ENGINES

Our Type "Z" Engines, 1½, 3 and 6 Horse Power, are giving splendid results.

We have sold a number of these engines this season and every user is a booster. Then think of the price. No other standard engine on the market at the price. 1½ Horse Power, with built-in magneto for only

$42.00

Horse power absolutely guaranteed to equal rating. It is the most compact and best built Gasoline and Oil Engine on the market. Why pump water by hand when you can get an engine for so little money?

= = =

PUMPS

Myers and Red Jacket are both good pumps and we sell and install both. We have them for both hand and power. Let us quote you on what you need and we can save you much hard work.

DEATHS

Mrs. Mary Price died Sunday Oct. 1, 1916 at the home of her daughter, Mrs. Simon Dishong, near Worton, of Dropsy and other diseases incident to old age. She was 80 years old.

She leaves one daughter, Mrs. Dishong and three sons, Mr. T. R. Starr, of Pomona, and two sons in Penna. They all being members of a sect called Hardshell Baptists and there being no church of that denomination in this part of the country the remains were shipped to her home in Penna., where the funeral was held Wednesday. C. L. Dodd had charge of arrangements here.

Col. Samuel L. Wright received a telegram on Wednesday stating that his brother, Mr. John Wright, had died on Tuesday at his home in Oakland, California. Col. Wright states that his brother had been sick some weeks ago but had recovered but the particulars of the death are not known. It is believed that Mr. Wright died suddenly of apoplexy. He was about 64 years old and a bachelor. Mr. Wright was a wealthy mine owner. Col. Wright will leave for California shortly to attend to the affairs of his brother.

Mrs. Elizabeth W. Lockwood died at her home in Middletown on Friday afternoon, after being confined to her bed for a month. With no especial ailment, Mrs. Lockwood gradually grew weaker until the end. She was 86 years of age and had been a remarkable woman. She was the widow of William Kirkley Lockwood, who was one of a large family, and the daughter of the late William Griffith, of Maryland.

After the marriage to Mr. Lockwood in December 1851, she made her home on the Lockwood farm near Ceciltonwhere Mr. Lockwood died some years ago. After her husband's death she, with her family, moved to Middletown. Mrs. Lockwood leaves four daughters and two sons, Mrs. T. E. Lindley, Mrs. Duval Gibbs, Miss Elizabeth Lockwood and William Griffith Lockwood, of Middletown; Richard Lockwood, of Georgetown, Md; Mrs. Walter Schriver, of near Wilmington, also several grandchildren.

The funeral services were held Monday afternoon, at the house, with interment beside the body of her husband, in St. Anne's cemetery.

John Raymond, the 4-year-old son of Len L. and Elvah Carter, died of pneumonia in Baltimore Monday. Funeral was held Wednesday at the home of his grandparents, Mr. and Mrs Geo. Carter, on High street, Rev. J. L. Ward officiating; interment in Chester cemetery. C. L. Dodd, undertaker.

ALLIGATOR KILLED

Colored Man Kills Two-Foot Alligator in Worton Creek.

For some weeks Mrs. W. B. Plummer living on Mr. Samuel Vannort's Worton Creek farm, has been losing poultry but more especially her young ducks. Day after day her ducklings were growing less and less. She told her troubles to Mr. Plummer and he notified the men to look out for the thief.

Tuesday afternoon a colored workman saw a strange looking animal sprawled out on the bank of the small stream that makes in from the creek and which flows near where the poultry is kept. He went to the house and procuring a gun went after the animal. He was still enjoying the sun and made a sure shot for the negro. After being sure that he had killed the strange-looking thing the negro picked up his game and carried it to the house. To the surprise of every one it was found to be an *alligator!* He was over two feet long and as fat as butter. He had been seen several times before this occasion but no one seemed to know just what it was.

It is the first time an alligator has ever been seen much less killed in Kent waters and it is now a problem as to how this Southern 'gator hoped to live thru the winter. Where did he come from and how long he had been in Worton Creek is something for our waterman to solve.

KENT COUNTY MILK PRODUCERS TO ORGANIZE

Present Conditions Justify Higher Prices For Milk.

Since the Milk Stations were established here, the Dairying Industry has rapidly grown. There are now several thousand dairy cows in Kent county. But the Milk Industry is conducted without profit. "A $200,000 industry conducted in the county without profit!"

We know thot some of our milk producers tell us that they are clearing $5 to $10 profit per cow each month. That they are very well satisfied now. But, if they should consider the cost of feed and all the overhead charges, interest on investment, rent of pasture land, and 15 cents an hour for time and labor; they would in many cases find that they were not only making no profit, but were getting only 2 cents to 3 cents an hour for their work.

On the other hand, the dealers who handle ther milk start on a small scale, rapidly enlarge their plants, and in a few years are rated as millionaires.

The only possible way for farmers to improve their condition and derive a fair profit for their work, is by organization and co-operation. But we must bear in mind that the farmers of one community can do very little by themselves. They must co-operate with each other and with other communities.

A very important meeting will be held at West Chester, Pa., Saturday, October 7, 1916. In addition to addresses by prominent speakers, they expect representatives from at least six different county organizations; and will adopt plans for an organization which will anticipate the uniting of all counties that supply milk to the city of Philadelphia.

At meetings already held in Kennedyville, it was voted to form an organization. Kent county will be represented at the West Chester meeting, and the following Saturday, October 14, there will be a meeting at Kennedyville. At this meeting we shall adopt plans for a County Organization, and also plans for affiliating with the Inter-State Milk Producers Association to be formed at West Chester.

Every man who keeps a dairy cow should plan to attend this meeting and bring his neighbors with him.
