The trial of Capt. Dreyfus by the military court at Rennes, France, still drags along and witnesses for the prosecution continue to testify to their opinions, with an occasional fact thrown in. In any but a French court the result of the trial would be absolutely certain. The case against Dreyfus should have been dismissed upon the testimony for the prosecution which has utterly failed to establish his guilt. Practically the innocence of the accused officer has been made clear by the witnesses for the defense.

American Bridge Builders' Victory.

Some time ago it was announced that a Philadelphia firm of bridge builders had received a contract to build a bridge in the Soudan within a specified and very brief time. It was to be done under a contract with the Sirdar, General Lord Kitchener, for the British government, and English bridge men were indignant that American manufacturers were preferred over home establishments. It then transpired that time was an important factor in the matter, and that no English firm was prepared to enter into a contract to complete the work within the specified period. The Philadelphia firm accepted and has complied to the letter with the terms of the contract. The bridge, which is located at Atbara, was opened to travel on the 26th ult., and Lord Kitchener in his remarks on the occasion, paid a high compliment to its constructors. He said:

"The construction of this magnificent bridge, I think, may fairly be considered a record achievement. So far as the failure of the efforts to place the construction order in England is concerned, I think it demonstrates that the relations between labor and capital there are not sufficient to give confidence to the capitalist and to induce him to take the risk of establishing up to date workshops that would enable Great Britain to maintain her position as the first constructing nation in the world.

"But, as Englishmen failed, I am delighted that our cousins across the Atlantic stepped in. This bridge is due to their energy, ability and power to turn out works of magnitude in less time than anyone else. I congratulate the Americans on their success in the erection of a bridge in the heart of Africa. They have shown real grit far from home, in the hottest month of the year, and depending upon the labor of foreigners."

About fifty of the policyholders of the Baltimore County Mutual Fire Insurance Company met Wednesday at the courthouse at Towson to discuss an extra assessment recently levied by the company. H. C. Ridgely was elected president, and Henry Edwards secretary. A resolution was adopted requesting George Merryman, president of the company, to call a general meeting of its stockholders at once.

Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORIAL.

From the Times, Hillsville, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man to-day and feel as well as I ever did in my life.—O.
