Eastern-Shore Whig

AND PEOPLE'S ADVOCATE.

EASTON, MD.

TUESDAY MORNING, JAN. 3, 1832.

We have entered upon a new year; and would consequently tender to our patrons the compliments of the season—wishing them health, prosperity and happiness. Our thanks are due for the encouragement we have received, and especially to those who have given us a more substantial support than their mere names. As this is the season for a general reckoning, we trust our friends will remember us, and afford us the means of procuring the necessaries, if not the comforts of life, and to enable us to prosecute with advantage our arduous task. Our business is one which can not be conducted without very considerable expense, and severe labour, which makes it necessary for us, at stated periods, to call the attention of our patrons to our wants.

We intend to give insertion to the proceedings of the *Juvenile Missionary Society*, next week; our previous engagements prevent it to day.

STEPHEN GIRARD, Esq. the banker, of Philadelphia, died on Monday the 26th Dec. It is supposed he has left the richest private estate in North America, if not in the new world.

We understand that the following gentlemen were appointed by Mr. Girard, previous to his decease, as Trustees to settle the affairs of his Banking House:—James C. Fisher, Samuel Wagner; Thomas P Cope, Robert Waln, Robert Smith, Timothy Paxton, Gustavus Calhoun, William J. Duane, Tobias Wagner, Joseph Roberts.—*Am. Sentinel.*

MARYLAND LEGISLATURE.

In the Senate, on Tuesday, Benjamin S. Forrest was chosen President and Jos. H. Nicholson, Chief Clerk.

In the House of Delegates, on Tuesday, on the ballot for a Speaker, Richard Thomas received 43 votes, L. D. Teackle 2 votes, and 15 were blank ballots. Mr. Thomas accordingly took the chair.

A resolution was adopted that the members of the House wear crape on the left arm for thirty days as a testimony of respect for the memory of Joseph P. Brinkley deceased, a delegate elect from Somerset county, and the Speaker was ordered to issue a writ of election to supply the vacancy.

Mr. Johns obtained leave to bring in a bill to repeal an act, entitled, An act to abolish imprisonment for debt on certain judgments rendered by justices of the peace, passed at December session 1830, chapter 155.

Mr. Moores obtained leave to bring in a bill to be entitled, An act to abolish all such parts of the constitution and form of government as relate to the time and manner of electing the senate, and the mode of filling up vacancies in that body; so that each county, and the city of Baltimore, may have a senator to be elected immediately by the people.

On motion of Mr. Turner of Baltimore, Ordered, That Messrs. Turner of Baltimore, and Williamson, wait on the Rev. Mr. Guest, and request his attendance in the house every morning at ten o'clock, during the present session to perform divine service.

Mr. Hunt presented the memorial of James F. Brice and others, of the city of Annapolis, praying for an act to incorporate a company for the purpose of constructing a Rail-road from the city of Annapolis to Baltimore; which was read and referred to the committee on internal improvement.

The Speaker laid before the house communications from the clerks of Baltimore and Montgomery County Courts, relative to the attendance of Judges; which were read and referred to the committee on grievances and courts of justice. Also reports from said clerks relative to the several sums of money paid by them into the Western Shore Treasury within the year ending on the 30th of November, 1831.

FROM BUENOS AYRES.

By the ship Romulus, arrived last night, we have received papers from Buenos Ayres to the 10th October. The following letter from our correspondent embraces all the intelligence they contain.—[N. Y. Cour.

BUENOS AYRES, Oct. 10.

Business is still dull with us—the country has suffered much of late from the want of rain—cattle and horses very scarce, consequently travelling and transportation of goods to the interior is rendered difficult. Within the last two days however, we have had some good showers, and I hope ere they abate the country will be fully supplied.

A small portion only of the Unitarian party exist in a state of hostility in 2 or 3 of the back provinces, and this it is likely will soon be entirely reduced by an expedition sent in pursuit of them under the command of Gen. Quiroga. A party of Indians from the south have lately made an incursion within the boundaries of the Provinces and carried off some cattle, but have since, according to accounts received by government, been defeated and compelled to surrender their booty.

Our city is at present much infested by *ladrones* (thieves) and many robberies, and some few assassinations have lately taken place.—They are excessively bold in their attempts and if once they succeed in carrying off their booty, nothing more is ever heard of them.

The ship St. Peter arrived yesterday from Baltimore, cargo principally Flour, upon which the shippers will meet with considerable loss—the present market price being only 45 current dollars, and the duty is $6 per bl. The Patsey B. Blount arrived here on the 2d inst. from your port.

Cherokee Emigration.—*L. Hawkins*, of Louisville, (Ky) and *James M. C. Montgomery*, of De Kalb county, Georgia, have been appointed by the Secretary of War, assessors in the Cherokee Nation to value the possessions of emigrating Indians. The Georgia Journal gives the following extract of a letter dated 19th ult.

"In a letter this day received from the agent appointed for enrolling the Cherokees, he says that by the extraordinary exertions of the leading men of the nation, the business of emigration went on at first very slowly. Yet it gives me pleasure to have it in my power to say the prospects are brightening, and in all probability a sufficient quantity of business will grow out of it to authorize a call for the services of the assessors as early as the 10th of December. In anticipation of such a state of things, I have ordered the assessors to meet me at the Agency on that day."

