VALUABLE SLATE QUARRIES

IN HARFORD COUNTY.

By virtue of a decree of the Circuit Court for Harford county, as a Court of Chancery, the undersigned, as trustee, will offer for sale, at the Court House door, in Bel Air, Md.,

ON MONDAY, OCTOBER 10th, 1887,

At 11 o'clock, A. M., all that

TRACT OR PARCEL OF LAND,

situated in Harford county, of which the late George Ludwick died seized, being part of a tract called "Mt. Pleasant," and part of a tract called "Williams' Birthright," and the same and all the land conveyed to the said Ludwick by deed dated 1st of July, 1859, and recorded among the Land Records of said county in Liber W. G., No. 11, folio 106, except about 15 acres of said tract sold by the said Ludwick in his lifetime, and described in a deed recorded among said records in Liber W. H. D., No. 19, folio 11, and containing as now laid off about

85 Acres of Land, More or Less.

It is situated in Harford county, about half a mile from the town of Delta, Pa., and surrounded by the valuable Slate Quarries for which this section is famous. This tract will be offered in three different parcels, as marked on the plat, which can be seen on application to the trustees.

PARCEL No. 1 contains about

38 Acres of Land, More or Less,

and has on it a VEIN of SLATE and a QUARRY already opened, with a good two-story DWELLING HOUSE and Buildings and Machinery used in connection with the quarry. This parcel is subject to a right of way over one corner of it, reserved by Mary Cranstown, in a deed of record among said Land Records, in Liber H. D., No. 38, folio 64.

PARCEL No. 2 contains about

8 Acres of Land, More or Less,

and has on it a VEIN OF SLATE of apparently great value.

PARCEL No. 3 contains about

39 Acres of Land, More or Less,

and likewise contains a VEIN OF SLATE, with indications of great value. A part of this parcel is susceptible of being easily made very productive farming land.

All of these parcels are well situated for quarrying purposes, with abundant room for the disposal of algrubbish and with a right of way from them all along the outlines of the whole tract to the road leading from Love's Mill to Chickentown.

TERMS OF SALE.

One-third of the purchase money to be paid in cash on the day of sale or on the ratification thereof, at the option of the trustees; one-third in six months and the balance in twelve months from the day of sale, the credit payments to bear interest from the day of sale and to be secured by the notes or bonds of the purchaser, with surety to be approved by trustees.

Trustee's Sale.

In pursuance of a decree of the Circuit Court for Harford county, in Equity, the undersigned, as trustee, will offer at public sale, at the Court House door, in Bel Air,

ON MONDAY, OCTOBER 10th, 1887,

At 12 o'clock, M., all those two

Lots, Tracts or Parcels of Land,

situate and lying in Harford county, on the public road leading from Schuck's Corner, on the Bel Air and Churchville road, to Dozen's Corner, on which James P. Beall now resides, which land is particularly described in two deeds, as follows: The first lot of land being described in a deed from John Moores and others to James P. Beall, dated on the 24th day of April, in the year 1861, and recorded in Liber A. L. J., No. 25, folio 438, one of the Land Record Books of the Circuit Court for Harford county, containing

26¼ ACRES, MORE OR LESS,

called "Prospect," or by whatsoever name or names the same may be known or called.

Also all that other Lot, Tract or Parcel of Land, situate and lying in the county aforesaid, called "Prospect," "Matthew's Care," "Edward's Lot," or by whatsoever name or names the same may be known or called, containing

45 ACRES, MORE OR LESS,

being the same and all the land which is particularly described in a deed from John Trago and wife to the said James P. Beall, dated on the 13th day of March, in the year 1862, and recorded among the Land Record Books of the Circuit Court for Harford county, containing together

71¼ ACRES, MORE OR LESS,

There are about sixty acres of cleared land, in a high state of cultivation.

The improvements consist of a new FRAME DWELLING HOUSE, good Stable, large Wagon House, Corn House, Hog House and other out buildings, all of which are as good as new.

