My Dear Sir: It is with pleasure that I can write and thank you for the manner in which your Company promptly and without any equivocation on their part paid me the insurance that I had on the wheat burned on my stack-yard last August. As soon as the loss was determined the amount of insurance was forthcoming without any delay, and I find it a decided satisfaction to deal with a company like yours that will do just as they promise.
Very respectfully yours,
ROBERT FERGUSON.

FARMERS WIN CASE.

Utility Commission Decides in Favor of Farmers in Requesting Rebuilding of Road at Nicholson Station.

The Public Service Commission has dismissed the petition of the railroad and re-affirmed its decision of Dec., 1911, viz, that the service to Nicholson Station must be restored. Seven months was the time given in which to complete the work in the original order.

The Railroad will likely appeal to the Court of Appeals where the farmers will also present some facts and strong point of law.

The NEWS wishes again to congratulate the Commission and the indomitable energy of Mr. Harry C Willis and his delegation of aggressive farmers.

WILL OF MRS. HEPBRON

The last will and testament of Mrs. Mary F. Hepbron, who died last week, was filed in the Kent county Orphans' Court on Tuesday last. The will says: "After the payment of all my just and proper debts, I devise and bequeath to Lewin W. Wickes all my estate, real, personal and mixed, of whatever kind and wheresoever situated, that I now have or may have at the time of my death, in trust and confidence, for the following uses: To rent, manage, cultivate, receive and invest the rents, etc.; and after paying all expenses, etc., to pay the net income to my husband, Wm. T. Hepbron, during his natural life." After the death of her husband the income of the estate is to be equally divided between her children, Mary E. Usilton, Delia C. Gill and Addie L. Hill. After the death of these three children the estate is then distributed among the heirs then living.

Mrs. Hepbron requests and directs that the trustee shall consult with and take the advice of her husband in the management of the estate. The will makes Lewin W. Wickes, Esq, executor. It was made November 2, 1910, and witnessed by S. Tilden Cooper and H. D. Hendrickson.

CHURCH NOTES.

A Great Awakening in Chestertown—Meetings in Christ Church Continue with Increasing Interest—Over 125 Conversions.

A beautiful and impressive scene was witnessed in Christ Meth. Prot. Church Sunday morning, when 50 persons were received into the church by Dr. W. R. Graham, pastor. The church was crowded and a splendid spirit manifest. At the same time Dr. Graham was receiving 50 into the church, Dr. Louis E. Barrett, was taking into the Chestertown M. E Church eleven members as a result of the big meeting.

Monday evening Rev. G. A. Morris preached to a large congregation on the "Great Salvation" and there were six or eight at the altar. Tuesday evening Dr. Barrett preached a strong sermon to a large audience in the main auditorium on "Be Thou Faithful, &c," and there were a number converted. Wednesday evening a layman, Prof. L. I. Smyth, talked on "Faith," and there were 12 at the altar. Rev. Mr. McCar preached Thursday evening a grand sermon to a crowded house and there were 18 persons converted.

Rev. G. A. Morris, pastor of St. James M. P. Church, surprised his large congregation Sunday morning by announcing to them his determination to sever his relations with them at the end of this conference year. The pastor stated in most tender words that he thought his work there had been completed after six years of joyful service, and that he wanted to deal frankly with them. Mr. Samuel Vannort, one of the oldest members of the church, arose and in most affectionate terms spoke of the regard the congregation had for Bro. Morris and of the surprise at his announcement. We are sorry to lose Rev. G. A. Morris, and the place that gets him is to be congratulated. He has no idea where he will be sent.

Revival services continue in Christ Methodist Protestant Church with great spiritual power, conducted by the pastor, Rev. W. R. Graham, D. D. Service on Sunday at 10.30 a. m. and reception of members. Revival service in the evening at 7.30 o'clock. Sunday-school, 2.30 p. m.; Junior's meeting 6 o'clock, and Christian Endeavor 6.45.

The pas or and people of the above churches cordially invite all to their services, and especially those who have not yet identified themselves with any church. All such will find a hearty welcome. The pastor will endeavor to preach, short, sharp, interesting and restful sermons, and will also strive to make the music attractive.

WEDDING BELLS

James Walter Masmore, of Harford, and Miss Eudie Louise Wageley, of Baltimore, were united in marriage at Christ Church parsonage Saturday evening. The groom is an employe of the Chesapeake & Potomac Telephone Co. and now at work in Kent.

Mr. and Mrs. George Kennedy, of Camden, N. J., formerly of Sassafras, Md., at an informal tea at their home on Saturday afternoon last, announced the engagement of tehir daughter, Nellie B. to Mr. William Cox. About thirty-two ladies were present, among them being Miss Helen Z. Davis, of Sassafras.

On Sunday evening last Mr. Fred T. Riehl, of Rock Hall, and Miss Katie Elburn of Piney Neck, came into the parsonage a short while before the evening service and were quietly married by the pastor, Rev. O. H. Connelly.

Announcements.—Mr. and Mrs. G. L. Chrisfield announce the marriage of their daughter, Mamie E. Chrisfield to Harry Scotten, which took place in Philadelphia January 29, 1913.

It seems that our neighboring county, Queen Anne's, is having some difficulty in making the road engineer's work please every one. Mr. Charles C. Wilson, of Queenstown, publishes a letter in part as follows:

"Our engineer may be a very competent engineer, but I must say the work I have seen does not indicate it. He commenced by grading the hills on the trunk roads—thereby removing the rise or water shed at the top—placed there years ago by men who had experience (not engineers) and neither forgot to put them back, or in his new system thought it unnecessary. What was the consequence? As soon as a very large rain comes the water not being turned into the ditches at the top, ran down the middle of the road and washed out a greater part of the hills. So bad was the damage that his own estimate, as published in the Record, was $8,000. Think of it.
