"The Federal Union: It Must Be Preserved!"

GRAND NATIONAL UNION

## MASS MEETING

TO BE HELD IN FREDERICK CITY,

ON SATURDAY, NOVEMBER 3d, 1866.

The patriotic men of Frederick County who insist on maintaining the Constitution of our Country as framed, expounded and transmitted by Washington, Jefferson, and Madison; who want no new Government nor new Union, but cling to the Union of their fathers; who are devoted to the equality of the States, and the time-honored rights and liberties of the people; who demand that the Flag of Our Country shall float over a restored Union of thirty-six States, and not twenty-six only; who sustain the Executive head of the Nation in his effort to secure peace, prosperity and unity, against the assaults of a wild and fanatical Radicalism, which seeks to overthrow our institutions, and erect a centralized despotism on the ruins of the fair fabric of American freedom, who think we have had war enough, and blood and desolation enough, and National and State debt enough, will hold

A GRAND MASS MEETING,
THE FINAL GRAND RALLY
OF THE CAMPAIGN,
AT FREDERICK CITY,

in the Court House Square, on Saturday, the 3rd of November, 1866, commencing at 10 o'clock, A. M. The following distinguished Speakers are expected to address the Meeting:

GOVERNOR THOMAS SWANN,
HON. REVERDY JOHNSON,
MAJ. GENERAL H. H. HEATH,
GENERAL L. ROUSSEAU,
GENERAL JOHN W. HORN,
DOCTOR J. B. FERGUSON,
CAPTAIN FRANK GALLAGHER,
COLONEL WM. P. MAULSBY,

and many other able and eloquent advocates of the cause. Let the Freemen of Frederick County devote this one day to the advocacy and assertion of the sacred principles and cherished rights, at stake in the coming election.

"They who would be free, THEMSELVES must strike the blow!"

The hour is critical! Our liberties hang trembling in the scale! A trampled Constitution and a still disseverred Union cry aloud for their rescue, before it be too late! Let no man be recreant in this day of his country's danger. Negro suffrage, negro domination, and the foul horrors of amalgamation loom up before us. Strike for your race, your country, your alters and your fires! Civil war, disunion and crushing taxation are among the fruits of Radical success. Radicalism must and shall be rebuked! Let every District organize its delegation, and come with music and banners! Let the patriots of old Frederick County swarm down from her mountains, and up from her vallies, pour forth from her towns, and villages and hamlets, and unite in one grand final ovation to the principles of Free Government and American nationality. Let us by the spirit and numbers of this demonstration show to our opponents, whoever they may be, that we are "men who know their rights, and knowing, dare maintain them!" By order of National Union Central Committee.

GEO. R. DENNIS, Chairman.

## White Boys in Blue.

A MEETING of the "White Boys in Blue" will be held at United Hall, this (Friday) evening at 7 o'clock A full attendance is desired, as business of importance will come before the meeting.

BY ORDER.

## VOTE, VOTE.

The time for argument is past. The time for appeal to your political opponents for JUSTICE *is past.*

The time for urging upon the *minority* the duty to recognize the great principles upon which our republican institutions were established *has past.* Your arguments, your appeals, your entreaties have been unheeded, disregarded, spurned. Your remedy *now* for a redress of grievances, and for the recovery of your long lost rights is in the BALLOT BOX—approach it. It is the palladium of our liberties. Let freemen shield and protect it from the fraud and violence of those who are the enemies of free government.

## Remember.

Remember (and with all its unblushing effrontery, the *Examiner* has never dared to deny the fact,) that Frederick county pays to educate the child en of *other counties, twenty-six hundred dollars,* under the bogus school system.

REMEMBER

That while we pay a tax of $31,979 28, we receive of this amount for each child between the ages of five and twenty years, *just two dollars and eight cents;* while Charles Co., which pays a tax of $4,000, receives for each child of hers, between these ages, FIVE DOLLARS AND TWENTY-TWO CENTS.

☞Go to the Polls early and vote the Conservative Union ticket.

