Kent News.

VOL. 76. CHESTERTOWN, MD., SATURDAY, APRIL 3, 1915. NO 46

Davis & Satterfield

CROSS ST., NEAR DEPOT

Your Fencing Operations are now receiving your attention.

WHEN YOU BUY FENCING THE BEST IS ALWAYS THE CHEAPEST.

The AMERICAN FENCE is the best fence for all purposes. The galvanizing is better than it was years past. The steel is covered more uniformly, making the galvanized coating more ELASTIC than before.

This fence is heavier in guage than other makes of fence and yet it is no higher in price. 40 rods of 10 bar fence is now 54 pounds heavier than it was a few years ago. Stays in all our Field Fence are never more than 12 inches apart, in some fences they are 14 inches apart.

Another important thing is all our fence is kept in good warehouses, none of it ever stored in the weather. Many styles and sizes to meet your requirements.

LAWN FENCE. Globe Lawn in different styles and sizes. Gates to match, either walk or drive.

STEEL FENCE POSTS have been in use since 1898. They are cheaper in the end than wood posts, every one is uniform, and the same size. Two men can set 200 line posts a day. No staples are required as all fastings come on the posts. Galvanized both inside and out, makes them last for many years.

END AND CORNER POSTS also carried in stock.

Anything in the fence line you need we can supply.

AUTOMOBILE ACCIDENT

Dr. Edward A. Scott, of Galena, was severely injured on Tuesday in an automobile accident. The doctor alone was driving a Ford car at the time and when on the stone road between Locust Grove and Galena one of the cuffs on his arm got caught in the gasoline lever on the steering wheel, causing the machine to dash suddenly forward. The car turned over and threw Dr. Scott out. His nose was injured and other parts of his body hurt. The car was smashed up considerably. At last reports Dr. Scott was getting along very well.

NEW MILK STATION,

The contract to build a new and up-to-date cooling plant and milk station at Chestertown has been awarded to Messrs. Stavely and Bowers, of Lynch. Work will start at once. The building will be 30by60 feet with a concrete foundation, basement and second story. The Henry Hauptfuhrer Dairies are the owners while Mr. W. G. Horn is the manager. This station receives about 2½ tons of milk daily and with the improved facilities manager Horn expects to greatly increase this receipt. The Company paid $1 55 for milk during March.

GRANGE NOTES.

Worton Grange held a most profitable and enjoyable business and social meeting at Grange Hall on last Monday night. The regular order of business was made quick work of so as to devote more time to obligating of two candidates who had been voted on favorably for membership. Reports from the various committees were received and everything is in apple pie order in this grange. The lecturer then took charge of the meeting and as usual had prepared an interesting program, to which several grangers from Fairlee and Kennedyville took part, and this part of our meeting being open to outsiders quite a good many of our friends enjoyed this social feature with us.

The program opened with singing, Stay on the farm, followed by roll call responded to by each member having some recitation either humorous or otherwise. This was quite a pleasing part of our meeting as some were quite worthy of mention, but time and space do not permit. Sister Jewell then read a beautiful selection, telling of community work and what can be accomplished in that way. Sister Fletcher, of Fairlee, being always willing and ready, read a very amusing piece on the sermon of a darkey preacher. Music by Bro. Theo. Jewell on violin, accompanied by Sister Florence Jewell on the organ entertained us delightfully, while the committee on refreshments, Sister Turner, Sister Clark and Sister Mary Parsons, assisted by a few others, sumptuously served us with ice cream and cake. The hour was then getting late, but none seemed in a hurry to go, so we chatted until the wee small hours, and then all wended their way to their homes, after having spent a very enjoyable evening.

Meeting next Monday night as usual at 8 p. m.

