"Rainy Day" Philosophy

"For this information you don't have to pay,
It should keep you in fine feather;
Lay something by for a rainy day,
And you'll always have dry weather."

—Luke McLuke in Cincinnati Enquirer

There are so many better reasons for saving money that we do not like to urge people to save for the proverbial "rainy day."

However, it is well enough to be prepared for any contingency that may rise, and ready money is usually a great help in time of trouble. If in your own particular case you can find no other reasons for saving, then by all means save for a 'rainy day." And may you always have dry weather!

A Boy With A Fortune

A boy with a fortune is a boy who has one hundred dollars that he himself has saved. His fortune consists not alone of the money saved—and what boy with a hundred dollars would not feel like a millionaire?—but of a valuable lesson learned.

Not only has he experienced the thrill of possession, but he has caught the thrift habit. He has learned to do without useless things. He no longer squanders his money. He has better judgment of values. He is doubtless a far better boy.

Has your boy started to save yet? If he has not, there is no better time to teach him to begin than now—at this Bank.

TOMATO GROWER SUES HARFORD CANNER

Echoes of last years disastrous canning season were heard in the Circuit Court Belair Thursday in the suit of Richard Lockwood, of Kent county, residing at Georgetown, againstArthur M. Mahan, canner, residing near Churchville, who operated a plant near Galena, Kent county. The suit grew out of a dispute over the sale of tomatoes last season. The plaintiff claims defendant made a verbal agreement to pay him $1 a bushel for all tomatoes delivered at his factory, and that the usm amounted to $4092; that when the market became demoralized the defendant offered to settle at 40 cents a bushel, or $1641.40, which the plaintiff refused to accept, and is now seeking to recover the full amount alleged to be due him.

The defendant claims that 40 cents a bushel was all he paid his other 47 growers, and this price is all he promised to pay to Mr. Lockwood and is still ready and willing to pay.
