of Chamberlan's Colic, Cholera and Diarrhoea Remedy and in every case where it was used the results were all that could be desired; in fact our physicians admitted that it would do more toward bringing about a cure of flux than they could do"—BUSH & KNISLEY, Auburn, W. Va., Oct., 8, 1896. For sale by Hugh Duffy, Hillsboro; R. S. Colston, Ridgely; W. E. Brown, Denton.

WANAMAKER'S.

PHILADELPHIA, Monday, June 28, 1897.

We're Thinking of the Housekeepers

Every day contrivances for kitchen use are brought here—for endorsement and sale. The average inventor could well afford to supply us for a year without a penny of profit—because to say "Wanamaker sells it" is to insure easy selling elsewhere. But the best wit of the houseware chief is employed to keep things out. Our Public shall not be led into troublesome experimenting. We have the testing done before goods are accepted for sale.

Nothing left but easy choosing for those who depend on this house-furnishing store—with fairest of fair prices to pay.

The basement is where foundations are. The business is on the same lines clear to the roof.

Visitors to Philadelphia will be interested in this satisfactory store.

Refrigerators THE laws of Nature govern refrigeration—all that is needed is non-conducting walls and food chamber connected by several openings with an ice chamber. Put in ice and food and refrigeration goes on. Cold air on the go—that's all. Refrigerators have cost too much.

"The Puritan" Refrigerators, oak grained, size 25x18x41 inches, holds 30 pounds of ice and has good-size food chamber, $6.75.

"Puritan" Sideboard Refrigerators, with porcelain-lined water tank and nickel-plated self-closing faucet, $16 and $18.50. Less elaborate finish, usual spigot, $9.50.

"Puritan" Ice Chests 24x16x26 inches, $3.50.

Other sizes and styles of refrigerators and ice-chests, of course.

Ice Cream Freezers BEST freezer, from every point of view, is "The Wanamaker." When we found it, years ago, we adopted it and put on the name. We are always looking for the better one. It hasn't been made yet. 2-qt., $1.50; 3-qt., $1.80 and up to 14-qt. at $6.

Gem Freezers, of course; each size 10c less than same size in "The Wanamaker."

Porch and Lawn Chairs OLD Hickory Chairs take care of themselves—strong; fearless of weather and insects.

Chairs, $1.75 to $5.00
Rockers, $2.75 to $5 50
Settees, $3.75, $5.00 and $18
Tables, $4.75 and and $5.50

Porch Rockers, woven reed seat and back—$1.50, $1.65 and $2. With arms, $2 25, $2.75 and $5. With room for two, $4 75.

Rockers of glazed cane—outside split that wears — double-caned seat and back; with arms. Prices start at $3.50.

Hammock Chairs—birch frames, with strip of striped duck that forms seat and back, $1.85.

Folding Benches, 3½ feet long, red or light finish, 75c.

Fruit Jars BEST sorts; plenty of them; very little to pay—

Mason Jars, with Boyd porcelain tops—Quarts, 50c a doz. Pints, 45c a doz.
Vacuum Jars, easy to close and open—Quarts, $1 a doz. Pints, 85c. a doz.
Star and Crescent Jars—Quarts, $1.10 a doz. Pints, 90c a doz.
Jelly Tumblers, hold one-third pint, 20c a doz.

All Mason jars are packed one dozen in case, which may be used to keep fruit in after canning.

Towels COUNTED them—twenty thousand eight hundred and twenty. We bought them months ago—when money went farthest. Wholesalers today must charge as much to those who'll sell again as we need ask you who buy by twos and threes or dozens.

10c—Bleached huck towels, Scotch, 17x32 in. Fringed ends. Colored borders or white.
12½c—Bleached huck towels, 19x39 in. Fringed ends.
15c—Bleached damask towels, German knotted fringe; borders white or colored. 18x43 in.
20c—German huck towels, bleached, 18x40 in.; hemstitched ends.
25c—Huck towels with damask borders; 22x42 in. German.
30c—Double-huck towels, heavy and extra quick absorbers of water; 23x41 in.
35c—Damask towels, knotted fringe; white or colored borders. 22x50 in.

Carpet Sweepers A NEW Bissell sweeper—full size, with rubber furniture guard, automatic dust pans and most of the good points that have made these sweepers famous. 95c.

WEIGHED IN THE BALANCE BY YEARS OF EXPERIENCE

Of the most advanced and practical farmers, and to-day

The McCormick Machines

ARE UNRIVALLED. Whenever wheat is grown there you will find McCormick Harvesting Machines. The manufacturers have succeeded in their . . . . ambition to make the BEST. . . . .

DO we claim for McCormick machines that they have reached the acme of perfection? Yes—so far as perfection is known to-day. So long, however, as sunrise shall follow sunset, so long the Ship of Progress will sail on—on; straight ahead; always. Return trip? Never! Better, for better than any other implements of the same class, McCormick machines of to-day are better than McCormick machines of yesterday, and in the direction toward which we hopefully travel, we promise ourselves—and you—that they shall ever lead the way. Yours very truly,

McCormick Harvesting Machine Co.

Examiners' Notice.

We, the undersigned, having been appointed by the county commissioners of Caroline county to examine and lay down a public road to begin at a point on the public road leading from William Stevens' farm to Lacy Stevens' farm, at the unfinished road (or near there) laid down at the instance of the late P. W. Downes; thence running through the lands of Thomas N. Todd, at the mill-dam, on the north side of the dwelling on said farm; thence running through the lands of Tilghman Andrew, through the same on west side of the tenant house, on to the lands of Tilghman Nuttle, thence with same to the public road leading from Andersontown to Williston, hereby give notice that we will meet at the place of beginning of said road on THURSDAY, 29th day of July, 1897, at 9 o'cleck a. m., for the purpose of executing our commission. The county surveyor will please attend without further notice.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting, incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25 cts. per box.

Dr. Cady's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 25 cents per package.

Notice.

We hereby announce MR. GEORGE H. BEAVEN for nomination of Register of Wills, subject to the action of the Democratic nominating convention, and gladly proclaim his special qualifications and fitness for said office.

SIXTH DISTRICT.

Notice.

The partnership heretofore existing between Henry R. Lewis and J. Kemp Stevens is this day dissolved by mutual consent.
