SATURDAY, MAY 2, 1903.

The imports of the United States from foreign countries during the year ended March 31, 1903, were $1,001,596,683, and the exports $1,414,786,954. In other words the people of the United States sold products to the people of other nations to the amount of $413,190,271 more than they bought. These figures indicate the prosperous condition of the country. That, however, is apparent without the proof of the balance sheet to substantiate it.

Notwithstanding apparently confident Democratic predictions that Mr. McLane will be elected Mayor of Baltimore by 10,000 to 15,000 majority, there are indications that this sort of talk is only intended as a bluff, and that the Democratic managers are badly frightened by the energetic campaign work of Mr. Wachter, the Republican candidate for the mayoralty, and his associates on the ticket. One of these indications is the injection of the race issue into the campaign. In this, even the rural press is taking a hand and wildly describing the consequences of a Republican victory as threatening the supremacy of the white race. It is hardly necessary to remark that with sensible people this sort of campaign storming is only stage thunder. The Republicans were in full control of Maryland, in the Executive and Legislative branches of the State government, from 1898 till 1900, and her affairs were never administered in a more upright and creditable manner. And while treating the colored people fairly and justly, nothing was then done to excite a fear that they might supplant the whites. It fact, everybody knows that a million white people are not in danger of being brought into subjection to a fifth of their number of the colored race. To declare otherwise is the dernier resort of alarmed Democrats when political defeat is threatening them.

Of Interest to Fruit Growers.

The following statement from the State Entomologist and State Pathologist may be found of interest and value by fruit growers in this county. It is sent from the Experiment Station, College Park, and bears date April 30, 1903:

Several cases have occurred recently where fruit growers have taken the advice of unknown or irresponsible agents to destroy their orchards infested with San Jose scale or other insects or diseases, the agent thus securing a sale of trees for a new orchard at the expense of the grower, who with proper care might have saved his trees and made them profitable for many years.

Local inspectors have been engaged in various parts of Maryland to assist the officers of the State Horticultural Department in inspecting orchards for San Jose scale, peach yellows, etc., and they will be given certificates, showing their identity. This certificate can be seen by any person whom they visit. These inspectors are men of experience in horticulture and are familiar with our injurious insects and diseases, and are responsible to the State Horticultural Department for their actions. They can give necessary advice to growers on horticultural subjects and may often assist them in spraying or otherwise caring for their trees. Further information on this subject or anything relating to horticultural work and injurious insects or diseases, may be obtained by addressing the State Horticultural Department, College Park, Md.

The Louisiana Purchase Exposition, which is to be by far the greatest of its kind in the history of the world—twice as large, it is estimated, as the World's Fair at Chicago of 1893—was dedicated at St. Louis Thursday in the presence of such an assemblage of the nation's leading men as is seldom gathered. President Roosevelt and ex-President Cleveland, members of the Cabinet, foreign representatives, Governors of States and Territories and tens of thousands of visitors from all walks of life were there. The weather was bitterly cold, with snow and rain, but the throng, though uncomfortable, was highly enthusiastic. The Exposition will not be opened until next year.

A marriage license was issued at Rockville, on Thursday, to Dr. G. A. Thiede, of Baltimore, and Miss Mae Creager, of Walkersvile. Miss Creager, as heretofore stated, is the co-respondin the divorce suit of Mrs. George Baxter Smith, daughter of Mr. Wm. F. Cover, of York Road, against her husband, now pending in the Frederick county Circuit Court, Mrs. Smith being represented by E. O. Weant, Esq., of this city. Dr. Thiede and Miss Creager were to have been married on the 15th of April, but owing to revelations in the divorce proceedings the marriage was interrupted and it was supposed would not take place at all.

The Western Md. Railroad Company has increased the wages of conductors, baggagemen and brakemen in their passenger and freight service from 20 to 25 cents a day, or a general average of about 10 per cent. The advance rate is made effective from April 1st, and, it is said, will add about $40,000 to the annual expenses for operations. It is stated that the advance in wages is entirely satisfactory to the men affected. It is rumored that the wages of the track men will also be increased, beginning with the present month. The engineers and firemen are said to be receiving very good pay and have not asked for an increase.

Workmen are getting Pen-Mar Park ready for the excursion season One of the improvements to be made is the enlargement of the space for dancers in the pavillion. The slatted platform around the dancing floor has been torn up and an addition of five feet in width is being made on three sides. This will be equipped with seats for those who are not dancing and will add about five feet to the dancing space.

Co., said, Friday, in Baltimore: "While the contract has not yet been awarded for the construction of the extension from Cherry Run to Cumberland, the arrangements have been practically completed, and the work will be pushed as rapidly as possible."

A blizzard prevailed in Michigan and Wisconsin on Thursday. At La Crosse, Wis., snow fell to the depth of three inches and there was a drop of 40 degrees in the temperature. At Houghton, Mich., the snow reached a depth of a foot and ,at Marquette, Mich., there was a fall of 55 degrees in temperature. The blizzard was raging with midwinter severity when last reported.

