Dr. JOHN C. EARLE,
sep 5-10t Commissioners.

Campbell's Pure Essence of Jamaica Ginger.

GINGER is a grateful stimulant and carminative, and is often given in *Gout, Rheumatism, Dyspepsia, Cramp, Cholera Morbus, Cholic, Cholera, &c., &c.*

In *Nervous and Sick Headache, Sea Sickness, Nausea, Imperfect Digestion*, or from nausea induced by riding in a carriage, &c. it will be found most agreeable to the stomach and palatable to the taste, and affording at the same time almost in all cases immediate relief.

To the *Inebriate* it is particularly serviceable; a very small quantity used instead of the usual stimulant will give tone and vigor to the digestive organs, and impart strength to resist the temptation, and may therefore be considered an invaluable agent in reclaiming the drunkard.

The traveling public will also find it very efficacious in correcting the bad results arising from a change of water and diet, a few drops of which will give a glow and vigor to the stomach, equal to a wine glassful of brandy or other stimulant, without producing any of the injurious and overrating effects which are sure to result from the use of stimuli of any kind. *It is also a superior article for flavoring Jellies, Preserves, Cakes, and for other culinary uses*, besides making a good beverage in hot weather.

CARRIAGE & HARNESS
MAKING.

George H. Golt,

BEGS leave to inform his friends and the public of Talbot and the adjoining counties, that he is now prepared to do all kinds of Carriage work, such as wood and iron work, trimming, painting, &c.

He would also call attention to the

Harness Department,

having always on hand new and second-hand setts. Repairing done at shortest notice. Orders for new work will be punctually attended to and put up of the best materials, at reasonable prices.

Feeling very thankful for past favors, he hopes to receive a liberal share of public patronage.