This property is located on the public road leading from Dozen's Corner to the Churchville road at Schuck's Corner, about three miles from Bel Air, Md. It has on it a young Apple Orchard in full bearing, is under good fence and convenient to churches, schools, mills, &c., and is in every way a very desirable property.

TERMS OF SALE.

The terms of sale as prescribed by the decree are—that one-third of the purchase money shall be paid in cash on the day of sale, one-third in six months and the balance in twelve months from day of sale, or all cash at the option of the purchaser; the credit payments to bear interest from day of sale and to be secured by the notes or bonds of the purchaser, with security to be approved by the trustee.

HORNER'S

Dissolved Slaughter-House Bone Dust

It is richer in SOLUBLE PHOSPHORIC ACID and AMMONIA than any similar article in the market.

There is more difference in the quality of two several manufactures of bone, even though both are free from adulteration, than there is between two several samples of wheat, and yet farmers are often inclined to think that bone is bone, and that settles it.

While the sellers may be specifically correct in saying the bone is strictly "pure," and from the low price at which they offer it mislead the patronage of the unsuspecting purchaser who believes "bone is bone," if they are compelled to sell on guaranteed analysis the farmer will get more for his money.

Knowing we have the best bone in the market—knowing that our stock is all SLAUGHTER-HOUSE BONE—knowing that nothing valuable has been culled or taken from it—knowing that it is PURE—we challenge the trade to sell on guaranteed analysis, which is the only fair way in which fertilizers or anything else of variable quality should be sold.

TIRED OUT!

At this season nearly every one needs to use some sort of tonic. HOP enters into almost every physician's prescription for those who need building up.

BROWN'S **IRON BITTERS** THE BEST TONIC

Trade Mark. QUALITY PURITY NOT QUANTITY. On Every Bottle.

For Weakness, Lassitude, Lack of Energy, etc., it HAS NO EQUAL, and is the only iron medicine that is not injurious. It Enriches the Blood, Invigorates the System, Restores Appetite, Aids Digestion. It does not blacken or injure the teeth, cause headache or produce constipation—*other iron medicines do.*

Dr. G. H. BUKLEY, a leading physician of Sprk. field, Ohio, says: "Brown's Iron Bitters is a thoroughly good medicine. I use it in my practice, and find its action excels all other forms of iron. In weakness, or a low condition of the system, Brown's Iron Bitters is usually a positive necessity. It is all that is claimed for it."

Dr. W. N. WATKINS, 1219 Thirty-second Street, Georgetown, D. C., says: "Brown's Iron Bitters is the Tonic of the age. Nothing better. It creates appetite, gives strength and improves digestion."

Genuine has above Trade Mark and crossed red lines on wrapper. Take no other. Made only by BROWN CHEMICAL CO., BALTIMORE, MD.

IN THE FIRELIGHT.

The fire upon the hearth is low
And there is stillness everywhere—
Like troubled spirits here and there
The firelight shadows fluttering go,
And as the shadows round me creep,
A childish treble breaks the gloom,
And softly from a further room
Comes: "Now I lay me down to sleep."

And, somehow, with that little pray'r
And that sweet treble in my ears,
My thought goes back to distant years
And lingers with a dear one there;
And as I hear my child's amen,
My mother's face comes back to me,
Crouched at her side I seem to be,
And mother holds my hands again.

Oh, for an hour in that dear place—
Oh, for the peace of that dear time—
Oh, for the childish trust sublime—
Oh, for a glimpse of mother's face!
Yet as the shadows round me creep,
I do not seem to be alone—
Sweet magic of that treble tone
And "Now I lay me down to sleep!"

HARFORD COUNTY'S REVOLUTIONARY RECORD.

Mostly from Original Documents.

BY GEO. W. ARCHER.

XVIII.

"In Council of Safety, *Annapolis, July 16th, 1776.*

Gentlemen: Enclosed we send you the Declaration of Independence, and the letter that accompanied it from Congress to the convention, requesting that it should be proclaimed in your county in the manner you judge most proper for the information of the people.

We are, Gentlemen, your most obd't serv'ts,

By order, DAN. OF ST. THOS. JENIFER, Pr'st."