## Remember! Remember!

Remember that the reiterated charge of the *Examiner*, that the Conservative party is in favor of paying for the emancipated slaves of Maryland has been shown by the *Citizen* to be an unmitigated falsehood, without the *slightest foundation in fact.* Remember that the last week's issue of the *Examiner* confesses that it can find NO ONE WORD UTTERED BY ANY CONSERVATIVE; NO ONE EDITORIAL OF ANY ONE CONSERVATIVE PAPER IN THE STATE; NO ONE RESOLUTION OF ANY CONVENTION OF CONSERVATIVES upon which to base this most wicked, most infamous fabrication.

Remember on the contrary, that the next Legislature will be importuned by the State Superintendent of Public Instruction, for *increased taxation,* making the levy upon this county $50,000, to support a bogus school system, which now does not keep the schools open more than six months in the year.

Remember this, prudent farmers and hard-working mechanics, and give no heed to the unmitigated falsehood which issue after issue has been paraded in the columns of the *Examiner.*

## Tuesday, November 6th.

Our friends throughout the county should REMEMBER that the Election this year will take place on TUESDAY NEXT, November 6th., and not on Wednesday as in former years.

Let every Registered voter in the county be at his place of voting when the polls open on that morning, prepared to *assert his rights as a freemen.*

Let every man whose ballot may be rejected by the Judges of Election, if any of them should attempt such high-handed outrage, have witnesses present who can hereafter, before the Court, in a suit for damages, as well as before the Committee on Elections of the Legislature, prove the presentation of his ballot to the Judges of Election, and their *refusal* to accept it. Offer your votes in the *presence of witnesses.* Be careful to *do this,* and be assured that your remedy is certain against *corrupt Judges;* and that your votes will be counted, on sufficient proof, by the Legislature, which will be *overwhelmingly* conservative, in spite of all the FRAUD and CORRUPTION, which may be practiced by the Radical Judges in *this* county.

FRAUD and VIOLENCE, in *this* county cannot save the Racicals in this *State.* The majority of the freemen and tax payers must rule and govern the State. The rule of a *small minority* is at an end. The "rebellion" has been at an end for nearly two years. The *old order of things must be restored.* The principles of self government, our fathers fought for in 76, must be *re-established.* Wise men, honest men of the opposition will recognize the "situation" and act upon it. Corrupt place seekers will resist the voice of the sovereign people; but their resistance will be all in vain, and will only tend to sink them still lower in the popular estimation in the future.

RALLY FREEMEN, on TUESDAY NEXT, and assert your INESTIMABLE RIGHT to VOTE.

## Desperation.

So concious are the leaders of the Radical party in this county, that they cannot secure the support of the people upon the merits of their cause, that they have taken to deliberate, barefaced LYING.

The *Examiner* by its course has disgraced journalism, by *reiterating* the *falsehood,* that the Johnson party is pledged to pay late slave owners for their slaves freed by the present Constitution.

We *regret* the necessity which compels us to say, that we believe the editor of the *Examiner* is capable of fabricating *any falsehood,* however monstrous, which he may think will make, or be likely to make, a vote for his party. A party which can be sustained only by falsehood deserves to perish; and sooner or later, in the inevertible order of things must perish.

In the last *Examiner* among other shameless *lies* the editor of the *Examiner* manufactured the following:

"The editor of the *Republican Citizen* admitted last week that the Johnson party of this county is gone up the spout. Whilst watching the huge proportions of the Union procession on Wednesday, he was heard to say in substance that the Rradical party was bound to triumph in Frederick County, and that it was of no use to oppose its resistless march to victory."

As we certainly never entertained such an opinion, we never could have expressed it. We are quite sure that we never uttered such an opinion on the day alluded to, nor at any other time, even in jest. We therefore brand the statement as a deliberate falsehood; and shall regard the editor of the *Examiner* as unworthy of respect among gentlemen, and a disgrace to his profession as an editor, until he shall produce the affidavit of some "honest industrious loyal citizen" like Mr. Harrison Connely who will verify his statement; not that such affidavit will prove a falsehood; but that it may relive the editor of the *Examiner* of the charge we make of being the inventor or fabricator.

