THE JUMP CELEBRATION ON THE 4TH.—On the evening of the 4th, Mr. John W. Jump, of the firm of J. J. Jump & Co., invited the architect, contractors of his new store, their employees, the editors of the town, and a few others to partake of a collation, served by Mr. John M. Mason, in the second story of the building, which is now rapidly approaching completion. We regretted exceedingly that the rain storm prevented our attendance. Ice cream and cake flowed profusely. The architects and contractors are Judge Wm. D. Roberts and his son Capt. Edward Roberts, and his son-in-law William H. Lee. All connected with the building were present. Brief and appropriate speeches were made by Judge Roberts, Capt. Roberts and Mr. Jump. While the storm raged outside, the building all was enjoyment within. Mr. Jump's new store, the handsomest on the Eastern Shore, with iron columns and plate glass front, the occasion of the celebration, is certainly worthy to be thus honored. In a short time, when it is completed, we expect to give a detailed description of Mr. Jump's Centennial building, which is now the admiration of all who visit Easton.

THE 4TH AT HAMBLETON PARK.—Over 1,000 persons visited Hambleton Park trotting grounds, at Hole-in-the-Wall, on the 4th.—Early in the morning people came flocking to the grounds from every direction. Soon every available shade tree was appropriated, and every body seemed to enjoy themselves. Mr. James C. Norris, of Easton, run the confectionery and ice cream table. In the evening the hop at the pavilion was the centre of attraction. One man afforded infinite amusement for a crowd by setting up a dozen penknives to be pitched for at 5 cents a pitch. The knives were stuck by a single blade in a small board on the ground, and small, light rings were used for pitching. If the pitcher pitched the ring around a knife, and it stayed there, the knife was his; if the ring missed the knives, the owner of the establishment took in the 5 cents. It seemed to a bystander very easy to ring a knife; but the pitchers failed about 19 times out of 20. Some parties on the ground gave evidence that "Maryland Bitters" was plentiful, but they were rare exceptions, and noticeable where nearly every body was sober. Many of the very best people in the county were present.

There was much disappointment because the match race between Howard and Royal George did not take place. Howard, owned by Mr. Jno. N. Haddaway, was on the ground ready for the trial, but Royal George, owned by Capt. Smith, failed to put in an appearance. Howard trotted over the course and claimed and received the forfeit money.

A number of very pretty races took place, to the delight of the spectators.

THE FIRST RACE.

The first race was open to all, but only two entered, Robert Hough's Baltimore Blk. G. Plowboy, and John K. Caulk's S. G. Patrick Chief. Plowboy won in two heats.

Plowboy	1.	1.
Patrick Chief	2.	2.

SECOND RACE.

The second was open to all; three best in five, and three entries. T. T. Seymour entered his G. G. Frank; Charles E. Steward entered his B. M. Lady Stewart; and Jesse L. Middleton entered his Brn. G. Morgan. This was a very pretty race, and was won by Frank.

Frank	2.	1.	1.	1.
Lady Stewart	1.	2.	2.	2.
Morgan	3.	3.	3.	3.

THIRD RACE.

There was some very pretty stepping in this race. Only two entries. Caulk Kemp entered his S. G. St. Michaels Boy. John K. Caulk entered his B. M. Wiffett.

Wiffett	2.	1.	1.	1.
St. Michaels Boy	1.	2.	2.	2.

FOURTH RACE.

This was the race for $75. Open to all—Only two entries. John K. Caulk entered his Brn. G. Potato Bug. Charles E. Bowdle entered B. G. Riley. These fine trotting horses are a very close match. Sometimes one and sometimes the other would be ahead, and each would be cheered by his respective friends. Mr. J. H. Powers held the ribbons for Potato Bug, and Mr. C. E. Bogle for Riley.

Potato Bug	1.	2.	1.	1.
Riley	2.	1.	2.	2.

FIFTH RACE.

This was a mile race between William W. Hendley's G. M. Mystery, and John K. Caulk's Brn. Male Calamity. This race afforded the spectators lots of fun. The mules kept the track pretty well when on that part where there were no spectators, but as soon as they reached the curve near the beginning of the "home stretch" both Mystery and Calamity would

"Wire in and wire out,
Leaving the people still and silent,
Whether the mule that made the track,
Was going south or coming back."

and the way the white flies and darkies would scamper, to make room for Mr. Mule, is simply indescribable.

Mystery	1.	1.
Calamity	2.	2.

A great many persons trotted their horses over the course after the regular racing was over, and no horse attracted more attention than James Cowgill's bay, which has both speed and bottom. As fast as it was, this horse trotted round the track eight or ten times without rest, and did not seem to even draw a long breath.

The day at the Park was for the benefit of Mr. Powers, the trainer, who got up the programme, and we are glad to learn that the receipts were remunerative.