The Kennedyville Grange held an interesting meeting last Monday evening. One member received the third and fourth degrees During the lecture hour the worthy lecturer called on nearly all present for views on the topic for the evening, namely "The Feeding and Caring for Poultry." First the different breeds were discussed Buff Rock and Rhode Island chickens seemed to have the preference, as they are large, dress well, lay well, are gentle with young chicks and make good mothers. The most approved feed for turkeys seemed to be cooked and rawoats meal, pone and eggs. It was stated that grease would kill turkeys if used to destroy vermin, and that fish berries and alcohol should be used. As a disinfection creonid was recommended. The roosts should be sprayed about an hour before roosting time. A crooked breast bone was an evidence of weakness.

Ducks were considered but little trouble and not the expense some thought. One sucessful duck raiser said that at first she fed them in scalded clabber only, and later varied it with bran mixed with water. She keeps the ducks in coops until they are large enough to drive in the hen house. Next Monday evening there will be a social meeting for the young people.

Fine Race Card.—The race card for the Kent and Queen Anne's Fair, on July 27, 28, 29 and 30 is just out and it is an extra fine one. There will be a 2 27, 2 21, 2.18 and 2.15 trot for $300 each. 2 30, 2.21, 2.17 and 2.14 pace for $300 each; two stake races for $500 each; 2.25 pace or trot and entires close May 1st; two races for horses of Kent and Queen Anne's owned 90 days prior to race for $200 each.

Arrangements are being made for a big matinee on Decoration Day at Chestown. An automobile parade well precede the race with prizes for best decorated car, etc.

ONE of the best lamb "yields" in Kent as far as we have learned is that of Mr. C. W. Carter at Worton Manor Beach. He has 44 lambs from 25 ewes and 19 ewes yet without lambs. He has sold 25 lambs at $5.50 each and 19 at $10 each, the latter being registered stock.

LOCAL NOTES

THE leader of the Chestertown Choral Society congratulated the Club Tuesday night in having a member who had broken six records! The young man while visiting a friend last week sat down on a pile of Victrola records and broke six, costing him $6!

CAPT. J. D. JEROME, in his flyer, "Bessie Lewis," came from Baltimore to Cliffs Thursday in 4 hours and 20 minutes! Who can beat it? He is paying 40 cents for oysters with a brisk demand. Capt. Jerome is a hustler.

PROF. G. H. ALFORD, State agent of demonstration work, was before the county commissioners Tuesday. He offered on behalf of the Government to pay from $600 to $1,000 of salary of a county farm agent provided the county would pay an equal amount. If the farmers want this service they have a chance now to secure it.

IN another column reference is made to a Domestic Science Course at Still Pond and at Chestertown. This course is free and is of especial interest to students as well as to ladies generally. The program with name of lectures follows: Still Pond on Thursday at 10 A. M., Cooking Meats, illustrated talk on flies; 1.30 P. M., Cooking Vegetables, labor-saving devices. Friday, 10 A. M., Planning Meals, Home Nursing; 1.30 P. M., Emergencies, Cleaning, Talk on Health of Child.

Chestertown High School Auditorium, 7.30 P. M., Friday, Care of Babies, Illustrated talk on Cooking Meats. Saturday 10 A. M, Cleaning, Cooking Vegetables, Minor Ailments.

THE regular monthly meeting of the Still Pond Literary Society was held Thursday, March 25, 1915. The meeting was called to order by the president, Howard Harper. The officers then took their places after which the program followed: reading of Bible by the chaplain; roll call by corresponding secretary; song, "Maryland, my Maryland," by school; duet by Edna Hackett and Gale Rasin; reading by Harvey Jones; song, "Gretchen's Wooden Shoes," by girls of lower grades; recitation, "Johnny's History Lesson" by William Goodman; violin solo, by Leslie Schofield, accompanied by Anna Walter; reading by Gladys Hackett; the impromptu on the letter B was answered by Harvey Jones, Jesse Taylor, Lawrence Krusen and Irving Crew; debate, resolved, "That Railroads are greater than Steamboats," the affirmatives were Christian Krusen and Beatrice Crew; the negatives were Anna Walter and Ruth Baxter. The judges, Miss Russell, Harvey Jones and Jessie Taylor decided in favor of the affirmative; song, "Salute the Flag," by pupils of lower grades; report of the treasurer. The committee for next month was elected as follows: Christian Krusen, Howard Harper, and Mattie Goodman. The meeting was then adjourned until April 30, 1915.