## That "Important Letter"

As the *Examiner* calls the bogus letter, purporting to have been written, by the "boys in gray" is important only in so far as it is an additional link in the evidence which proves what an adept the *Examiner* is in *Radical lying.*

No man of sense will doubt for a moment that the "important letter" was concocted in the *Examiner* office, or by some unprincipled radical out side, anxious to aid that Journal in its dirty work of misrepresentation and falsehood.

☞Beware of spurious tickets.

## Mass Meeting and Procession.

From all the districts of the county we receive tidings of extraordinary enthusiasm among the people; and of a general determination to participate in the grand demonstration in this city to-morrow.

If the weather should be favorable every mountain and hill will send forth its rill, and every valley its stream, and the mighty avalanche of the people will be here!

The Winter of our discontent is passing away, the summer of our old liberty is approaching, and our long oppressed and insulted people are preparing-even in advance of the full realization of their hopes—to give expression to their boundless joy!

Never in the annals of our history was there such a multitudious gathering of the freemen of this county as will be congregated in this good old city to-morrow.

We call upon the Conservative Union men of FREDERICK DISTRICT of all former parties, forgetting past differences, to Rally in all their strength, and give to their brethern of the more distant districts a hearty greeting, and at the same time an evidence of their numbers and of their zeal for popular rights—of their ardent desire for the restoration of the Union upon the basis of the Constitution, and of their uncompromising opposition to the wicked and runious schemes of Radical demagogues who would rather rule in Hell than serve in Heaven.

What man in Frederick district who loves his country; what man in Frederick district who desires the reconstruction of the Union, with the "*rights, dignities*" and constitutional "*privileges*" of our Southern sister States "*unimpaired;*" what man in Frederick district who is solicitous for the honor of proud old Maryland; what man in Frederick district who VALUES HIS OWN BIRTH RIGHT OF EQUAL LIBERTY, will fail to join in this grand demonstration of popular enthusiasm—when under the lead of our MOSES at Annapolis, we are preparing to march out of the Land of Egypt in to the Land of Promise?

Come! come! come! and join with the exultant thousands, whose joyous shouts shall make the knees of the petty Pharoes who have ruled over us shake and smite with fear.

## Work Without Ceasing.

Although there is scarcely the shadow of a doubt, that the Conservative or Johnson party will have a clear majority in both branches of the next Legislature; and, that by the removal of the corrupt Police Commissioners in the City of Baltimore there will be a Conservative majority of *two-thirds* in both Houses; still it is not less on that account, the duty of conservative men in this county to exert their best energies to carry this county, also. Their utmost exertions to carry the county are due to the merits of the cause they advocate. Then, again, the gentlemen who have been put in front of the battle, as the standard bearers of the principles of the National Union party, have borne themselves so gallantly in the fight, that it would be rank dishonor to allow them to be defeated, when a generous, earnest, united effort will secure for them the merited palm of victory.

Frederick county has been too long misrepresented in Congress as well as in the State Legislature.—Our people are opposed to negro suffrage. Our people are opposed to being taxed to the amount of millions, annually under the Freedmen's Bureau bill for the support of freed negroes—our people are opposed to the Civil Rights bill.—Our people are opposed to members of the *Legislature* voting themselves EXTRA PAY,—they are opposed to members of Congress who take FOUR THOUSAND DOLLARS EXTRA PAY, for legislating in the interest of the negro, and for the degradation and taxation of the white man—as "old Frank Thomas" has been doing.

Let our people, then, "show their *faith* by their *works;*" and let them work without ceasing, until the polls close on Election day, when they shall rejoice in the fruit of their labors—the redemption of our good old county from the misrule of Radicalism.

Again we say to our friends—work without ceasing—and victory is certain We can be defeated only by too great confidence, which begets *in action,* destroys vigilence. "Eternal vigilence," is not only "the price of liberty," but the guarantee of our complete victory in this contest—a contest in which is involved not only the pride of our race and the honor of old Maryland; but the essential principles of free government.

## Examine Your Tickets,

As the *Examiner* and the leaders of the Radical party have proved incontestably that they are capable of publishing and uttering any falsehood to meet party necessity; we earnestly caution our friends in all the districts of the county to examine carefully their tickets before handing them to the Judges of Election. The Conservative ticket is as follows:—

NATIONAL UNION TICKET.

