CARROLL COUNTY'S NEW ROAD LAW.

The new law in relation to the roads of this county makes radical changes in the provisions of previous laws and evidently aims at the introduction of such a system as will permanently improve the main highways. It is a voluminous law and we can give only a very brief outline of its most important features.

In the first place it gives general charge of and control over the public roads and bridges to the County Commissioners and requires them to fix a certain day in each month when they shall meet and consider all matters relating to this subject and shall consider no other business at said meeting.

They are to divide the county into road districts, as nearly as possible corresponding to the election districts, and if any of said election districts be too large for the purpose, sub-road districts shall be formed. All the public and main roads are to be numbered and the bridges named.

The roads are to be classified as main and district roads and into first and second class, according to the amount of travel on each.

The Commissioners are, as soon as convenient, to have a road map made, showing all the roads and bridges in the county and the distances between the intersection of roads and prominent points thereon.

The County Commissioners are to appoint one road commissioner annually for each road district and sub-road district and these road commissioners are to personally superintend and supervise all work done on the roads and bridges in their respective districts. They are to be under the supervision of the County Commissioners to whom they are to report monthly their proceedings and give information as to the necessity of repairing any of the roads and bridges under their charge. They may appoint road supervisors when they deem it necessary to do so. They shall receive a salary of not less than $50 nor more than $100 per annum.

The County Commissioners are required by the law to levy a tax of not less than 10 nor more than 20 cents annually, to be applied to keeping the roads and bridges in the district wherein collected in repair, &c., but one-third of the amount is to be used in macadamizing or making permanent improvements on main and first-class roads.

The County Commissioners, in addition to this district tax, are required, in the general levy, to provide for a general road fund to be expended on bridges costing over $100, and on the permanent improvement or temporary repair of such main roads as they may deem advisable.

They shall also adopt a uniform system for the repair and maintenance of roads and for the permanent improvement of the main roads by gradually grading and macadamizing the same.

When the cost of a special or permanent improvement shall be $1000 per mile, or more, they shall consult the Highway Commission of Maryland concerning it, and shall employ a road engineer to lay out and superintend the work. All costs for work of this character are to be paid out of the general road fund and if that be insufficient, the residue is to be taken from the general levy made for other purposes.

In making general repairs three-fourths of the mony levied is to be expended before the 15th of June and the remainder before the 1st of November in each year.

Provision is made to prevent obstructions on the roads and penalties are prescribed for violations of this provision.

There are other and minor provisions in the lawbut those related appear to be the principal ones.

THE LEGISLATURE.

The General Assembly of Maryland completed its regular session of 1906, by constitutional limitation, on Monday night and has left a record in many things not creditable to such a body. In the first place it was essentially and intensely partisan. The plans of the majority, from first to last, were laid to promote the interests of the Democratic party and no remedial legislation of any value, for the correction of the glaring abuses possible under the existing election law, ever had any chance of enactment. The Murphy bill, passed by the House of Delegates, for that purpose, and which had some merit, was amended out of all semblance of fairness in the Senate and when, on the last night of the session, a committee of conference on the measure was appointed, every Republican member of the House was excluded from it and Democrats only named. This was probably the most glaring act of partisanship in the history of the Maryland Legislature. Thus composed, the committee agreed upon a measure which the Republicans of the House were constrained to oppose and it failed altogether. The people, therefore, may anticipate a repetition of such wrongs as have occurred under existing law.

A bill to submit the question of holding a constitutional convention to the voters of the State was passed in the closing hours of the session. This bill, as it went through the Senate, contained a most extraordinary provision requiring the voter to express his preference for or against a convention by writing it on his ballot. The House amended the bill by substituting a requirement that the words "For a Constitutional Convention" and "Against a Constitutional Convention" should be *printed* on the ballot, and the Senate finally agreed to this provision. The original action of the Senate on the measure, however, indicated the extreme partisan character of the majority in that branch of the General Assembly.

It may be said here that it has been stated as the purpose of the Democratic managers, if the people can be induced to sanction a call for a convention, to adopt and promulgate a constitution without submitting it to ratification by the voters of the State. Just now, further comment on that proposition is unnecessary.

The SENTINEL desires to be entirely fair to the majority in the General Assembly and therefore must commend the action by which the Baltimore and Ohio Railroad was induced to make an adequate offer for the State's holdings in the Washington Branch, and also the passage of the Seth-Haman Oyster bill. The latter measure received a constitutional majority in both Houses on the last day of the session and, of course, was approved by the Governor.

But the minority is fully as much entitled to commendation for the success of these proceedings as the majority, as neither the case of the Baltimore and Ohio Railroad nor the oyster bill were party measures. The Republicans had it in their power to defeat the oyster bill as a means of retaliation for the failure of the majority to agree to some remedial legislation for the correction of the gross wrongs and abuses perpetrated under the present election law. They had too much regard for the welfare and prosperity of the State, however, to pursue this course and they deserve the thanks of the people for thus rising above the virulent party spirit which marked the action of the majority.

REPUBLICAN VICTORIES AT MILWAUKEE AND KANSAS CITY.

David S. Rose, Democrat, who had been mayor of Milwaukee, Wis., eight years, was beaten at the municipal election in that city, on Monday, by Sherburn M. Becker, Republican, by a majority of upwards of 1500. The Republicans also gained five members in the common council.

In Kansas City, Mo., and Kansas City, Kans., the Republicans were also successful in reversing previous Democratic majorities and in electing their mayorality candidates by good majorities, and in making decided gains in the common councils.

