by some wheat being put away in salt barrels. The efficacy has been proved by several farmers in this neighbourhood. We havepublished several methods for destroying theWeevil after it is hatched and come out of the wheat,but we are assured by the Farmers thatwhat damage it can do is then accomplished, and that the Weevil mustbe destroyed in the egg before it hatches, or the destruction can be of nobenefit; slacked lime mixed with the wheat has the same effect as salt.—*Salem Ind. SLANDER. Major M'Farlane of Pittsburgh, in anEditorial article, outstrips Maj. Noah, by all odds—for I believe my old friend, the New York Major never lets his feelings run so far before his judgment as this :—

'Away then, Mr Adams, with your puritanical doctrines, so long as you continue to give the right hand of fellowship to your Secretary of State who is a murderer.'

This is *generous*, major M'Farlane—yea even *magnanimous*, and does *equal* credit to the *head* and the *heart* of its author. A few more such opponents,and Mr Clay will ascend from the crucible of persecution, sustained by every honourable man in the Union, and triumphant over every foe. It is impossible that a discerning public can read such charges against such a man, but with horror and indignation.—*Albany Obsv'r*

Hamilton, Ohio, Sept. 22.

Horrid Murder.—A man entering the house of another,living near Hulse's Tavern in Cincinnati, at the dead hour of night, on Wednesday last, and with a butcher's cleaver cut the other to pieces while in bed, cutting off the wife's arm which was next her husband. Her screams alarmed the neighbourhood, and brought assistance, [illegible] too late either to prevent the commission of the horrid deed, or to secure the murderer; but he was soon after caught at the river, and committed to jail. He has since confessed. This information we obtained verbally, but from an unquestionable source.—*Adv.*

Governor Cass and Col. M'Kenny, have returned to Detroit, after having effected their objects in a treaty with the Indians at the Fond du Lac. There were 100 Indians present, who behaved in an orderly manner. A cession has been made to the U. States to search for and take away any metals which may be found in that country. Pure copper abounds in these regions.

There is the appearance of an abundant crop of cotton in Tennessee.

The summit Bridge thrown across the Chesapeake and Delaware Canal, consisting of a single arch and cord of 24 feet, was completed, and the false keys which supported it on the false works were removed on Wednesday last, when this immense superstructure, in weight little less than 400 tons, took its bearingon abutments.

Jefferson Subscription.—The Richmond Compiler says, from a rough estimate made of the amount of the subscriptions raised for Mr. Jefferson,within a fortnight, the total was about $20,000, to wit : in New-York, about 8,000 ; in Philadelphia, about $6,000: in Baltimore, a little more than $2,000 , and all the rest at about $4,000.

At the meeting of Republican delegates from the several counties of New York, which convened at Herkimer, on Wednesday last, William B. Rochester was unanimously nominated as a candidate for Governor of the State, and Nathaniel Pitcher was nominated as a candidate for the office of Lieutenant Governor.

Disgraceful Transaction.—We have been requested to state for the information of the public, and to prevent a recurrence of a similar transaction, that Benj. J. Caldwell,of Farmington,on the morning of the 10th inst, was married to a respectable young lady of that town since which it has been ascertained that he has a wife and two children, now living in Whitesboro' Oneida county,N. Y from whom he has been absent more than a year. He is about 5 feet 8 or nine inches high, has black hair, grey eyes, and a natural florid countenance.

The learned Dr. Parr, in the elaborate Treatise on Diet, observes that "the gratification which attends a favorite meal, is, in itself, a specific stimulus to the organs of digestion, especially in weak and debilitated habits.' The London epicures exult in this acknowledgement of the Doctor; one of them calls it "a gratifying and glorious doctrine."

Mr. Loiseau, a physician, is philanthropically employed in New Orleans in curing drunkards. He has radically cured twenty-four, and among the number one or two persons whom drinking has made mad. Some are disaharged in ten days; others it requires three weeks to cure. Mr. Loiseau would find it to his advantage to take a journey to the north.

"*The wonder of the World.*"—A man giving himself this title, is exhibiting in Philadelphia. He is 41 years old, and is 3½ feet high. He has one perfect arm, another without a hand. He has chopped 12,000 cords of wood in his time.

The Hon. Edward F. Tattnall and the Hon. John Forsyth, have been re-elected to Congress, from the State of Georgia, without opposition.

A tragic affair has recently occurred at Boston. A widow by the name of Fairbanks left that city on Monday night with her two children forCharlestown. She passed the toll house of the bridge, but was not observed to pass on the opposite side. Subsequently the bodies of the two little girls and the bonnet of the mother, have been found in the river, and it is recollected that a noise was heard, like that of something falling into water, and the cry of children, about the time she passed on the bridge. From these facts, it is supposed the woman threw herself with her children into the river.

A child fell from a window in Dublin, Ireland, plump into the basket of a woman passing at the time, and received no injury. Not so with the poor woman, who had two of her chickens killed in the basket which she was at the time carrying on her head.

A cabbage raised by Mr. Briggs, in Rhode Island, is now to be seen at the shop of Messrs. Bowen & Medbury, having *fourteen heads.*

At Leeds,Eng.a man lately hung himself because he was annoyed by thebugs.

On Wednesday last the Board of Directors of the University of Maryland, appointed Dr. John Bucker of Baltimore, adjunt professor of anatomy in that institution.

Verily this a terrible state of society.—In Green county,Kentucky, on the 12th ult. a man aged 82, named Robert Casky, senr. was murdered by Malcolm Worley, aged 25. The murderer has escaped, and is probably, says the Editor of the Danville paper, lurking in the woods, or concealed under some friendly roof till he can make good his retreat to some distant country.

The body of a man, whole, perfect, and fresh, skin, flesh, and all, was lately found in a bog in the county of Kildare, Ireland. *The beard had grown after death* the length of several inches. The body was recognized to be that of a man who had disappeared 26 years ago.

To Tavern Keepers.

THE Subscriber being desirous to devote his attention exclusively to the GROCERY BUSINESS, will Rent, for one or more years,his large and extensive Tavern, situate in Chestertown, Maryland, known by the name of

The Exchange Hotel,

which is supposed, by good judges, to be the best stand in the town for a public house of entertainment, being within a short distance of the Court-house and other public places.

The United Ststes mail stages for Wilmington, Centreville, Easton and Rock-Hall, leaving the Exchange three times a week, viz: Tuesday, Thursday, and Saturday, and returning arrive in Chestertown on Monday, Wednesday and Friday, necessarily ensures to the Tavern a number of passengers and travellers.—The beds, bedding and bed steads, which are nearly new, and in good condition, together with a variety of other articles essential to tavern keeping on a large scale, will be sold and disposed of at fair prices.

The Subscriber will also dispose of the residue of his term or contract with the General Government for transporting the United States mail from, and to, the above mentioned places, Rock Hall excepted, together with 4 stages or coaches, and from 12 to 14 stage horses, all in good order and running daily. To a good tenant the terms will be moderate and possession given at any time required.

The Subscriber deems it unnecessary to give any further description of the property as it is so well known.

Persons disposed to rent will no doubt call, examine,and judge for themselves. The Subscriber also takes this opportunity of tendering the public his warmest thanks and gratitude for the very liberal patronage he has received, and hopes that the same generous encouragement will be extended to his successor at the Exchange Hotel.