*For Comptroller of the Treasury,*
COL. WM. J. LEONARD,
*of Worcester County.*

*For Congress,*
COL. WM. P. MAULSBY,
*of Frederick County.*

*For the House of Delegates,*
Daniel S. Biser, | Martin Rouzer,
C. H. Baugher, | J. N. Chiswell,
Hy. R. Harris, | Peter Hauver.

Let every Johnson or National Union man see to it that the ticket he votes corresponds with the above in all particulars. The enemy are desperate. There is no falsehood or fraud to which they will not resort for success. Let every National Union man be a vigilence committee man on Election day, to protect and guard each other against spurious tickets.

## One Day to the Cause.

If the principles you contend for are not worth one whole day's labor to vindicate them, they are scarcely worth talking about.

If the doctrines you oppose are so harmless that you need not give one day's labor to defeat them, then you may as well cease to oppose them; but he who intelligently appreciates the magnitude of the questions at issue in this contest, will not only give *one* but a number of days of honest, earnest incessent labor, in vindication of principles which effect not only his own immediate interests, but the future status of his children, and the general prosperity, peace and happiness of his country.

The questions are, shall we have a restored Union of coequal Sovereign States? Shall the white men of Maryland determine, *when,* if ever, and under what restrictions, negroes shall vote; or shall Congress decide that question for the people of this once self-governing State? Shall Maryland become a tributary to or dependency of Massachusetts, or shall she be governed by the traditions and instincts which belong to her as one of independent "old thirteen?" Shall Maryland continue to be what she has been, or shall she accept New England masters and be yankeeized—shall she "gravitate to New England" or shall she preserve her ancient dignity, and adhere to her own civilization? Shall she govern herself, or shall Massachusetts dictate her laws, her educational system, and her religion? *One day* is not too much for the true Maryland man to devote to the interests of his State when such momentous questions are to be decided.

## Massachussetts School Marm.

We understands that Miss Julia A. Goodman, a Massachusetts school marm, employed in one of the public schools in Johnsville district, a short time since, applied *fifty four lashes,* on two of her pupils, each about 8 years old, children of Mr. Jesse Myers and Samuel Repp, as a punishment for having thrown *acorns* at some negro huts, on their way home from school.

We understand the chastisement was most brutal and inhuman, the back and stomach of Mr. Myers' little boy being cut raw in places. If such cruel whipping had been inflicted on the person of a negro boy, how Massachussetts would howl! This same Miss Julia A. Goodman, were she to hear of some little negro being lacerated with stripes for any offense whatever, would, no doubt, exhaust the resources of her imagination in depicting the inhumanity of the late slave drivers, for the edification of of the readers of the Boston *Liberator.*

Alas! poor Maryland. The yankees make war upon your people, rob them of their property; and then send down the missegenating school marms to instil "great moral ideas" into the mind of your children, and lash their backs until they bleed, for throwing *acorns* at negro huts So we go.

We understand the amiable Miss Julia has been held to bail for her appearance at Frederick County Court, Messrs Daniel and David Rinehart being her surities.

## White Boys in Blue.

There was a very large and enthusiastic meeting of conservatives at United Hall on Tuesday night. Capt. Chas. H. Baugher addressed the meeting with great power and effect calling forth vociferous applause. Jas. McSherry Jr. also made a brief and spirited speech, after which the "White Boys in Blue" formed an association pledged to the support of President Johnson's reconstruction policy. Already some sixty of the gallent men who fought *for the Union,* and not for negro suffrage have joined the association. They profess not to be the slaves of Stevens nor of his *satalite* Frank Thomas and declare that they will vote as they fought—for the Union as it was, and for the maintainance of a white man's government.

BALTIMORE

## Police Commissioners REMOVED.

NO DOUBT OF A CONSERVATIVE MAJORITY OF TWO THIRDS IN BOTH BRANCHES OF THE NEXT LEGISLATURE.

We are informed by Telegraph from Baltimore, just at the moment of going to press, that GOV. SWANN has removed both of the Police Commissioners for the city of Baltimore. This patriotic action of his Excellency seals the doom of Radicalism not only in the city of Baltimore, but also in the State.

