WESTMINSTER. MARYLAND.

W. L. W. Seabrook, - Editor.

Entered at the Postoffice at Westminster. Md., as Second-class matter.

SATURDAY. MAY 6. 1899.

The London, England, Daily *News* quotes Joseph Pulitzer, editor of the New York *World*, as saying that "it seems to be assured that Mr. Bryan will again have the Democratic nomination for the presidency next year." Mr. Pulitzer, however, appears to think that Mr. Bryan must abandon the free silver issue and take up the anti-expansion and anti-monopoly ideas, or again go down in defeat. No doubt the sound money Democrats are anxious to avoid the question which rent their party asunder in 1896, but non-allusion to the troublesome subject seems to be impossible. Mr. Bryan has already made it plain that free coinage is an issue which cannot be ignored and the national conventions of all parties will be constrained to make a positive declaration on one side or the other. It goes without saying that the Republicans will declare for the gold standard. The Democrats cannot remain silent on an issue of such vital importance, without incurring the contempt of the people.

THE BALTIMORE ELECTION.

The municipal election in Baltimore, on Tuesday last, resulted in the defeat of Mayor Malster, the Republican candidate for re-election, by a plurality of 8-641, Thomas G. Hayes, the Democratic candidate, having received 57,629 votes to 49,018 for Mr. Malster. Skipwith Wilmer, the Democratic candidate for President of the Second Branch of the City Council, received 56,844 votes to 49-485 for John T. Langhammer, the Republican candidate; and James H. Smith, the Democratic candidate for city Comptroller, received 57,224 votes to 49,131 for Fuller Waters, the Republican candidate. The Democrats also elected every member of the Second Branch of the City Council, and eighteen of the twenty-four members of the First Branch.

The result was not a surprise to those who carefully watched the drift of the campaign. It does not, as many persons suppose, exhibit the relative strength of the Republican and Democratic parties in Baltimore. From the first it was plainly apparent that many Republicans would not cast their ballots for the party ticket. Many others openly declared their intention to vote for the Democrat c candidates. Many of these, too, were not of the class of voters denominated Independents, but straightout Republicans. The Independents were practically solid for Hayes, and three of the four leading newspapers of the city were on the same side. Whatever of defects there may have been in Mr. Malster's administration were held up in an exaggerated light before the people and the good work wrought for the welfare of the city was systematically belittled. It is more than probable that many votes were cast against the Republican ticket under a misapprehension of the real character of the Republican administration of the affairs of the city. People, therefore, who imagine that the result means a new lease of unlimited power to the Democratic party, may have cause to revise that judgment within a very brief period.

MILD ACTION.

Considerable interest has been excited by the action of the United States Government in ordering the exclusion of a circular or pamphlet written by Mr. Edward Atkinson, of Boston, Mass., from the mails in transit to the Philippine Islands. The copies of the circular destined to the Philippines were received by post, at San Francisco, enroute for their destination. Deeming them calculated to foster insurrection and resistance to the authority of the government the postmaster at that point was directed to stop their further transmission. Some people affect to believe that this was an act of tyranny, and an unjust interference with the individual rights of a citizen; but Mr. Atkinson should be well content to escape with no more serious penalty for an act that borders closely on treason against the government. The largest liberty of expression is permitted in the discussion of such a question as expansion, when such expression is simply for consideration by the American people; but when it is to be circulated among and give aid and comfort to those in armed conflict with the military forces of the country, it becomes another matter entirely. No restraint has been placed upon the discussion of the Philippines' question by the press of the country, or on the hustings. Opponents of expansion have been permitted as much freedom in the expression of their views as those who favor it. In all probability a knowledge of such utterances has reached the Filipino leaders and has encouraged them to prolong their resistance to the authority af the United States, if it did not, originally, prompt the beginning of such action. In the very nature of things this was unavoidable, although few anti-expansionists could fairly be charged with such a purpose.

