Local Record.

Senators Hamilton and Vickers will accept our thanks for public documents.

It has been terribly warm and dry for several days past.

The subscription made some time ago to the Masonic Hall funds has been placed in the hands of Mr. William Hemsley for collection.

Joe Ross, a negro charged with stealing, made his escape from Easton jail on Sunday morning. In the absence of Sheriff Sparks, officers Larrimore and Dillen pursued him some distance, but lost the trail in Hollyday's woods.

Messrs. A. Chaplain and J. Frank Bateman are engaged surveying and laying down a race course, near the Point road, for Mr. F G Wright. In a short time Mr. Wright will have his track ready for the trial of speed, so horsemen may get their stock in order to prove their metal. Hereafter it will not be, "what such and such a horse can trot; but what *time has* such and such a horse made on the track."

LARGE FIRE IN MILES RIVER NECK—*Destruction of Tunis' Saw Mills and a large lot of lumber.*—About 11 o'clock on Saturday night, the extensive saw mills of W. W. Tunis & Bro., located on Col Edward Lloyd's land, in Miles River Neck, were discovered to be on fire. They spread so rapidly that before the Messrs. Tunis reached the mill, the whole establishment was enveloped in flames, which communicated to the adjoining stabling, and burnt up three valuable horses, two of which they paid $250 apiece for only two weeks before. About $1,000 worth of lumber was destroyed, although by great exertions a large quantity was saved. The loss consists in two large and valuable mills, including two sets of gang saws, circular saws, lathes, two large engines, the mill houses, stables, pumps, &c. the whole valued at over $10,000. The various parts of the engines are so warped and twisted by the heat, that they are worthless except to sell for old iron. The fire communicated to the adjacent woods at several places but did but little damage. Logs laying near the road side over a hundred yards off, took fire and were nearly consumed. About two hundred cords of slabs had accumulated and were stacked near the mill, to be used for fuel, which were all consumed. It was the most extensive saw mill in the county. The owners are young men of great enterprise and energy, and have the sympathy of the whole community. Although their loss is heavy, they will doubtless go to work promptly to recover from its effects. The property was recently insured in R. B. Dixon's agency for $5,000. The old mill belonged to Col. Edward Lloyd, which the Messrs. Tunis rented; but subsequently added additional mills and machinery to enable them to fill their heavy orders for lumber. The origin of the fire is unknown.

THE MIDDLE CONVOCATION.—The ninth regular session of the Middle Convocation of the Diocese of Easton, will be held in Christ Church, Cambridge, on the third Tuesday in May—the 21st day of the month. Scheme of services; Tuesday, Topic; The Model Parish.

I. Collection and administration of the funds of the Parish.
II. Lay co-operation.
III. Public Worship.
IV. Pastoral Work.
V. Christian Fellowship and sympathy in the Parish.

Wednesday; Missionary Meeting.

II. What is needed to build up and extend the Church's influence in settled Parishes.
III. Missions in neglected communities.
IV. The needs of the Diocese as such.
V. Do Diocesan claims exempt us from a share in the work of the church at large?

Wednesday, Topic; The Holy Ghost.
I. Intimations in the Old Testament and teachings in the New Testament respecting the Personality and Divinity of the Holy Ghost.
II. The Holy Ghost; Another Comforter.
III. Gifts of the Spirit; Ordinary and Extraordinary.
IV. The means of Grace; The methods of applying for the Spirit's Aid and Power, and the Witness of His Presence.

INQUEST.—On Thursday the 9th inst., Justice N. E. Nicols held an inquest over the body of Capt. Jeff. Pritchett, white man, found dead on the shore, on the farm of Geo. R. Goldsborough, Esq., and near the residence of John W Fooks, Esq. Pritchett lived in Miles River Neck.—About a week before his body was found he went off in his canoe on a fishing spree, carrying a jug of whiskey with him. On Sunday the 5th he was seen by a negro man walking on the shore near where his body was discovered. He was found about three feet from high water mark, near his boat, with his pocket book in his pocket, containing some $8, but the jug was missing, it had probably floated off. The body did not indicate that he had been drowned. It was in a state of decomposition, and evidently had been dead several days. The jury rendered a verdict, "cause of death unknown."

THE TELEGRAPH.—The telegraph poles are now all set between Easton and Clayton. Mr. Caldwell surprised the telegraph men by averaging 4½ miles per day setting poles with 15 hands, whereas the usual average distance is about 2½ miles per day. By the last of this week the wires will be up, and Easton will be in telegraphic connection with "all the world and the rest of mankind." Hurrah for Caldwell, and the STAR, drive started the ball, and he accomplished the job.

