IN MEMORIAM

In loving remembrance of my dear sister, Gladys Hessey, who departed this life two years ago October 27, 1918.

May the heavenly winds blow softly
O'er the sweet and hallowed spot;
May the changing scenes of life dear Gladys,
By your sister never be forgot.

I miss you, dear Gladys,, I mourn your unseen,
And dwell on the joys that have been
Unknown and forgotten by some you may be,
But the grave that contains you is sacred to me.

I often sit and wonder,
What you would say, dear sister,
If you only knew the changes, Gladys,
Since you have passed away.

I cannot understand why we had to part
With her whom I loved so dear,
But God who doeth all things well,
Will some day make it clear.

Loving Sister, Annie Blackiston.

PUTTING MONEY IN THE BANK

regularly is better than life insurance if you live. As few do deposit with persistent regularity and as some do not live, there is no doubt that insurance is the better and immediatey safer way of accumulation.

While the free breezes are blowing things your way, while success follows success, and everything promises a golden harvest, then is it eminently proper time for you to barrel up some of your luck or enterprise, and insurance affords the means.

You will feel better off every way, if you have underneath you the all sustaining arms of life insurance.

Insurance boosts a man a long way up the ladder of independence.