But, apparently, Mr. Atkinson's design in sending an anti-expansionist pamphlet to the Philippines, for circulation among the Filipino insurrectionists, was to encourage the armed enemies of his country in making war upon the American troops. His course, in the affair, is closely akin to treason and it is difficult to see how any patriotic and loyal citizen can approve it, or condemn the government for preventing the consummation of the scheme, which might prolong the conflict and cause the death of many of the soldiers employed in the Filipino war. Under the circumstances the action of the government in the premises is of a very mild character.

Mrs. Ella Gray, of Cecil county, was committed to jail at Elkton, on Wednesday, charged with the murder of her husband, Henry Scott Gray, by poisoning him with arsenic. Gray, who was about thirty years old and a robust and healthy man, died suddenly on the ninth of April, under circumstances which aroused suspicion that he had been poisoned, and that his wife was the perpetrator of the crime.

THE TRIUMPH OF INTELLIGENCE.

From the American Economist.

A communication recently sent from London to an American commercial paper contains the following:

"Practically all the equipments of new London electric railways, including elevators, are brought from the United States. There are many outward signs of this American invasion. A large proportion of things advertised in papers and magazines the American recognizes as home products. One big hotel in the commercial quarter has a whole wing given up to sample rooms of American drummers. They show machinery, novelties and manufactured articles of all kinds. Nor do these advance agents of Yankee prosperity confine themselves to one hotel. Some of the pioneers are reaping a harvest. American shoes sell at 50 per cent. over New York prices, and bicycles and other articles are also well up. An outcome of this movement, already apparent in some quarters, is that Great Britain is urged to impose a Tariff to save her home market from her newest rival."

This state of affairs goes to show that the cheapest products, considered as to their selling prices, are to-day, in a large number of cases, the products of the highly paid and intelligent labor employed in the Protected industries of America. Intelligence is bound to pay in the end. We are now having a practical realization of the Protectionist claim that Protection will, in the end, mean cheaper production than would be possible under Free-Trade, because Protection means intelligent labor. As President McKinley once said:

A revenue Tariff cheapens products by cheapening men; a Protective Tariff cheapens products by elevating men and by getting from them their best labor, their best skill, their best invention.

SENATOR DEPEW ON THE NEXT PRESIDENCY.

Republicans who lost their nerve in consequence of the defeat of Mayor Malster, in Baltimore, may find it again in the following predictions of Chauncey M. Depew, of New York, who, in an interview at Cleveland, Ohio, is quoted as follows:

In an interview here recently Hon. Chauncey M. Depew said that he favored the continuance of Senator M. A. Hanna as chairman of the Republican National Committee.

"In the election of 1896 Mr. Hanna showed a skill in conducting the affairs of the Republican party that has never been surpassed in the history of the party," said Mr. Depew. "It is the policy of the Republican party never to get rid of a good leader until it has found a better one."

Speaking of the campaign of 1900, Senator Depew said the Republican party practically would have no opposition. "Bryan has read the New York Democrats out of the party, and they will not again get together," he said.

"What will be the Republican issue in 1900?" was asked.

"The platform will reassert everything the party has ever said, and the party will declare in favor of expansion.

"How about trusts?"

"Undoubtedly, the Republican party will adopt a plank condemning trusts, and I also think the Democratic party will adopt a similar plank. The Republicans will reaffirm their declaration for the gold standard, and there is no doubt the Democrats will again take up silver."

Mr. Depew states a condition of political affairs that must be apparent to any careful observer of such matters.

Reformed Classis.

The regular annual session of Maryland Classis of the Reformed Church in the United States convened at Jefferson, Frederick county, on Wednesday. Rev. H. F. Ditmar, pastor of the Reformed Church at that place, is president of the classis, and this is the second consecutive meeting in Frederick county, last year's meeting having been held at Walkersville.

Maryland Classis is one of the minor bodies going to make up Potomac Synod of the Reformed Church. Its territory covers almost the whole of Maryland, and includes sixty-six congregations, eight of which are in Baltimore city. Forty-one ministers and two licentiates are in the classis, and the total membership in Maryland is 9,065. The total contributions of the congregations of this classis last year were $64,660, of which $12,042 was for benevolent purposes and $52,618 for congregational purposes.