TOWN IMPROVEMENTS.—Dr. James H. Anderson is improving his property on Goldsborough Street, by adding a handsome new piazza to his dwelling.

Messrs. Cooper & White are about to put up a row of brick buildings on the Point road.

His Honor, Judge Perry W. Stewart, has the carpenters at work framing a back building for his dwelling house, to be two stories high. The old back building he intends to move off, and have fixed up for a stable, fronting on West street. Mr. Flowers is doing the job.

LECTURE.—It will be seen by notice in an other column, that Rev. D. Gilliland, a blind Baptist minister, will deliver a lecture in the Town Hall this evening, on the method of teaching the blind to read and write. It will no doubt be quite interesting, and we hope our citizens will avail themselves of the opportunity this affords.

"THE HEATHEN CHINEE."—We have received a letter from Ling Cha Cha since his visit here, wherein he says he has been in seventeen States of the American Union, since his arrival in the United States, but never saw so many pretty girls anywhere else as he saw in Easton. Ling is certainly a man of taste. He wishes us to inform the gentleman who promised him "one American girl to take to China," that he expects him to make good his promise before he sails for the celestial empire.

ELMIRA PREMIUM LAND SALE.—The drawing in this enterprise has been postponed for two months. The advertisement may be found on the outside of the Star, headed "Try What $3 Will Do." When it takes place somebody is destined to get a big pile of stamps for $3.

IMPROVEMENT AT SKIPTON.—Mr. John W. Dawson, has just built himself one of the prettiest and most commodious store-houses in the county, and stocked it with a full assortment of new goods, which he is selling on his usual accommodating terms. Give him a call. He sells cheaply.

SHEEP KILLED BY DOGS.—William M. Hollyday, Esq., near Easton, had sever' sheep killed, and several more crippled by dogs, one night last week. We frequently have to chronicle the depredations of worthless curs on sheep, and there appears to be no remedy for the evil.

A FIRE ON PACA'S ISIAND.—A bright light seen early on Saturday night from Miles River Neck, indicated that there was a large fire on Paca's island. What property was destroyed has not transpired.

LAND SALES.—Particular attention is directed to the sales of land advertised in this paper.

St. Michaels Jottings.

—A DEAD CHILD, newly born, was discovered on Saturday morning last by James Benson, Esq., at Maiden Point, in his wood-house.—The body was wrapped in a cloth, and buried.—An inquest was held by one of the magistrates of the town, and after hearing all the testimony the jury rendered a verdict that the infant was the child of Sarah Elizabeth Fields, a colored woman recently employed by Mr. Benson, that it was born alive, and that it was smothered by its mother. Sarah, the mother, was committed to jail to await the action of the Grand Jury.

—AN INQUEST was held, says the *Comet*, on Thursday last by Coroner Seth over the body of an unknown colored man which had drifted ashore at Poplar Island. The skull was broken, and the body showed other marks of mal-treatment.—Verdict, death from violence.

JUSTICE SHANAHAN, of the 5th district, held an inquest over the body of a drowned man, which washed ashore at Tilghman's Island last week. Deceased was supposed to be a North Carolinian lost off an oyster pungy last winter.

TWENTY-FIVE ACRES of woodland from the Cabin estate were purchased some time ago by Messrs. Bruff & Harrison for $45 per acre. The purchasers design cutting the timber off the tract.

THE BISHOP OF EASTON will visit St. Michaels parish, and administer the rite of confirmation at Christ Church, St. Michaels, on Trinity Sunday, May 26th.

TO THE PUBLIC.

THE Fruit Growers and Farmers of Talbot and adjoining counties are respectfully informed that the undersigned will erect at Easton Point, the present season, a large Factory, for packing Fruits and Vegetables, with capacity to operate over three hundred hands.

This season we will pack principally Peaches and Lima Beans, with some small fruits; next season, if stock can be secured, we will pack in addition to these large quantities of Peas and Tomatoes.

We will pay fair market prices cash, for all articles we use. By this arrangement, Farmers can, with convenience, deliver their Fruits and Vegetables to us, and save the expense of Freights, Commission, loss of Boxes, and also by decay of Fruits, in shipping them to cities.

We will furnish Boxes for Peaches to the Growers, to be charged to them when sent out, and give credit for them when returned to us in good order. The large amounts of money disbursed in the county for Fruits, Vegetables, and Labor, will be of advantage, and we hope the Farmers, and others, will find it to their interest, to sustain the Factory, by raising articles needed for Canning purposes, and in any way that will promote all interests.
