IF YOU HAVE NOT TRIED

TRADE MARK

Our A. A. Bone Superphosphate.

THE GREAT WHEAT AND CLOVER PRODUCER.

Then we must plead guilty for not having seen you last season. But we were kept so very busy supplying those farmers who knew or had heard of its merits that we did not have the time to acquaint you with the same. But the facts are in view of the low price of grain and seeing the need of the farmers, we determined to try and meet their requirements. We fortunately laid our contracts before the advance in fertilizer materials and are again enabled to offer **Our Old $32 Goods for $27, Time Without Interest, and Deliver it Without Freight.** Being the pioneer manufacturers of the Shore we have necessarily had large experience in manipulating Superphosphates and we are now thoroughly convinced that OUR A. A. is one of the finest combinations for wheat on the market without regard to price. As the whole 2,000 pounds is composed of Animal Bone, Nitrogen or Animal Matter, S. C. Floats and Potash—not one pound of Plaster, Sulphate of Soda, or any cheap or worthless materials entering into its composition—and this is not all theoretical but by reading these testimonials will be seen to be practical:

MR. WM. STEVENS, of Rock Hall, says he used our A. A. Bone Superphosphate on his different farms and as far as he has threshed is pleased with the result, having got 22 bushels average from corn ground, and expects to use it again.

NEAR CRUMPTON, July 23, 1888.
T. R. Hubbard & Son—Gentlemen:—I used your A. A. Bone Superphosphate last fall and have in the years I have been farming used lots of high grade Fertilizers, but the yield of yours this season surpassed anything I ever used, having more wheat than I have ever threshed from the farm, and I will use it again this fall. Respectfully,
ROCHESTER WOODALL.

T. R. Hubbard & Son—Gentlemen:—We have for several years used your Fertilizer on our wheat with gratifying results. Last fall, as a test, we drilled it beside another high grade goods which cost me more money and could see a difference, and on both farms where your goods went we got an average of 25 bushels per acre from stalk ground and fallow, and the grain was more round and plump. Expect to use it again this fall. STEWART MATTHEWS.
W. W. NEWCOMB.

MR. J. THOMAS PENNINGTON, of Galena, says: For two years he has used Our A. A. Bone Superphosphate on several places in connection with other standard articles with satisfaction, and will buy more this fall.

GEO. S. GRIER & SON'S
Champion Fruit Evaporator
For Peaches, Apples and other Fruits.
EASILY OPERATED BY ONE MAN.

WE claim broadly that no Evaporator manufactured by any firm, anywhere, possesses any vital points of real merit and utility that are not embodied in ours, in as good, if not a better form. We invite inspection and close scrutiny of the Improved Champion Evaporator. We have only a few days before this immense peach crop will be on us. The prospects are not very favorable at present for very big prices in the city markets, but by the process of evaporation we are sure of at least from 50 to 60 cents per basket for all that can be evaporated. Farmers who are thinking of putting in evaporators will please call on G. LAYTON GRIER,
je21-3t. at A. T. Bradley's office, Chestertown.
