The Maryland Election.

The first thing that can be said about the Maryland election is that it does not express the will of the voters of the State. That is demonstrated by the number of rejected ballots and is emphasized by the further fact that thousands of voters were deterred from going to the polls because of an apprehension that they could not properly mark their ballots. It is extremely probable also that many ballots were rejected as defective which were really not properly placed in that category. In Uniontown district, in this county, twenty-five ballots were not opened at all because they were not properly folded, a fact that must have been apparent to the judges before the ballots were dropped in the box. There is no reason to suppose that the ballots were folded in a certain manner for the purpose of identification. We are informed, also, that a ballot was rejected in the same district because the marks, which were properly formed and were within the squares, varied in size. These cases are only cited as samples of the condition which prevailed over the whole State and not because Uniontown district was singular in its rejection of votes which, in many cases, plainly disclose the voters' intent.

Under the circumstances the Democrats have little to boast of in the meagre victory which, at this writing, they seem to have won. They have practically demonstrated that the people are not with them in the methods they have adopted. They have succeeded by a very narrow margin (suffering the loss of one State candidate and possibly the other also) and that, too, after the lavish expenditure of money, the practice of disreputable trickery, and the disfranchisement of many voters. The fruits of such a victory cannot be very grateful to those of its beneficiaries as possess any real sense of fairness.

Rural Delivery Men Appreciated.

From the Baltimore American.

The rural free delivery service, which was first established in Carroll county in this State, and which in less than two years has been extended to many sections of the country, will be placed under the classified service some time during the coming winter. This was determined upon by President Roosevelt immediately after he succeeded to the presidency.

This is one of the few branches of the government service remaining unclassified, and it is destined to be one of the most important departments of the government's work. There will be no difficulty whatsoever in classifying the rural free delivery clerks in Washington and the special agents and inspectors in the field.

The difficulty comes with the rural carriers. Each of these must have his own horse and must be personally acquainted with the people living along his route. He must have their confidence for he has authority to sell money orders and postal notes, and the average citizen will not pay his money to the carrier unless he knows him, particularly as the carrier is generally expected, after making out the note or postal order, to mail it for the purchaser. In such circumstances, it will not do to select carriers by competitive examination.

The carrier, to be efficient, must live in the county wherein his route lies. Some method must be devised to insure his selection regardless of political considerations and to get the best man obtainable for the work. That is the problem which Civil Service Commissioner Fouke must solve. The President and his advisers think the extension of the merit system to this service will make it even better than it now is.

The SENTINEL does not agree with the President in this conclusion. The Civil Service business will not secure as efficient officers as holding the appointing power to a strict accountability for the character of appointments would do.

Mr. Goldsborough S. Grifith, of Baltimore, celebrated the eighty-seventh anniversary of his birthday on Monday. For thirty-three years Mr. Grifith has been president of the Prisoners' Aid Society of this State and for thirty-eight years president of the Maryland Sunday School Union, and has become widely known throughout the State for his efforts to promote the reformation of the erring and to mitigate the sorrows and sufferings of the unfortunate in public eleemosynary and penal institutions, visiting most of these institutions annually and sometimes severely criticising their management and securing the correction of abuses.

Frank A. Wilson, a Howard county farmer, was almost instantly killed Wednesday morning by a fall from his horse at Fulton and Edmondson avenues, Baltimore. The animal he was riding stumbled and Mr. Wilson was thrown violently to the ground. He struck on the stones and died in a few minutes. He was driving a heavy farm wagon, drawn by three horses, and rode one of the latter.

Tuesday's Elections.

Republicans Elect Parran Clerk of the Court of Appeals.

Dr. Hering has Small Plurality on Face of the Returns.

The Legislature Democratic.

MANY BALLOTS THROWN OUT.

STATE PROBABLY REPUBLICAN ON A FAIR COUNT.

THE RESULT IN OTHER STATES.

Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Ohio, Iowa, Nebraska, Utah and Colorado Republican.

Large Republican Majorities in Many States.

Tammany Thoroughly Routed in New York, and Seth Low, Republican, elected Mayor of the Great City, by 30,000.

Not a Northern State Democratic.

Virginia Democratic by Reduced Majority.

Democrats Carry Kentucky, as Usual.

Following are Some of the Figures:

New York.

The election in New York was for members of the Legislature, and officers of the several municipalities in that State. The Republicans carried a number of hitherto Democratic cities and elected a decided majority of the members of the Legislature. In the great City of New York Seth Low, Republican, was elected mayor by a plurality of 30,000 on a citizens' ticket, over the Tammany Democratic candidate.

Ohio Nearly 68,000.

Columbus, Ohio, Nov. 6.—With almost complete returns in tonight it is noted that the Republican plurality of 67,601 beats all records in what has become known as the quadrennial "off-year," and, with two exceptions, the records of other years.

Massachusetts 70,000.

Boston, Nov. 6.—Governor Crane's third term plurality is 70,304. The Social Democratic candidates made the best showing among the minor party nominees. The Governor's Council includes seven Republicans and one Democrat, as last year.