The members of Daniel and Jacob Lodge No. 23, I. O. O. F., to the number of 45 occupied seats in the M. E. Church of this place, Sunday evening, and enjoyed a feast of good things in the beautiful and interesting service held by the Rev. D. M. Browning, minister in charge. It was the 54th anniversary of Odd Fellowship in the U. S. The altar and chancel were tastefully decorated with potted plants and ferns, adding to the pleasures of the occasion. The songs were such as to inspire all with appreciation and gladness. Solos, by Mrs. Dr. J. H. Preston and Miss Edna Lamotte, especially, were well rendered and greatly appreciated. Rev. Browning based his remarks upon the words, "The soul of Jonathan was knit with the soul of David and he loved him even as his own soul," from which he drew forth many beautiful lessons for the members of the fraternity to practice, so that the triple links of friendship may be more closely welded as they progress along the avenues of charity and good will. Daniel and Jacob Lodge did an appreciative work during the last year and enrolled quite a number of new members, standing third among the 110 Lodges of the State in the contest for prizes for the greatest number of members initiated during the year. Several weeks ago Dist. Dep. J. E. Musselman received a beautiful gold badge as the third prize in the above contest, of which he is justly proud, being the first ever won by the lodge.

The home of Mr. and Mrs. Cornelius Miller, South Main street, threw brilliancy far into the darkness without, while within all was cheer among the friends who had called to geve them a surprise on the crystal anniversaryof their marriage. Sixteen of those present were of the company that 15 years ago welcomed Mr. and Mrs. Miller as bride and groom to their home. The anniversary day falling Sunday, they took advantage of Saturday evening to give them this pleasant surprise. They went fully equipped for the occasion and abundant refreshments were provided, in addition to the social feature. The evening had advanced to a late hour ere the good nights and well wishes were said. On Sunday the host and hostess entertained Mr. and Mrs. H. T. J. Lamotte, Mr. and Mrs. Joseph Motter, Mr. and Mrs. Samuel Houck, Misses Fannie Ross, Sadie Masenhimer, Mr. John B. Baker, at an anniversary dinner. Advance men of the C. & P. Telephone Co. were in town and this section last week driving stakes along the streets and alleys and thence to Maple Grove. It is said they will extend their line from here in several directions, so that we will be in communication with the stations along the railroad and in the near future with Baltimore and Hanover direct.

A Bit of History of the Starting of a Laundry in Westminster.

In January, 1893, I started to learn the details of the laundry business with Mr. C. A. Wysong, 310 N. Howard street, Baltimore. I began with firing the boiler. I received a practical knowledge of all the different departments. I remained with him 3 months and then came home, fitted up a hand power plant in a building of my brother, Jesse F. Shreeve. I began March 10th, with 3 hands. My first week's work amounted to $10.60. I delivered the packages, carrying the shirt packages in a shawl-strap, and collars and cuff packages in a small basket. In June of same year, I purchased a horse and wagon for delivery. In September, 1894, I changed from hand to power, adding more machinery to accommodate the trade; also adding another story to the building. In April, 1896, Mr. Jesse F. Shreeve built a two-story building, 30x75 feet, for the accommodation of the increasing trade, and more machinery was added. During the busy season employed 12 hands, working part of the night in order to get the work out. In 1901 sold out to Mr. R. N. Snader and removed to 50 W. Main street, where, by being courteous and prompt in business I built up a large trade.

GRAND INTRODUCTORY SALE
OF
PIANOS AND ORGANS,
AT
WESTMINSTER, MD.

ON MONDAY MORNING NEXT

We Shall Inaugurate the Greatest Introductory Sale ever Recorded in this State, at the

WANTZ BUILDING, WESTMINSTER.

The Instruments are here and have been admired by hundreds of people during our exhibition. Now they must be sold regardless of profit. We are going to leave them in this county as standing advertisements. We are proud of them. You may search this continent from end to end and you cannot find any better. The best judges in the world and the finest musicians all say so. This is also the judgment of every unprejudiced person who has seen them. It is not necessary to tell the people of Carroll county all about the thousands of testimonials that have been voluntarily given to such celebrated

PIANOS
—AS—
SOHMER OR DAVENPORT & TREACY,
—OR—
MASON & HAMLIN
ORGANS.

The names alone are sufficient. Every one who knows anything about musical instruments knows that they are the Standards of the World.

We did not come here to insult public intelligence by offering cheap, shoddy instruments, and we stand ready to prove to any fair-minded person that our PIANOS and ORGANS are the very highest standard of Excellence. We do not and we will not deal in so-called "cheap" PIANOS. There are too many such thump boxes in the country already and the time is not far distant when the unfortunate owners will find it out to their sorrow. We believe there is a growing demand for GOOD FIRST-CLASS INSTRUMENTS in this section, and it is to the purchasers of such that we are catering. The best factories in this country have been called upon to furnish these Exhibition PIANOS and ORGANS, and they have done themselves proud, for a finer lot was never placed on the market.

IT IS NOT PROFIT

that we are figuring on in this Special Introductory Sale, but the good will and influence of every one who is fortunate enough to become one of the happy owners of these beautiful Instruments. Direct from the finest factories in the world to your home without any middlemen's profits. A great saving in price which is worthy of the consideration of any contemplating purchaser. Do not fail to call and see us at once and have a good selection. Easy terms of payment can be arranged when desired. We will also take your old Piano or Organ in part payment, allowing you plenty of time in which to pay the balance.

PLEASE REMEMBER—We shall only be here a few days, and when this sale is over we shall not duplicate any instrument at these special introductory figures. This stock goes at Manufacturers' Prices as our introduction to future business. Certainly this is the opportunity of a lifetime, and to let it go by will be a mistake you will always regret. We shall not exhibit here again, but it is our intention to make this Introductory Sale one that will not be forgotten in years to come.