"Committee of Harford county.

The following is the "letter" alluded to above:

"Philadelphia, July 8th, 1776.

"Gentlemen: Although it is not possible to foresee the consequences of human action, yet it is nevertheless a duty we owe to ourselves and posterity, in all our public counsels to decide in the best manner we are able and to trust the event to that Being who controls both causes and events, so as to bring about His own determination.

"Impressed with this sentiment and at the same time fully convinced that our affairs may take a more formidable turn, the Congress have judged it necessary to dissolve all connection between Great Britain and the American Colonies, and to declare them free and independent States, as you will perceive by the enclosed declaration which I am directed by Congress to transmit to you, and to request you will have it proclaimed in your Colony in the way you may think most proper.

"The important consequences to the American States from this declaration of Independence, considered as the ground and foundation of a future Government, will naturally suggest the propriety of proclaiming it in such a manner as that the people may be universally informed of it.

"I have the honor to be, Gentm, your most ob't serv't, JOHN HANCOCK, President."

"Honorable Convention of Maryland."

It is worthy of notice that while so many words in the last two documents begin with capitals the immortal *Declaration* seems to have been born and christened with a little d. Does any one know the exact mode by which it was proclaimed heretofore? The Congress, it seems, left the mode of proclamation to the convention, which in its turn left it to the committee. It seems a little strange that as there was a newspaper published in Annapolis and one in Baltimore, the convention did not use them as channels for the purpose designated. The convention had, on the very day the great Declaration was formally signed, passed a resolve prescribing the death penalty on all who should in any way, what soever, after the 5th of August, afford aid or comfort to the enemy, and had ordered said resolve to be published at once in the *Maryland Gazette*, but there was no printing-press then in Harford it is possible that manuscript copies were hurriedly made by direction of the committee and sent to various places of public resort in the county, to be there posted or read aloud. Is there any such copy extant? If so, it should be carefully preserved and treasured for its precious associations.

"In Council of Safety, *Annapolis, July 16th, 1776.*

"Gentlemen: It will be impossible for us to attend so particularly as we could wish to every part of the enclosed resolves, and therefore must reques the favour of you, (though we are conscious it will give you a good deal of trouble) to assist us as far as the nature of the subject and your situation will admit of, to comply with them, particularly in borrowing firelocks from such of the militia as will lend on the public faith being pledged that the same shall be returned in the like good condition as received, or in case of loss, the value thereof; in having them valued, and also in collecting a sufficient quantity of blankets for the troops directed to be raised in your county for the Flying Camp; and if practicable, more to make up the deficiency which we are apprehensive there will be in some other counties. We wish the defective arms which may be collecting in your county for the Flying Camp should be repaired and fitted there, if possible, and therefore request you will exert yourselves in your endeavors to have them done as expeditiously as you can. We desire to know how many arms you have, which have been delivered in by those who have not subscribed the association or enrolled in the militia.

"We have already a sufficient quantity of cartouch-boxes, bayonet-belts, and slings; and have advertised with persons to contract with us for making knapsacks, with haversacks, priming wires, and brushes. But if you can recommend to us any who will engage to supply the public with either of those articles we shall be obliged to you. Steel ramrods, we presume, you will be able to get made, but are doubtful as to bayonets; however, if you can provide them also we would have you do it.

"We will send you by first opportunity some cash to buy guns and blankets, which we request you will lay out accordingly. We have not exceeded four pounds five shillings for a musquet with a steel ramrod and bayonet, but upon this occasion would have you go as high as four pounds ten shillings. Guns which you may purchase without either ought not to cost so much that the necessary repairs and providing ramrods and bayonets will carry them above four pounds five shillings, unless they are very good, in which case we will also allow four pounds ten shillings.

We are Gentlemen, your h'ble serv'ts,

By order, DAN OF ST. THOS. JENIFER, Pr'st."

"Committee of Harford county.

The following are the "resolves" referred to in the foregoing communications:

"In Convention, June 25th, 1776.

"Resolved, That such of the militia as have effective firelocks use the same; that such of them as have firelocks not effective,