"Hallo Printers."—On Tuesday evening last, shortly after dark, the attention of the hands in our office was arrested by a voice, crying "Printers! printers!!" which upon examination, was found to proceed from a gentleman stationed in a window of Stephen Girard's banking house, the rear of which is immediately opposite our office. The boy was sent to ascertain what communication the gentleman had to make, who shortly returned and informed us, that he wished the assistance of the porter of the banking house to liberate him from confinement. It appeared that the gentleman had attended a meeting held in the banking house in the afternoon which did not adjourn till near dark. He was delayed somewhat in putting on his coat, and wrapping up his chin, to protect himself from the cold, and when he essayed to go out he found to his great astonishment the door bolted and barred. Upon realizing his awkward situation, he groped about in the dark for a considerable time, and at length succeeded in opening an upper window, from which he lustily raised his voice, as before noted.—*Philadelphia Post.*

The legislature of S. Carolina adjourned on Saturday the 17th inst.

The following resolution was adopted a day or two before adjournment.

Resolved, That the administration of Andrew Jackson, has justified the high expectations of his country and that he is entitled to the confidence and gratitude of his native state, for having by the wholesome exercise of his *veto*, put an end to the ruinous system of Internal Improvements, and especially for having, in his late Message, recommended a modification of the Tariff Law, which has proved so prejudicial to the interests of South Carolina.

Disasters in the Bay.—By the politeness of a friend, we have been favored with a letter dated at Rockhall on the 22d instant, describing the great distress among the vessels in that part of the bay, caused by the gale of the 17th inst. Two bay schooners of the fleet towed down by the steam boat Maryland, which left the harbour on the 18th, were blown ashore on Swan Point. One was the schooner Blackbird, Carey, of Vienna, light; the other, the schooner Hunter of and for Tappahannock, with a valuable cargo of dry goods, groceries and iron. She had been deserted by the crew, as no person was found on board—her sails gafts, cables, anchors, and cabin furniture all gone. It is reported by Captain Carey (of the other schooner, who lies about a half mile below that the Hunter bilged as soon as she struck. Captain C. in the course of Sunday and Monday undertook to save some of the cargo, and partially succeeded, but he states on the morning of Tuesday the schooner and cargo were taken possession of by a crowd of persons, black and white; who commenced a general plunder and the wreck. The goods on board are marked Dr. Wm Jones, Jas. Kelly and William H. Dandrige. If the owners or their agents are in Baltimore it would certainly be advisable for them to look after what remains of their property as soon as possible.

There is a Nantucket sloop high and dry on the flats of the Eastern Neck Island, laden with oil and candels for Baltimore; name of Captain unknown. They are landing the cargo all safe. There is also a topsail schooner lying off of Hill point or Queenstown. Said to be from Havannah for Baltimore—cargo sugar and coffee. She was driven in by the gale, and is at anchor in the channel is bound.

DEPARTMENT OF STATE.

Despatches and papers have been received from our Minister in Brezil, by the Department of State, from which it appears that a material alteration is to be attempted in the government of that country. A knowledge of the projected changes may be best obtained from the following translation of a Decree, passed at the 3d of October, and published in *Aurora Fluminense* of the 14th.

THE GENERAL ASSEMBLY OF THE EMPIRE DECREES:

That the Electors shall confer upon the Deputies whom they may send to the Ensuing Legislature, the privilege of altering or abolishing all Articles of the existing Constitution, which are contrary to the following

PROPISITIO IS.

1. The Government of Brazil shall be a Federative Monarchy.

2. The Constitution shall acknowledge but three political Authorities, viz: the Legislative, the Executive, and the Judicial.

3. The Constitution shall distinctly set forth the powers; duties, and prerogatives of each branch of the Legislative Authority seperately, and of both conjointly; such changes being made in the present arrangements in that respect, as may be judged necessary.

4. The Deputies shall be elected for two years which is to be the duration of each Legislature.

5. The Senators shall also be elected for a stated period; one third of the whole number are to be chosen at each renewal of the Chamber of Deputies. The manner in which this election is to be conducted, and the order of displacement of the Senators, will be expressed in the Constitution.

6. The Executive shall retain all the attributes of a Moderating Power, all others will be suppressed.

7. The Executive may refuse its sanction to a Law, declaring the reasons for so doing in writing; but if, after such refusal, the Law again be approved by both Chambers, it shall be considered as passed and promulgated accordingly.

8. The Chapter of the Constitution relating to a Council of State, shall be suppressed.

9. The General Councils shall be changed into provincial Legislatures, each having two Chambers.

The laws passed by these bodies which are not with the powers of the National Assembly, shall have force in the Province after being sanctioned by its President.

10. The Public Revenues shall be divided into National and Provincial; the taxes and duties for the expenses of the General Government shall be fixed by the National Assembly; those for each province by its Legislature.

11. During the minority of the Emperor, the Realm shall be governed by a Regent or Vice Regent elected by the Provincial Assemblies, the votes to be examined and verified by the National Assembly.

