Chintz, and
Bandanna Handkerchiefs—All entitled to drawback.

BIGELOW & PROUD, Bowly's wharf.

November 28. d

For Sale,

(If immediate application is made)

A TRACT OF LAND, nearly adjoining the city of Baltimore, being part of Upton Court, and contains, by survey, forty-four acres; it is bounded by the south west branch of Patapsco River, (commonly called the Ferry Branch) on one side, by a creek called the Herring Ponds on another, and by lands of Jeremiah Townly Chase and ——— Moale, esquires, on the other sides; the soil is generally allowed to be superior to any in the neighborhood of this place, and commands an elevated view of the river Patapsco and Chesapeake bay; there is on it an apple orchard, a never failing spring of excellent water, and the river and creek afford a superabundance of the finest fish.

This property was laid off in lots to form a part of Baltimore-town. Its admirable situation on the bold navigation of the principal branch of Patapsco, will readily shew to those who have witnessed the rapid growth of this city, and contemplate the magnitude to which it must arrive, from the almost unlimited extent of country it has to support commerce, that the time is not far distant when the original intention of this land will be realized. In the mean time, the brick-maker, rope-maker, and all others concerned in heavy manufactures will find it an elegible situation for carrying on their business—and the industrious gardner, farmer, or grazier, will, on taking a view of the place, discover an ample source of reward to induce him to purchase—and the monied man that wishes to enrich his posterity, may never again have a like opportunity of so effectually doing it, for a comparative small sum. For terms, apply at Mr. Evans's tavern, to W. KNOX,

Who would sell 13333 acres of good LAND, in the state of Kentucky, contained in two surveys, one of them is 8000 acres on Richland Creek, a branch of Cumberland river; the other 5333, on Robinson's Creek, a branch of Laurel river; both tracts are in Lincoln county—they were located eighteen years ago, and are clear of every incumbrance.

November 28. d6t§