ST. PAUL'S OAKS

The committee of ladies who are endeavoring to have the old oaks at St. Paul's treated by an expert Tree Surgeon are meeting with much encouragement. They have sent circulars all through the States to families having their burial ground at old St. Paul's. A number of contributions have been received from Baltimore, one gentleman sending fifteen dollars, quite a number sending five dollars, others contributing a dollar and some as low as twenty-five cents.

One gentleman from Philadelphia sent ten dollars and contributions of five dollars have been received from New York, Atlanta and St. Louis. Chestertown is also aiding the ladies, as a number have already contributed $5. Some of these contributions, both in and out of the State, have been from tree lovers that are in no way connected with St. Paul's and the Episcopal Church.

Through the interest taken in these trees by Mr. Percy G. Skirven, of Baltimore, the ladies have secured handsome lithographed plates both of old St. Paul's Church and the large oak, which they are sending out to all who contribute.

Through Mr. Beasley, Chief of the Forestry Department of the State, the ladies are endeavoring to get an expert Tree Surgeon to do this work as reasonable as possible consistent with good work.

All lovers of trees, as well as those who are particularly interested in St. Paul's, are invited to send contributions to Miss Violet Beck, Chestertown, Kent county, Md., R. F. D. No. 4, and to all making contributions will be mailed the picture of St. Paul's and the large oak

A list of contributors will be published later.

FOR SALE.

A FINE DRIVING MARE, 7 years old; can pace on the road in 2.35 easy, without training; with training would bring a good price. Also a good as new Runabout.

THE DEATH ROLL

Miss Lillian A. Wheatley, daughter of Mr. and Mrs. C. Frank Wheatley, died at the home of her parents in Rock Hall about 6 o'clock Monday evening after a short illness of typhoid fever, aged 18. The deceased was a member of the graduating class of Rock Hall High School and had been studying with unusual faithfulness in her effort to succeed. This studiousness brought on worry, which was followed by fever of an alarming character. A trained nurse was procured and every attention given her, but to no avail, and she passed away on the evening named.

The news of Lillian's death fell like a pall over the whole community and a hush came into the life of that thriving town. She was so attractive in all her ways, so winning in all her friendships and so loving in all her attentions. Her friends were all who knew her and those who knew her best loved her most. She was active in all good work, a dutiful, thoughtful and unselfish daughter, while at school she was admired by teachers and scholars. She was secretary and treasurer of the Camp Fire Girls and a member of Wesley Chapel church and Sunday school. The Master went out into the garden and plucked the fairest Lilly and transplanted it to His garden of heavenly flowers.

The funeral took place Thursday in Rock Hall M. E. Church where an audience packed the house to pay a last tribute to this lovable young lady. Revs. H. U. D. Johnson and J. W. Prettyman conducted the funeral. The bearers were her brother, J. Burke Wheatley, Harry Brice, John Ashley, Wm. Travers, Martin Wagner, Bernard Wilson.

Her classmates, teachers and scholars of the public school attended in a body. The beautiful floral offerings included a number of designs of exquisite loveliness. The interment took place in Chester cemetery where another large company from Chestertown and elsewhere gathered as a slight token of their esteem for her. Dr. W. R. Graham performed the last sad rites; Casey Bros. officiated as undertakers.

Thomas W. Price, a very highly respected citizen, died at his home in Piney Neck on Thursday last, aged 60 years. He leaves a widow and eight children, Franklin, William, Hugh, Leroy, Raymond, Ethlyn, Edna and Elma. The funeral will be held Sunday afternoon at 2 o'clock at the Piney Neck M. E. Church, Rev. Mr. Prettyman in charge; interment at Wesley Chapel. The bearers will be R. L. W. Crouch, Wm. Rollison, Robert Creighton, William Frazier, Chas. Crouch, Alfred Wilson. Chas. L. Dodd undertaker.

