GRANGE NOTES.

Still Pond Grange will hold their regular meetings on Tuesday evenings and not on Friday. An especially attractive program has been arranged for Tuesday April 28, at 7 30 p. m. and all members are urged to be present.

A special meeting of Fairlee Grange was held April 22nd. The Garner was ably edited by Mrs. Walter Sparks. The program consisted of choruses, recitations and discussions. At the business meeting the subject—"Home Economics was discussed. Miss Burnite late of Caroline county, who made such a good impression in the department of home economics at Fairlee Grange last summer has been appointed head of that department for the State of Maryland. Already assistants have been appointed for that work in three of the counties on the Eastern Shore. Why should not Kent have an assistant? Fairlee Grange took action toward securing an assistant. We hope other Granges in the County will co-operate with us in this matter.

Owing to the inclement weather of last Monday night the attendance at Worton Grange meeting was small. A report from the recent Pomona meeting was given by Sister Blanche Loller and discussions pertaining to the several topics were entered into by Bro. and Sister Turner, Sister Florence Jewell, Sister Katie Cooper and several others. The literary programme which was to have been a feature of this meeting was carried over until next Monday night. After this meeting the ladies will serve refreshments so be sure and be on hand.

$20,000 a Year More To Savings Depositors

¶ Depositors carrying Savings Accounts in the Banks of Kent and Queen Anne's counties will receive in the future $20,000 a year MORE in interest than they have heretofore been paid by the same banks.

¶ This material increase in interest benefits is due directly and solely to the stand taken by the PEOPLE'S BANK in paying the liberal rate of FOUR PER CENT. interest, and refusing to join the other banks in their binding agreement to pay no more than THREE per cent.

¶ Those depositors who appreciate the benefits accruing to themselves and others by reason of this general increase in interest rate, will show their appreciation by giving THE PEOPLE'S BANK a liberal share of their deposits and banking business.

¶ Think this over carefully. Get the facts. Investigate.

¶ The PEOPLE'S BANK is ready to serve you faithfully and well.

Cordially submitted.

If you knew

how you could make $200 or wherein you could acquire a good tract of land which would make you a delightful home, would you not take advantage of the opportunity? And this is exactly what you can do if you buy 5, 10 or 20 acres of the "Chestertown Farm Gardens," situated on the macadamized road leading from Church Hill to Chestertown near J. T. Anthony. Some of this land cand be bought for $90 per acre and the best of it can be bought for $105 per acre. We are making this reduced price in order to interest you. There are no other towns on the Eastern Shore near which can acquire such soil, as this at such a price as we ask. Investigate and see. Several of these lots have been bought by people who know what land is. They have built on it. The soil will grow anything. We are in a position to accept EASY PAYMENTS and can assist you if you want to build.

ROCK HALL

Mr. A. J. Andrews, one of our worthy citizens, died suddenly Wednesday afternoon. He had been out oystering the early part of the day, and after coming ashore had occasion to go out to his oystering boat to do some repair work, and as he was paddling out from shore he fell over. As he did not make any effort to get back to the smaller boat nor sink it is supposed he was dead when he struck the water. He was a member of the M. E. Church, an Odd Fellow, a Knight of Pythias, and a Patriotic Son of Ameriea.

Patriotic (?) thrills are permeating so many people these days by the glaring headlines of the press. It is rather a poor quality of patriotism that would plunge the country into war with Mexico, sacrificing life and property and causing sorrow in hundreds of hearts all on account of politics, or special interests or somebody's blundering. Should war ensue, wonder if the shouters will be in Uncle Sam's service.

The oyster season stops short to-day, and not many oystermen are sorry, so far as this section is concerned. It certainly has been a poor season since November, the promised prosperity failed to pan out. Oysters were so low in price that the catchers for the most part refused to catch the straight up stock, prefering to conserve them for next season, and the elements slipped in and played a trick on the oystermen by sanding the oysters on the bars, and this shows bad for next season.

Mr. B. H. Coburn is a delegate to the I. O. O. F. Convention in the city this week.

Mr. Nelson Ryan, of near Chestertown, spent Sunday at Rock Hall.

Mack Ryan, of Betterton, was down home on Tuesday.

It was reported that Robert Wickes' corn was knee high last week, as a consequence friend Parsons and others called a few days ago and inquired if he had roasting ears, intimating they had doubts about the correctness of the report. Bob says there was no lie in that soap. As a matter of fact the writer was called in last Saturday to view the corn and found it fully two feet high. Its up to the Neckers to come up or shut up.