12. To each municipicity there shall be an Intendent vested with the same powers as the Presidents of Provinces.

GEORGIA.—The following resolution passed the House of Representatives of Georgia on 12th instant. The vote was taken by yeas and nays—for the resolution 124, against it one; which was for Mr. Clay. A similar resolution had passed the Senate unanimously.

"Many of our fellow-citizens throughout the United States, either by their legislatures, or by assemblies of the people, having already expressed their views as regards the Presidential election, and, satisfied that we are able to declare the opinions and wishes of the people of Georgia, on this interesting subject:—

Resolved, That our confidence in the ability, fidelity, and zeal of ANDREW JACKSON, remains undiminished; and that the people of this State, anxiously look to his re-election, as eminently calculated to promote the general interest and prosperity of our country, and the harmony of the Union."

Schr. Wm. Tell.—This vessel was lost on her way from this port to Philadelphia in the latter part of last October. Her, hull was seen floating off Barnegat shortly after the loss. There were on board of her several boxes containing valuable anatomical preparations in wax, obtained from Europe and intended for the Lectures in the Jefferson Medical College in Philadelphia, to one of the professors in which they belonged. In a letter lately received, he says that the boxes being strong and buoyant, faint hopes are entertained that they may yet be found. There contents having been designed for the purposes of scientific instruction, a circulation of this notice through the press may lead to their recovery. The owner will no doubt suitably reward any one who may return them.—N. Y. Eve. Post.

MARRIED,

In Baltimore, on Tuesday Evening the 29th Nov. by the Rev. Dr. Francis Waters, Mr. *Charles R. Hynson*, to Miss *Matilda Hynson*, both of Kent county, Maryland.

DIED

On Tuesday the 20th ult., at his residence in Queen Ann's county, FREDERICK HARRISON, in the 28th year of his age, leaving a widow and two children, with a large circle of friends to bemoan his irreparable loss.

Obituary.—The death of THOMAS PEACOCK, keeper of the American Hotel, Pratt street, furnishes an additional proof of the uncertainty of life, and a solemn warning to be prepared for death. But a few days ago he was in the prime of life, and in perfect health, his heart expanding with the pleasing hope of independence, derived from the success of his new and extensive establishment. Mr. Peacock was favourably known for many years in Chestertown, Easton and other parts of the Eastern Shore, as the accomplished keeper of a respectable Hotel, and since his removal to Baltimore, he has not only sustained but increased his reputation as an honest man, and an obliging host.

LADY'S BOOK.

Commencement of a New Series.

THE present No. for December, completes the 3d volume; it is embellished with several beautiful and costly Engravings—the title page particularly has been worked up in imitation of Gold, which is a very expensive mode of printing, attended with incalculable trouble, and as a highly ornamental and gratifying display of the arts, deserves particular attention. Besides which there are, a splendid engraving on steel, of "THE WIFE;" the latest London Fashions for Caps and Bonnets; a View of the King's Bridge and Royal Barracks, at Dublin; the Woodpecker and the Wood Lark; two favorite pieces of Music, with the accompaniments; also a general Table of Contents for the Volume.

In catering for the amusement of their patrons, the publishers have sought to obtain materials of an interesting, novel and diversified character, and although they have not been able hitherto to present much in the shape of Original contributions, they have always cherished a proper regard for Native Talent, and have been zealous and persevering in their efforts to obtain it. With this view, it will be seen by the annexed advertisement, that a liberal PREMIUM OF $200 HAS BEEN OFFERED BY THEM FOR THE BEST AMERICAN TALE, and there is no doubt the competition for the honor of the award will be contested by writers of the highest distinction. A secondary PREMIUM OF $50 IS ALSO OFFERED FOR THE BEST POEM, suitable for publication in the LADY'S BOOK. It is reasonable to conclude then that the attractions of the succeeding numbers of the work will be manifold—they will be increased both in the character of its contents, and the beauty of its external appearance. The publishers have made engagements for a new and excellent paper, on which to print it, and they also propose to make some improvements in its Typographical appearance. The Music Type which they have selected for their use is of the most approved kind, and in future, the accompaniments entire will be given with the music they select for publication.

The publishers have a few copies of the last 6 numbers remaining on hand, with which they will be happy to supply new subscribers, as these will form a connexion with the future numbers, all who desire the work complete will of course commence with them. Persons who have not seen the Book, may have a specimen No. by addressing the publishers (post paid,) to that effect.

The publishers are desirous of obtaining as early in the succeeding month as possible, an estimate of the number of copies of their work which may be subscribed for, so that they may know what edition they will be obliged to publish—it is earnestly requested therefore that all new orders for the Book may be forwarded at once, by doing so, those who wish to secure a copy of it will not be disappointed.

☞ Agents procuring TEN NEW SUBSCRIBERS to the Lady's Book, and remitting the cash for the same, besides the discount which is allowed in such cases, SHALL BE PRESENTED WITH A COPY OF THE THIRD VOLUME OF THE WORK SUPERBLY BOUND. The publishers will have the work carefully packed up, and subject to the orders of the persons entitled to it.