The officers of classis last year were: Rev. H. F. Ditmar, Jefferson, president; Elder John Gassaman, Hagerstown, vice-president; Rev. H. J. Macalister, Westminster, corresponding secretary; Rev. Dr. E. Ransom Deatrick, Woodberry, stated clerk; Rev. Calvin S. Slagle, Westminster, treasurer.

This classis will elect delegates to Potomac Snyod, which meets next fall, and also to the triennial session of the General Synod of the Reformed Church in the United States, the highest body in the church organization, which meets in Tiffin, Ohio, on the 23rd inst.

Officers for the ensuing year were elected at Thursday morning's session, as follows: President, Rev. C. W. Levan, of Baltimore; vice president, Rev. H. J. Macalister, of Westminster; corresponding secretary, Rev. E. L. McLean, of Frederick. Rev. E. R. Deatrick, of Baltimore, is stated clerk.

MRS. GEORGE ACQUITTED.

After a prolonged trial Mrs. Annie George, who was indicted at Canton, Ohio, for the murder of George Saxton, brother-in-law of President McKinley, was declared not guilty, by the jury, on Friday of last week.

A cheer went up from the crowd in the courtroom when the verdict was announced. The cheer was taken up by the people who packed the streets about the courthouse.

Mrs. George's face lit up with a smile as the words were spoken that made her a free woman. She was immediately surrounded by friends, who desired to congratulate her. She had spent seven months in jail awaiting trial.

Mrs. Sarah A. Burdette, widow of David Burdette, of Howard county, died at the home of her daughter, Mrs. R. H. Mills, in Gaithersburg, a few days ago, at the age of seventy-two years.

A terrific rain and hail storm passed over Washington county, on Tuesday afternoon, doing considerable damage to growing crops and prostrating telegraph and telephone wires.

The many ardent friends of Rev. Dr. Wesley Reid Davis, in this community, were greatly pained and distressed by a report published in the Baltimore papers on Wednesday, to the effect that a warrant had been issued by Justice Grannan, of that city, for his arrest. The charge against him was that he had obtained $85 from a citizen of Baltimore, on a check drawn on a New York bank, in which he did not have funds to meet it. On Thursday it was further reported that Dr. Davis had been arrested in Washington, D. C., for obtaining $50 from a gentleman in that city, in a similar manner. Dr. Davis was promptly released on bail. He explained that the checks had been given in good faith and were drawn against a supposed deposit which should have been made for him by a business associate in New York, but that learning that they had not been honored he was preparing to make them good as speedily as possible. This explanation is probably correct as it is known to some of Dr. Davis' friends in this city, that he had important business relations in New York. It is also known that he has at times been entrusted with large sums of money for the purchase of articles of virtu abroad, and has been faithful to every trust, so that it appears unreasonable, to say the least of it, that he would attempt the practice of the petty scheme alleged, to obtain comparatively insignificant amounts. Later a nolle prosequi was entered in the case in Washington and the Baltimore warrant was withdrawn. Friends went to the relief of Dr. Davis and he was provided with the means to cancel the obligations referred to and others of a similar nature. The Baltimore morning papers state that Mr. Geo. W. Albaugh, of this city, went to Washington and proffered his assistance to Dr. Davis to an unlimited amount.

The news from the Philippines indicates that the insurruction is nearing its end. The Filipinos are asking a cessation of hostilities to give them time to call their alleged Congress together and treat for peace. Gen. Otis has notified Aguinaldo that the only terms must be unqualified surrender. That as he made war without the authority of his mythical Congress, the consent of that body is not essential to the conclusion of peace. General amnesty is offered. The American troops are still advancing and the latest advices indicate that the Filipino retreat has been cut off

Lutheran Conference.