Maryland will stand proudly erect in her ancient dignity and pride after the 6th of Nov., 1866.

## LOCAL NEWS.

BIG SHIP.—We understand that the use of the MAGNIFICENT full rigged ship representing the SHIP OF STATE, used in the great Johnson procession in the City of Baltimore some weeks since, has been secured for the grand Johnson processon in this city tomorrow. Our country friends as well as our town's people will thus have an opportunity of seeing what many of them have never seen before.

REMARKABLE POTATO.—We are indebted to our friend Mr. C. Bookheimer, of this city, for leaving at our office a very remarkable potato, raised by him, of the "Prince Albert variety—This potato measures 10½ inches in length, regular in its proportions from end to end, full size; and attached to the main trunk are nine excrescencies or small potatoes, each about the size of a hen egg, the whole weighing 2¼ lbs.

BASE BALL.—A match game of Base Ball took place in Martinsburg Va. on Thursday Nov. 25th between the "Mountain City" Club of Frederick and the Star Club of Martinsburg. The score stood 79 for Mountain City, and 37 for the Star. The Moutain City, after having been very handsomly entertained by the Star Club returned highly pleased at their reception, and with the many kind friends they met during their stay.

## Communications.

*For the Citizen*

### To the Judges of Election in Frederick County.

The Court of Appeals have distinctly decided that you have *no right* to reject any *Registered* vote and that you are, under and by virtue of the Constitution and the Registry Law, merely the *recipients* of the ballots of voters and the conductors of the elections.

The Registry Law provides that if any Judge of Election shall *knowingly* violate any of the provisions of *this* act or of the first Article of the Constitution relating to the elective franchise, he shall, on conviction thereof, forfeit and pay a fine of not less than *one hundred* nor more than *five hundred dollars,* and *shall be disqualified from holding office and voting.*

Now you have been *notified* of the law and the decision of the Court of Appeals, and if you undertake to reject any *one Registered voter,* you will render yourselves *knowingly* liable to the penalties of the law.

You need not flatter yourselves that you can escape indictment through a packed Grand jury selected by your partizan Sheriff, for a law is *already prepared* and will be passed *immediately* by the Legislature on its assembling, which entirely alters the system of summoning juries in this county, and adopts the plan pursued in the City of Baltimore.

HOOFLAND'S GERMAN BITTERS. We are not in the habit of using our editorial columns to endorse Patent Medicines; but we feel perfectly free to call the attention of our readers to the above preparation. These Bitters have been used in our father's family with great satisfaction, and their beneficial influence there induced us to try them in our own, and the result was every way satisfactory. We, therefore, feel no hesitancy in recommending them, especially for Dyspepsia, Diseases of the Kidney, Nervous Debility, &c. We know of no medicine superior to them in cases of Nervous prostration, and frequently recommend them to lady acquaintances suffering from Chronic Debility. The subject of this notice was a young man of noble qualities, respected by all who knew him and endeared most to those who knew him best. After a few weeks of intense suffering he terminated his life just in the dawn of manhood More than a year before his death he made a profession of religion, (a fact with which the minister who preached his funeral discourse was unacquainted) and his life ever since has been that of an exemplary and consistent Christian. We mourn not as those without hope. The kind attention paid him during his illnes, evidenced the interest manifested for his recovery but, alas! all human skill proved fruitless. As the huge branches of the towering oak are unable to prevent the tender bud from withering before the cold chilly blasts of winter, so the attention of kind friends failed to prevent him from withering before the icy hand of death. As a brother he was devoted, as a friend, confiding, true, and generous to a fault; these with many other kind and noble traits of character will enshrine his memory in the hearts of all those by whom he was known best and loved most. Just as the flowers ceased to bloom, as Summer bade adieu to the lily of the Valley and Autumn breathed her breath over the land, the spirit of Robert F Pearson, quitting its tenement of clay winged from earth its Heavenward flight Weep not. Though his body has been laid among the "clods of the valley" his spirit has sought a more blissful abode, far beyond the confines of earth and all its troubles.

He is gone, but not forgotten.
