# Phœnix Coach Factory,

*Woodsboro', Fred'k Co., Md.*

THOMAS & ADAMS

HAVING greatly enlarged their business by the purchase of the stand formerly occupied by the Green Brothers, respectfully inform the people of Frederick county, that they are manufacturing at their extensive Coach Factory, in Woodsboro', Frederick county, Md., all kinds of vehicles in their line, such as

*CARRIAGES, BUGGIES, ROCKAWAYS, PHÆTONS, SULKIES, PEDLAR WAGONS, SPRING WAGONS, &c.*

They employ none but the most skillful workmen, and use nothing but the very best material in the manufacture of their work, which cannot be surpassed in neatness and durability in the county.

Having had an experience of a number of years in the business, we are confident of being able to satisfy those who may be pleased to patronize us, therefore invite all those who are in need of anything in our line to give us a call and examine our stock of Vehicles before purchasing elsewhere

Valuable Real Estate at

# PUBLIC SALE.

BY virtue of an order of the Orphan's Court of Frederick county, and in pursuance of the last will and testament of Jacob Sayler, late of said county, deceased, the subscriber as Executor, will sell at Public Sale, at the late residence of said deceased, about 1 mile North of Herring's Mill, on Beaverdam, in Johnsville district,

*On Monday, the 1st day of Oct., 1866,*

AT 1 O'CLOCK, P. M., THAT

## Valuable Farm,

the "Sayler Homestead." This property has been in possession of the Sayler's about a century; it is very desirable property, containing

135 ACRES,

about 35 acres of it is Timber land; the other part is laid off in eight fields well supplied with water; this property is of first quality of land, Blue Slate and Limestone, and is in a healthy neighborhood, and is convenient to Churches Mills, Stores and Smithshops. It is also near the present terminus of the Western Maryland Railroad. The improvements consist of a large

LOG DWELLING HOUSE

weatherboarded and in good condition, and well arranged for two families to occupy; a good dairy with a never failing spring running through it; a wash house with water running through it; a

Large Bank Barn,

with double floor, two Garners, Wagon Shed and Corn House attached. This Barn is nearly new, is all complete, and there is also every other outbuilding on the place necessary. There is also on the farm a large Orchard of choice fruit, very near the dwelling.

# ATTENTION, FARMERS!

## Buckeye Grain Drill and Cider Mill!

☞The subscriber having obtained the agency for the above celebrated

Grain Drill & Cider Mill,

manufactured by Messrs. THOMAS & MASY, of Springfield, Ohio, would call the attention of the Farmers of the State of Maryland, to the fact that the Buckeye is the very best Machine of its kind in use, and all that is necessary is for the Farmer to see it to be satisfied. It has an attachment for sowing fertilizers that we challenge this world to beat.

The Buckeye Cider Mill is also an admirable Machine. We deem it unnecessary to say anything in regard to the efficiency of the Cider Mill as its appearance will recommend it to all. The above machinery can be seen at the Warerooms of Messrs. Brunner & Markey and Jonathan Tyson, Railroad Depot, Frederick, Md., where samples will be kept and orders for Machines can be left.

# Nitrous Oxide Gas!

TEETH EXTRACTED

Without Pain!

COME AND TRY IT:

DR. MARTIN, DENTIST,

*Market St, opposite Savings Institution, Frederick.*

RESPECTFULLY announces to the citizens of Frederick county, that he is prepared to administer the Nitrous Oxide Gas. All persons wishing teeth extracted (or minor operations performed,) not only

WITHOUT PAIN!

but with positive pleasure to themselves, can do so by giving him a call. The Gas is perfectly harmless, and when inhaled produces the most pleasant sensations, and is followed by no unpleasantness. It has been administered during the last year or two to many thousands with entire satisfaction. He has administered the Nitrous Oxide Gas with the happiest results, and has inhaled it in his own person with the most satisfactory results.

☞He begs leave to call special attention to the following certificates of resident physicians of this city:

FREDERICK, MD., Aug. 6th, 1866.

After a careful examination of the apparatus for producing, and mode of administering the Nitrous Oxide Gas, used by Dr. Martin, we take pleasure in expressing our confidence in its purity and safety. The rapidity with which a state of insensibility to pain is produced, and the equally rapid recovery of consciousness, without the depression usually consequent upon Anesthesia produced by other agents, render the Nitrous Oxide Gas in our opinion peculiarly applicable to the purposes of Dentistry.

CHAS. & F. F. SMITH,
T. E. MITCHELL,
GEO. JOHNSON.

FREDERICK, MD., Aug. 10th, 1866.

I cordially concur in the above opinion.

T. J. DUNOTT, M. D.

FREDERICK, MD., Aug. 10, 1866.

I have seen the Nitrous Oxide Gas administered at the Jefferson Medical College Clinic, also in the Philadelphia Hospital, with the happiest effect. While under its influence the patients were enabled to undergo surgical operations without the slightest pain. I have also inhaled the Gas as made and administered by Dr. MARTIN, with entire satisfaction, and would recommend all who have to undergo painful operations, especially the extraction of teeth, to use this Gas, as the Anesthesia produced by it is complete and unattended by any unpleasantness.

THE GREAT

# ZINGARI BITTERS!!

*A Sure Preventative of*

CHOLERA.

THIS WONDERFUL REMEDY was discovered and introduced some 20 years ago by Dr. S. Cheopsus, an eminent Egyptian Physician.

He had long seen and felt the want of some remedy which would strike at the root of disease and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was led to think and experiment; and after ten years of study and labor, he presented to his fellow-men the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventative and a curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce prevention is worth a pound of cure, applies with marvelous force to cholera, and therefore any remedy that will protect us against this terrible disease, should be freely and persistently used.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination that acts on the secretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies especially the different forms of fevers.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them.—This bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhoea, Dysentery, Typhoid and Typhus fever, Fever and Ague, Nervous Debility, Anæmia, Female Irregularities, Dyspepsia, Flatulency, Colic, Scrofula, &c.

Price one dollar per quart bottle.