The Eastern Conference of the Maryland Synod of the Lutheran Church met on Tuesday in St. Paul's Lutheran Church, Arcadia, Md, Rev. A. H. Burk, pastor. After devotional excercises, conducted by Rev. I. C. Bark, the following subjects were discussed: "The Young," Rev. U. S. G. Rupp, of Baltimore; "The Recommendations of the Committee of the Maryland Synod upon the Form of Government of the Lutheran Church," Rev. W. H. Dunbar, D. D., of St. Mark's, Baltimore; "The People's Church," Rev. Edward E. Ide; "Uuemployed Ministers and Vacant Churches," Rev. W. S. Freas, D. D., and Rev. George Beiswanger. At 8 P. M. a sermon was preached by Rev. P. H. Heilman, of St. Paul's English Lutheran Church, Baltimore. The next Conference will be held in six months at Keller Memorial Church, Washington.

Reported Interference with Postal Wagon.

The Baltimore *Sun* of Thursday contained a special from Washington, D. C., which alleges obstructions to the delivery and collection of mails by the postal wagon. The communication is as follows:

WASHINGTON, May 3.—The Postoffice Department is advised that various contractors and fourth-class postmasters along the route of the new wagon delivery mail service at Westminster, Md., are attempting to interfere with the delivery of mail. It is charged that these persons and others associated with them have sought to hinder the passage of the wagon from town to town, to delay the receipt and distribution of mail matter and to limit, as far as possible, the exchange of letters and parcels between towns along the route. Vigorous measures are to be adopted at once to prevent any interference with the service.

With the report of these occurrences came also the first monthly statement of business done by the "postoffice on wheels." During the month of April the wagon has, according to the report, delivered 7,070 pieces of mail and collected 1,268 pieces. Of the whole number of packages handled, 354 were received and distributed without being received and distributed by any postoffice—that is they were taken up at one office and delivered to another along the route. It is regarded as significant by the postal officials that the wagon has in one month delivered 4,628 newspapers—probably twice as many as went to that community before the introduction of this service.

Anti-Saloon League Meeting.

The services at Grace Lutheran Church, on Sunday evening last, were held under the auspices of the Westminster Temperance Union, and the program was arranged for the occasion by the executive committee of that organization, and consisted of the opening services for the evening worship, a brief address by the president of the Union and an address by the State superintendent of the Anti-Saloon League, Mr. H. O. Emmons. This address deserves more than a passing notice, because of the forcible and practical manner in which the speaker handled his subject. After portraying the evils wrought by the existence of the saloons, he explained and illustrated how the Anti-Saloon League proposes to minimize them and ultimately destroy them. The three principal steps in this great work were, first, to secure the enforcement of existing laws; secondly, to secure improved legislation, and thirdly the ultimate securement of prohibitive laws. The speaker carried his audience with him, not only interesting them but convincing them also.

The meeting was led by the pastor of the Church, Rev. P. H. Miller, and was interspersed with beautiful music by the choir.

In the afternoon of the same day a meeting was held in the M. E. Church at New Windsor, which was also addressed by Mr. Emmons, after which a branch of the League was organized.

We hope to be able to secure the services of Mr. Emmons to organize the county in this work.

The Anti-Saloon League of the State will hold its annual meeting in Baltimore at St. John's Independent Methodist Church, on Liberty street near Fayette, on Friday, May 12th, at which we hope to see representatives from our Churches, Sunday schools and temperance organizations.

DISCOVERED BY A WOMAN.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Huber's and Boyle's Drug Stores, Westminster. Regular size 50c and $1.00. ARE YOU CLIPPING HERALD COUPONS

And voting for the most popular school teacher of your town? The Baltimore Morning and Sunday Herald will send to Europe, early in July, a lady school teacher, to be selected by popular vote. The contest is not confined to Baltimore, but embraces the whole South. Don't think that Baltimore will have a walk-over in this contest. Some energetic contestant in the country is quite likely to carry off this splendid prize.

This European trip will cover nearly two months, and every item of expense will be paid by the Baltimore Morning Herald.

Select your teacher and vote for her early and often.

See the Morning and Sunday Herald for further particulars. ap-29-3t
