The Transcript.

HARRY E. RICKARD, PUB.

JOHN Q. MILLER, EDITOR.

WILLIAMSPORT, MD., JUNE 28, 1890.

Terms: - $1.00 a Year.

The TRANSCRIPT is an independent paper, published for and in the interest of the people. *All are invited to send us items of interest*, but every communication *must* be accompanied by the writer's real name and address; not for publication, but as a private guarantee of good faith. We wish to state *distinctly* that the Editor is *not* responsible for the views expressed by correspondents.

A member of Congress a few days ago made the assertion, and it was not contradicted, that not twenty-five congressmen would swear that they believed what they pretended about the matter then presented for consideration. If this be true of the congressman-elect, would it not be well for the candidate to be required to swear that he believes what he says, when advocating his course before the people. The Decalogue may not have a place in the politics of many, but those who are governed by its precepts are apt to outlive in the affections of the people those who build on the shifting sands of expediency.

The reported difference between Mr. Blaine and the leaders of the party on reciprocity with the South American states on the sugar question, and the later one that he is being overruled by the President on the the Bhering Sea question, indicates a determination on the part of some influential body to prevent his policies from being carried out, and he getting the credit. Mr. Blaine is now getting older and has given no intimation of contesting further his claims for the Presidential nomination, and if his just and equitable measures are overruled from a spirit of jealousy, it is a very little business for those engaged in it, and will certainly cost them dearly if they have any political aspirations.

ADDITIONAL LOCALS.

—A beautiful line of white goods at P. L. Lemen's.

—David Forsythe, of Indian Spring, this county, has been granted a pen-

DO YOU KNOW

That CUPID'S SECRET (cream paste) is the finest remedy for chapped hands, face or lips, eczema, flesh wounds, bruises, cuts, scalds, chafing and inflammation of all kinds? Warranted. Nice and pleasant to use; highly perfumed. In clean tin and wooden boxes.

—A burglar was discovered in the dwelling of Mr. Geo. W. Show in Hagerstown Sunday night last, but was frightened away before he could get his hands on anything.

—Here is a name a census enumerator found at Grisfield: Marpellina Fanny Jane Iona Delia Francis Agustus Hester Estelle Long Richard Dashiell. She is colored.

—How well we remember grandmother's attic, so fragrant with medicinal roots and herbs! Poor old soul, how precious they seemed to her! And yet, one bottle of Ayer's Sarsaparilla would do more good than her whole collection of "yarbs."

—The Board of Directors of Morgan's Grove Agricultural, Mechanical and Live Stock Association are commencing work on their sixth annual free exhibition, to be held September 2d, 3d, 4th and 5th, 1890, which they intend shall be far in advance of any preceding year.

—The Mt. Washington Club, of Baltimore, and the local team of Hagerstown, will play two games of ball in the latter city on the Fourth of July. The games will be called at 10 a. m. and 3 p. m. The admission to these games will be twenty-five cents; ladies admitted free.

—Mrs. John Williams, Funkstown, who was dangerously burned from head to feet in the early part of last week by the explosion of a can of coal oil, from which she was pouring oil into a stove for the purpose of rekindling the fire, died of her injuries on Saturday. She was aged about twenty-eight years and leaves a husband and one child. The funeral took place yesterday afternoon and was one of the largest ever held in that place.—Monday's Globe.

—The Hagerstown correspondent of the Sun writes: "Since the Chesapeake and Ohio Canal receivers filed their report adverse to the repairing of the canal nothing has been done in the matter, and, judging from the little one hears on the subject, residents of this town do not seem to be very much interested in the question. Judge Alvey says he has heard nothing since the receivers made their report, and has had no intimation from the parties to the suit in court here what their next step will be. The proceedings instituted in this court were for the purpose of foreclosing the mortgages on the canal, and either the State or the boodholders of 1878 might come in and ask for a sale of the canal. Whether this will be done he cannot say. The canal and all the property belonging to it are still in the hands of the receivers."

—Dried apples and peaches cheap at P. L. Lemen's.

—J. C. Shoop has been appointed fourth-class postmaster at Smoketown, this county.

—Hon. Barnes Compton has been appointed chairman of the Democratic State Central Committee to succeed Senator Gorman.

—You can never know till you try, how quickly a dose of Ayer's Pills will cure your sick headache. Your stomach and bowels need cleansing, and these pills will accomplish it more effectually and comfortably than any other medicine you can find.

—Messrs. Cushwa and Winship, the District receivers of the canal, have filed another report, in which complaint is made that they have been unable to get exact information in regard to real estate and other property owned by the canal company.

—Dr. Victor L. Harbaugh, of Hagerstown, was tried in the United States Court at Baltimore, Saturday last, upon the charge of falsely representing himself as a pension agent. The jury rendered a verdict of guilty, with a recommendation to the extreme mercy of the court. Judge Morris imposed a fine of $10.

—The Children's Day exercises in the Asbury M. E. church, colored, on Sunday afternoon, were of a most pleasing character, and a large audience composed of both white and colored persons attended. A large number of persons were present from Clearspring. Each selection was rendered in a manner that indicated the careful and thorough training the scholars had undergone. The decorations were also of a striking and attractive character. A collection amounting to $6.30 was taken.

—Mr. G. S. Griffith, president of the Maryland Sunday School Union, has just submitted his report to the sixth annual international Sunday school convention at Pittsburg. Maryland was one of the pioneer States in Sunday school work. As early as the year 1804 the first Sunday school was organized in Baltimore, under the auspices of the Baptist church, at Fells Point. The work gradually grew until in the year 1816 there was a general awakening on the subject and schools multiplied rapidly. The present number of Sunday schools in Maryland is 2,126; officers and teachers, 20,064; scholars, 206,196; total, 284,387.

—The Western Maryland Railroad Company will issue $4,000,000 five per cent. bonds to build its tidewater line from Arlington station to Jones' Falls, Baltimore, and the connection from Williamsport to Cherry Run. The total roadway to be built is about eighty miles and all its connections promise to be valuable and profitable. The bonds will represent a first mortgage on all roadbeds on which the money is expended, and on all acquisitions that may be secured to the road in its expenditure. The bonds, it is said, are not intended and will not represent a lien on the property of the road as at present existing. They will not be all floated at once, but will be issued from time to time as the necessities and progress of the work require.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

F. J. CHENEY & CO., Toledo, O.

☞ Sold by Druggists, 75c.

MILTON KOHLER,

Graduate Optician.