Harry R. McFeeley, aged 60 years, died suddenly on Sunday last at his home near Centreville. He was a son of the late John F. McFeeley, of Queen Anne's. He is survived by a widow who before marriage was Miss Martha Dudley. The late Mrs. Claude F. Parks was the only child of Mr. McFeeley. The funeral took place on Wednesday last.

Mrs. Martha Dudley McFeeley, widow of Harry R. McFeely, died suddenly Thursday at her home near Centreville. She survived her husband only three days, who also died very suddenly. Mrs. McFeeley was a grand woman and lived to make others happy. She was well-known in Chestertown having been a frequent visitor at the home of her daughter, the late Mrs. Claude F. Parks.

Thomas M. Hoyle, aged 80, one of Smyrna's best known carpenters and contractors, died at noon Wednesday from a heart attack superinduced by Bright's disease. He had been a resident of Smyrna nearly all his life and was held in high esteem. In the war of the Rebellion he enlisted twice. After the war he followed his trade as carpenter and was one of the best and most skilled mechanics in Smyrna and a fine cabinet maker. His wife who was Mrs. Anna Evans Forcum, died in November 1911. He is survived by two children: Mr. Harry T. Hoyle, Fairlee, Md., and Mrs. William George Leese, Baltimore, Md.

Mr. Charles H. Toulson, one of the most highly respected citizens of this county, died at his home near Still Pond on Tuesday evening last, following a stroke of paralysis, aged 60 years. Mr. Toulson was stricken along the road near the home of Mr. E. M. Bonwill, Jr., where he was overseeing some work near the head-row, and was found lying on the ground unconscious by Mrs. Wm. Hadaway. His son, Howard, and his nephew, Thomas Mann, were summoned from the field and they assisted him to the carriage and he was taken home. Drs. Maxwell and Atwell were hastily called and did all that human aid and sympathy could do to relieve him, but he gradually sank and passed away at 8 o'clock that evening. Thus passed away one of Kent county's good men, and one who will be missed by a large circle of friends and neighbors who had the good fortune to come in contact with him. He leaves a wife, who was a Miss Wilmer before marriage, and three sons, Penn, of Vineland, N. J., Howard, at home, and Julian, of Baltimore; also two daughters, Mrs. W. J. Clark and Miss Louise, at home. Funeral services were held at his late home on Friday afternoon at 1 30 o'clock, Rev. F. X. Moore officiating. Interment was in the cemetery at Still Pond, Mr. W. H. Krusen, undertaker, in charge.

Francis A. Wallis, son of J. Percy and Georgie Wallis Wilson, departed this life on March 20, 1915 at the residence of his parents of Lanover, age 1yr. 6mo. and 23 day.

Mrs. Mary Hessey, widow of the late Samuel Hessey, died at the home of her son, Mr. Frank Hessey, near Cecilton on Thursday afternoon last. At the time of her marriage she was living at Sassafras. Mrs. Hessy had been for years a sufferer from rheumatism and a comparative invalid. Funeral services were conducted on Sunday afternoon at her late home by Rev. J. M. Mitchel, and interment in Cecilton Cemetery.

ANOTHER BIG SHOOT

Easter Monday, April 5th, has been set aside by the Galena Gun Club for the next open shoot. The program consists of at least 4 events of 15 targets each, and 1 of doubles. The shoot will be conducted under the Lewis Class System, 4 classes, thus insuring every shooter an even chance, as he always competes with those in his own class. 100 Winchester shells offered as a prize to the club member having high score for the 4 events of singles. A large attendance is expected and a cordial invitation is extended to all interested in trap shooting. A practice shoot every Saturday afternoon. Grounds will be open to those desiring to practice at 10 o'clock Monday morning, April 5.
