NOTICE.

Treasury Department, July 25, 1814.

NOTICE IS HEREBY GIVEN,

That proposals will be received by the Secretary of the Treasury until the 22d day of August next, for loaning to the United States the sum of SIX MILLIONS of dollars, or any part thereof, not less than twenty-five thousand dollars; the same being in part of the sum of twenty five millions of dollars authorised to be borrowed by the act of Congress of the 24th day of March last.

The stock to be issued for the money loaned will bear an interest of six per cent per annum, payable quarter yearly; and the proposals must distinctly state the amount of money offered to be loaned, and the rate at which the aforesaid stock will be received for the same.

The amount loaned is to be paid into a bank or banks authorised by the Treasury, in instalments in the following manner, viz:

One fourth part, or twenty-five dollars on each hundred dollars, on the tenth day of September next.

And one fourth part, on the tenth day of each of the ensuing months of October, November and December next.

On the day fixed for the payment of the first or any other instalment, all the remaining instalments may be paid at the option of the lender.

The proposals must state the bank or banks into which the lender may desire to make his payments; and he will be allowed to make them according to his wishes thus expressed in all cases, where the convenience of the Treasury will permit.

The same terms will be allowed to all whose proposals are accepted.

No proposals will be received for less than twenty-five thousand dollars; but a commission of one fourth of one per cent. will be allowed to any person collecting subscriptions for the purpose of incorporating them in one proposal to the amount of twenty-five thousand dollars or upwards, provided such proposal shall be accepted.

On failure of payment of any instalment, the next preceding instalment to be forfeited.

All the instalments must be paid at the same Bank as that at which the first instalment shall be paid.

Scrip certificates will be issued by the Cashiers of the Banks where the payments shall be made to the persons making the payments; and the said Cashiers will endorse on these certificates the payments of the several instalments when made.

The scrip certificates will be assignable by endorsement and delivery; and will be funded after the completion of the payments, upon presentation to the Commissioner of Loans for the state where the payments have been made.

Certificates of funded stock will also be issued, if the holders of scrip-certificates shall desire it, for the amount of any instalment paid, after the payment of the next succeeding instalment.

The funded stock to be thus issued will be irredeemable, till after the 31st day of December, 1826; will be transferable in the same manner, as the other funded stock of the United States, and will be charged for the regular and quarterly payment of its interest, and for the ultimate reimbursement of its principal, upon the annual fund of eight millions of dollars appropriated for the payment of the principal and interest of the debt of the United States, in the manner pointed out in the aforesaid act of the 24th of March, 1814.

G. W. CAMPBELL,
Secretary of the Treasury.
