Planting Seeds of Success

¶ As the farmer plants seed in the springtime for the harvest in the fall, so the person who would achieve success in any undertaking must prepare far in advance.

¶ Starting a bank account, no matter how small, is one of the first steps toward success. To plant the seeds of success, save SYSTEMATICALLY and PERSISTENTLY.

¶ The very habit of saving, however small the visible results at first, leads to independence and aids in attaining success.

The Coming of Ruth

A DRAMATIC CANTATA
BY WILLIAM T. NOSS
Lyceum Theatre, Chestertown, Maryland
Tuesday and Wednesday, Feb. 22 and 23, 1916
BY THE CHESTERTOWN CHORAL AND DRAMATIC CLUB

This production out rivals "Queen Esther" which was given by this club to crowded houses last year This is a work of art of exceptional merit, a fascinating and instructive presentation and portrayal of Biblical story, dramatic incident and human sympathy. "The Coming of Ruth" is a work in which the fineness of conception, beauty of thought and expression is short of an inspiration. It is great for what it says in song and story, greater yet for what it is in fact and fancy attractive costumes, rich in color, gorgeous in effect Splendid solos, duets, trios, quartettes, quintette sextettes and choruses. THE BEST AND MOST ELABORATE PRESENTATION OF DRAMATIC CANTATAS EVER WITNESSED HERE.

BAY LINES' WORKERS ARE NOT TO LOSE

Pennsy Will Take Care of The Employes of B., C. & A. And M., D. & V., It Is Reported.

When the Pennsylvania Railroad finally disposes of its Chesapeake Bay steamboat lines now being operated by the Baltimore, Chesapeake and Atlantic Railway Company and the Maryland Delaware and Virginia Railway Company, which becomes necessary under the ruling of the Interstate Commerce Commission, it is expected that the management of the Pennsylvania system will accord the employes of the lines sold the same treatment that it did the men on the payrolls of the Anchor Line. It was learned today that in the disposition of the latter water line the Pennsylvania had taken care of every employe of the company down to the deck hands, and that in the transfer of employment there were no reductions in salaries.

Some of the officers of the company were placed at points along the lines of the Pennsylvania, and in no instance, it is said, is an official of the Anchor Line getting less than he did when the Pennsylvania owned the property. This applies to all other employes, and the railway company has been highly commended for the manner in which it has handled the situation.

So far the Pennsylvania has made no official announcement of the sale of its Chesapeake Bay properties, although it has been rumored in shipping circles repeatedly that a purchaser has been found.

The American Wednesday says:

"From semiofficial sources Tuesday it was heard that the Pennsylvania Railroad Company will on March 1, 1916, simply discontinue the operation of the bay steamers as ordered by the Interstate Commerce Commission some months back. That is, no special effort will be made to sell the lines and at a loss or unfavorable figure.

The ruling of the Interstate Commerce Commission stated that the Pennsy must discontinue the operation of these boats after March 1. Tuesday it was stated that there was a strong probability that they will not be sold to a private concern, but simply discontinued and probably later sold one at a time. Should such conditions arise, the Eastern Shore will be practically cut off from communication with Baltimore."

Postoffice Robbers Caught

The local officers made an important arrest Wednesday night of two thieves. For a week the box belonging to the People's Bank in the postoffice had been robbed of all letters. A watch was put on the box and on Wednesday evening a colored boy came and received a drum by parcel post, walked to the People's Bank box worked the combination successfully and put the letters under his coat. Officer Jack Jester nabbed the boy as he went out the door. Deputy Sheriff Perkins afterward found the partner of this boy and the two were put in jail. The thieves are William Maize, aged 12, and Charles Johnson, aged 15. The boys learned the lock combination and when the crowd was greatest opened the box and rifled its contents. The first night was Saturday when $2 was gotten from a letter and the other letters with checks hidden under Mr. Walter Bramble's stable.

Wednesday evening the checks and letters were burned. The boys said they bought pigeons and candy with the money. Secret Service officers came yesterday and took charge of the little prisoners.