It is expected that Colonel George Prechtel, of the Grand Army of the Republic, will be at the head of the order in the State of Maryland next year in place of Gen. Richard N. Bowerman, who was elected a year ago. There will be no opposition to the Colonel, so far as is known, and he will be elected to the office of department State commander at the annual State encampment, which will be held in Baltimore next week.

THE BALTIMORE CONFERENCE.

The report of the treasurer of the conference, submitted at Monday's session of the Baltimore Conference, M. E. Church, showed the collections for the various objects of the conference, during the past year, to have been $112,164, an increase over last year, of $5,845. Of the collections the following were for the West Baltimore district with which the churches and circuits in this county, generally, are connected:

West Baltimore District—Missions, $8,266; church extension, $486; Sunday School Union, $180; Tract Society, $84; Freedmen's Aid and Southern Educational Society, $397; education, public education collection, $332; church day fund, $364; American Bible Society, $211; Women's Foreign Mission Society, $2,514; Women's Home Mission Society, $2,613; conference claimants, $1,339; Episcopal fund, $545; sustentation, $803; annual minutes, $34.25; general conference expenses, $6; City Missionary and Church Extension Society, $5,426; total $23,617.25.

DIED.

In Washington City, March 31st, 1906, Louis C. Trumbo, formerly of this city, aged about 74 years.

In this city, April 1st, 1906, Geo. E. Yingling, in his 69th year.

In Harrisburg, Pa., April 4th, 1906, George W. Biggs, formerly of this county, aged about 23 years.

Near this city, March 31st, 1906, Miss Susan B. Little, aged 73 years, 10 months and 13 days.

In Baltimore, March 20th, 1906, Susie Lauretta E., infant daughter of Howard F. and Mollie C. Myers, aged 5 months and 9 days.

Soon did her earthly mission close,
Kind Heaven saw it best,
Eternal glory she beholds,
Like angels, she's with Jesus blest.

In sad but loving remembrance of our dear father, A. Augustus Brown, who died 5 years ago, April 5th, 1901.

"Gone but not forgotten."

And now that our circle is broken
And parting has filled us with pain,
We hold as a glorious token
The bright hope of meeting again.

By his Children.

In loving remembrance of my dear husband, John W. Shultz, who departed this life one year ago to-day, April 4th, 1905.

How little I thought dear husband,
When to your toil you went,
That it was your last good bye:
No warning had been sent.

Oh, how sudden was the summons,
When word came that he was dead;
Time was to short to say farewell,
To those he loved so well.

By his wife, Mary E. Shultz.

The Westminster FERTILIZER CO.

On the 3rd of February last the well known Fertilizer business of Chas. Schaeffer passed into possession of the Westminster Fertilizer Company, an organization incorporated that day under the General Laws of the State of Maryland. This company is composed of citizens of this county, all of whom are more or less well known. The business of the new company will not only be conducted upon the same general and conservative methods carried on by its predecessor, but special care will be taken in securing pure material for its patrons. The celebrated brands of

BIG GUN, GOVERNOR, LEADER AND SUPER A.,

made by Mr Schaeffer and before him by the H. S. Roberts Co., will still be continued, and the same care exercised in their mixing will be carried out, so that practically the only change is in that of the name of the firm.

The company is now prepared to meet the wants of any of its old or prospective patrons, whether in the line of
MIXED BRANDS or MATERIAL in BULK,
and at the very lowest prices to be had in the county for the same quality of goods.

Particular attention paid to the mixing of
PRIVATE OR SPECIAL FORMULAS.
A full line of the celebrated
ASHLAND STOCK and POULTRY FOOD

TO-DAY,

SATURDAY, APRIL 7th,

IS THE LAST OF THE

Opening Days.

We Will Have Music and Souvenirs.

Our Easter Opening and Sale has met every expectation of the thousands of visitors and pleased buyers. A splendid flattering success is the result of sound, faithful, straightforward business principles which govern our business, and where the public has long since learned to know that merchandise of worthy seasonable qualities are always sold at

Lowest Prices.

Easter Hats.

Numbers of Hats were sold Thursday and Friday and indications point to a steady increase of selling from now until Easter. This great demand is due to our popular and stunning styles, unapproachable varieties, unrivaled values, and the good taste and management of Miss Mae LaFrance, the manager of this department.

Don't Fail To Be Here To-day.

Latest Spring Styles in 'SCHLOSS' Hand-Tailored CLOTHES----Finest Made.

DON'T ENVY THE MAN WITH THE NEW SPPING SUIT—GET ONE AND KNOW THE COMFORT OF WEARING IT. But these new-style Schloss Suits give more than comfort. They are fashioned with the character and knacks of style that mean distinctiveness. Here are some of the knacks that make the result:

Shapely shoulders tailored to hold their shape and that keep in balance the graceful lines of the Coat.

A collar that sets snug about the neck—it simply can't sag or break away—another instance of perfect tailoring.

Coat-fronts that won't wrinkle or break or sag, because the hidden parts are carefully hand-shaped to follow the rounded lines of the body.

THESE ARE BY FAR THE CHEAPEST GOOD SUITS WE HAVE EVER SEEN. See the examples in our window.

At the popular price of $15 we have so planned and concentrated our buying that we are able to offer garments not usually sold under $18. The workmanship and quality is about twice as good as in most $15 suits. Single and double breasted models. . . . **$15 and up.**

We have good Clothing of all grades—from $10 to $35—but the store can be safely judged by the Clothing it sells at the above popular price.
