Tile! Tile! Tile!

FARMERS, if you would improve your farms, and make good crops, without the expense of buying fertilizers for every season, TILE YOUR LAND, *especially your low springy land.* It is impossible to make good crops, or to improve land, without thorough drainage. This is the season for putting in tile. Every farmer should try a few acres. The expense is trifling in comparison with the advantages gained. Try it.

COOPER & WHIT, Easton.

Have on hand a large supply of egg-shaped TILE, *from 2 to 7* inches, vent, which they are offering cheap.

They also have on hand half a million common and pressed *handmade* BRICK, which they are selling at the lowest market prices.