Nebraska 12,000.

Lincoln, Neb., Nov. 6.—Complete, or nearly complete, returns from more than a third of the counties in Nebraska increase the pluralities for the Republican State ticket.

If the ratio of gain is maintained Sedgwick, Republican candidate for Supreme Court Judge, will have a plurality of 12,000. Chairman Lindsay, of the Republican State Committee, says it will not be less than 7,000, and this is conservative. Chairman De France, of the Fusion Committee, concedes the election of Sedgwick. He said:

"Congratulations are due the Republicans because of the result in the State. We concede the election of Sedgwick by a plurality anywhere between 3,000 and 5,000."

Iowa 90,000.

Des Moines, Iowa, Nov. 6.—Today's returns from Iowa indicate that the ultimate official vote will give A. B. Cummings, the Republican Governor-elect, something like 90,000 plurality. Four-fifths of the counties have been heard from and a conservative estimate of the remainder indicates this result as certain.

The returns on the Legislature are not complete, but the Republicans certainly have made gains and increased their already large majority by 8 or 10. Cummings broke the record in Des Moines county, carrying that by a plurality of 14. It is usually strongly Democratic.

A Sweep in New Jersey.

Newark, N. J., Nov. 6.—The vote of Franklin Murphy, Republican, for Governor, grows fast as the detailed returns are filed with the county clerks throughout the State.

His plurality over James M. Seymour, Democrat, exceeds the highest figure set in the predictions of the Republican leaders before the election. The returns have not all been filed, but Murphy's plurality over Seymour will be in excess of 17,500. This is more than three times as much as Voorhees obtained for Governor three years ago. Every county but four gave Murphy majorities.

The republicans will control both houses of the Legislature by majorities of more than three to one.

Virginia 52,000 Democratic.

Richmond, Va., Nov. 6.—Later returns show that last night's estimates of the result of the Virginia elections were not too high. The Democrats elect Montague and the others on the general ticket by over 25,000. It may reach considerably over that figure. The Democrats have, however, sustained heavy losses in the lower house of the Legislature. The Republicans will have at least 20 of the 100 members of that body and possibly two or three more. In the last House the Republicans had five members.

Pennsylvania 25,000.

Philadelphia, Nov. 6.—Practically complete returns from the State give Harris, R., for State Treasurer, 32,300 plurality and Potter, R., for Supreme Court Judge, 47,938 plurality.

Rhode Island Gives 6,389.

Providence, R. I., Nov. 6.—Complete returns from the 139 districts in the State give Gregory, R., for Governor, 26,242; Carvin, D., 19,853. Gregory's plurality 6,389, as against 8,859 last year.

In the Senate the Republicans have elected 31 members and the Democrats 7, and in the House the proportion is 51 Republicans to 4 Democrats.

Utah and Colorado.

In Utah and Colorado the elections were local and municipal; but the drift was decidedly in favor of the Republicans. Both Utah City and Denver, Col., went largely Republican.

The property of the Blue Mountain Iron and Steel Company, owners of the Catoctin Furnace, near Thurmont, Frederick county, is offered for sale by William T. Rainey, Philadelphia, assignee of the mortgage originally given by Ernest Sharp to the receivers of the Catoctin Mountain Iron Company, and by them assigned to Lawrence J. Morris, who, it appears at the present proceedings, assigned it to the Fidelity Mutual Life Assurance Company. The property is a large one, including over 10,000 acres of land, and the furnace has been turning out about 25 tons of iron daily. The Blue Mountain Iron and Steel Company was organized in 1899.

A peculiar disease is reported to be prevailing among the horses on a number of farms in the upper sections of Howard county. Many of the animals have already been rendered unfit for service and several deaths have occurred from the malady. Mr. Samuel C. Musgrove, of the Fourth district, has lost four horses and others on his farm are affected. A veterinarian, who has investigated the trouble, pronounces the disease to be spinal meningitis.

The farmers of York county, Pa., are reaping a rich harvest from their corn crop. State Senator Harvey W. Haines, of Windsor township, will get about $875 from 78 acres. His crop yielded 75 bushels to the acre. Samuel H. Bechtel, of Jackson township farms, has about 60 bushels of shelled corn from about 25 acres.

The funeral of Thomas R. Phillips, a prominent merchant of Liberty, formerly of Reisterstown, who died Friday of last week, aged 51 years, of typhoid fever, took place Monday from the Methodist Episcopal Church, Frederick, where services were conducted by Rev. A. D. Wood.

It is said on good authority that the Chesapeake and Potomac Telephone Company proposes to remove its general offices from Washington to Baltimore in the near future.

I'll think of thee, dear mother,
In your bright and happy home,
When all is hushed and still, mother,
And I sit here alone.

Though here on earth we'll never meet,
My thoughts are still of thee,
And fancy shows the cottage neat
Where you have sat with me.

And now farewell, dear mother,
I ne'er will see thee more,
But in my heart I trust, mother,
We'll meet on Canaan's shore.

Her loving daughter Lizzie.
