NEW PROSPECTUS

OF THE

SCIENTIFIC AMERICAN.

TO INVENTORS, MECHANICS AND ARTIZANS.

THE Publishers of the SCIENTIFIC AMERICAN in returning their thanks to the community for the liberal support and encouragement which has been extended to them during the past four years, would respectfully give notice that the 1st number of Volume 5. will be issued on the 22d of September, affording a favorable opportunity for all to subscribe, who may wish to avail themselves of the valuable information always found in its columns. The new volume, will be commenced with new type, printed on extra fine paper, manufactured expressly for this publication, and embelished with chaste and elegant border. It will be published as heretofore in quarto from, thus affording, at the end of the year, a BEAUTIFUL BOOK of OVER 400 PAGES, containing between 5 and 600 ORIGINAL ENGRAVINGS of NEW INVENTIONS, described by letters of reference, besides a great amount of reading matter, valuable to every man in the country,

An increased amount of care and expense will be bestowed upon this Volume, to render it more fully what it has been termed, "The best Mechanical Paper in the World." Its columns, as usual, will be filled with the most reliable and [illegible] information in regard to the progress of SCIENTIFIC and MECHANICAL Improvements,—CHEMISTRY, ARCHITECTURE,—BOTANY, MANUFACTURES, RAIL ROAD Intelligence, and the WEEKLY LIST OF PATENTS, prepared expressly for this Journal at the Patent Office, Washington.

As an evidence of the estimation in which this publication is held by the Scientific and Mechanical portion of the community, it is only necessary to state, that its circulation has increased within the last three years to upwards of 10,000 copies, already exceeding the united circulation of all the Mechanical and Scientific publication in this coontry, and the largest of any single one in the world.

The information obtained from the Scientific American can always be relied upon as being correct: and we shall, as usual, aim to elevate the interests of our industrious mechanics, and also to assist them in their labors, by sound advice and practical instruction.

TERMS:—Two dollars a year in advance; or, if desired, one dollar in advance, and the remainder in six months

All letters must be Post Paid and directed to

MUNN & CO.,
Publishers of the Scientific American,
128 Fulton street, New York.

N. B.—Patents secured and mechanical drawings executed on the most reasonable terms at the Scientfic American office.

INDUCEMEMTS FOR CLUBBING.

Any person who will send us four subscribers for six months, at our regular rates, shall be entitled to one copy for the same length of time; or we will furnish—

10 copies for	6	months		$8
10 "	12	"		$15
10 "	12	"		$22
15 "	12	"		$28

Suthern and Western Money taken at par for subscriptions. Or Post Office Stamps taken at their full value

N. B.—Subscribers will bear in mind that we employ no Agents to travel on our account; a list of our local agents will be fonad in another column—all of whom are duly authorized to act as such, and none other.

Late Improved Self-Adjusting Truss,

No. 2 COURTLAND STREET, N. Y.

which has effected more radical cures than all others combined, being so constructed as to adapt itself to every form and position of the body, wholly dispensing with the Strap so annoying to the wearer. The Truss, in its present perfection, we boldly challenge the world to produce its equal. Persons afflicted with Hernia or Rupture will do well to call at this office, were this instrument will be in all cases scientifically applied. Certificates of cures, from individuals residing in different parts of the United States, can be seen at this office without number. ALSO

SUPERIOR SHOULDER BRACE,

The object of this Brace is to remedy habitual stooping, round and crooked shoulders, weak back and chest, and preserve a correct and graceful position, indispensible to health and beauty It is adapted to benefit men, woman and children of all ages, occupations and conditions.—The great utility of this Brace will, on trial, become opparent to all, and its simplicity and adaptation to the object designed, are its best recommendations. It is light yet strong, and prefectly elastic, combining all the excellencies of the common Shoulder Brace in use, with none of its objections. This Brace is so constructed as to answer the purpose of Shoulder Brace and Suspenders, It is also attached to a new and superior Abdominal Supporter.

Also, kept on hand and made to order, improved Spinal Elevators, for Curvature of the Spine and projections of the Shoulder Blade; Suspensory Bandages, Lace Stocking; Springs, for Bow Leg, Knock-knee, weak and paralytic limbs.

FOR SALE BY, GEO KEEFER, Clearspring, H. P. AUGHINBAUGH & V. THOMPSON, Hagerstown. Oct 13, 1849. 1y