Among the amusements of the day was a base ball match between an Easton and the Trappe club. The Star reporter did not see it but it is said the Trappe club "dangled our Easton boys pretty hard."

One of the chief attractions of the day was the exercising of Whalebone, Jr., on the track by Mr. Powers' little son. Whalebone, Jr., is sired by A. J. Post's celebrated horse Whalebone, which went in 2:26. His dam was Ex-Gov. Sprague's mare Maud, which made 2:34 before she was injured. Whalebone, Jr., is a very handsome bay stallion colt, 3 years old the 20th of last May, and trotted a mile publicly at Hambleton Park the day he was three years old in 2:47. He was foaled at Long Island, and is entered for the race for 3 year old colts from Talbot county at the Centennial races next October. There is no finer trot colt in the country than Whalebone, Jr., and it is doubtful if there is one of his age in the country that can beat him. If he should win at the Centennial, considering his superior strain, action, speed and beauty, he will be worth many thousands of dollars to Mr. Powers and certainly never did Arab love his charger with more devoted affection, than Powers dotes on this splendid specimen of horseflesh.

BEAUTIFUL PICTURES.

We have received from the Fine Art Publishing House of George Stinson & Co., Portland, Maine, several pictures recently published by them. The subjects, as works of high art, deserves the highest praise. Stinson & Co. were among the pioneers in the Fine Art publishing business in this country, and year by year their business has grown, until at the present time it has assumed colossal proportions.

A short time since they published a chromo that had a run of over six hundred and twenty-five thousand copies. The weight of them unmounted was over nine tons. In the selection of subjects, Stinson & Co. show correct judgement of the public taste, which natural talent, aided by long experience, alone can give. They publish every description of fine works of Art, from a chromo to a photograph—from a fine Crayon drawing to the most elegant Steel Engraving.

They bring into service the skill of the most talented artists.

They are also publishers of the Centennial Record, which is a very large illustrated paper, devoted to whatever is of interest connected with the One Hundredth Birthday of the United Statts. Terms one dollar per year. The great Exhibition at Philadelphia is fully illustrated and described.

Messrs. Stinson & Co. are at present in want of a large number of new agents, to whom they offer the most liberal inducements. We call attention to their advertisement, headed, "To the Working Class," in our advertising columns.

Business Locals.

☞ Feeling called upon to serenade his dear gazelle he borrowed an accordeon and, after getting so that he could squeeze a few doleful noises out of it, he posted himself under her window one night and began plaintively howling. "Oh, whisper what thou feelest." She poked her head out of the window at the third line and said, "Oh, it's you, is it? I thought it was cats. And you want me to whisper what I feelest, hey? Well, I feelest tired, that's what. Been working a hard running sewing machine all day. Get me a 'Light-Running Domestic' and then I'll know you mean business."

HEALTH AND ITS PLEASURES

OR

DISEASE AND ITS AGONIES:

CHOOSE BETWEEN THEM.

HOLLOWAY'S PILLS,

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? Let the sufferer, nervous in a single degree, be sure of the cause, for when can a remedy be found? Not in wine—drink but little wine, beer or spirits, or far better none; take no coffee—weak tea being preferable; get all the fresh air you can; take a dose of Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universal by adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headaches and Want of Appetite.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow, as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

How to be Strong.

Never let the bowels be either confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake, however; for these Pills will immediately correct the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however deranged,—health and strength following as a matter of course. The appetite, too, is wonderfully increased by the use of these Pills, combined in the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing acrid, fermented, or other impure humors from the liver, stomach, or blood, the cause of dysentery, diarrhœa, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly as this tine correcting medicine.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water, or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bedtime. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of Order.

No medicine will so efficiently improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known to the world for the following diseases:

Ague,	Female Irregularities.	Rheumatism
Asthma,	Fevers of all Kinds,	Scrofula or King's Evil,
Bilious Complaints,	Fits,	Sore Throats,
Blotches on the Skin,	Gout,	Stone & Gravel,
Bowel Complaints,	Headache,	Secondary Symptoms,
Colics,	Indigestion,	Tic Doloureux,
Constipation of the Bowels,	Inflammation,	Tumors,
Consumption,	Jaundice,	Ulcers,
Debility,	Liver Complaints,	Venereal Affections,
Dropsy,	Lumbago,	Worms of all kinds,
Dysentery,	Piles,	Weakness from any cause, &c.
Erysipelas,	Retention of Urine,	

CAUTION:—None are genuine unless the signature of J. Hayscock, as agent for the United States, surrounds each box of Pills and Ointment. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

***Sold at the manufactory of Professor Holloway & Co., New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in boxes at 25 cents, 62 cents, and $1 each.

☞ There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.
