Timothy Seed

New Crop

Our first consignment of this seed has arrived. Purity and germination are the best, and the price—well it is one of the things that have come down. It is lower now than it has been for several years. We shall be glad to book your orders for what you need and make delivery later. All other kinds of seed that are planted at this season are also in stock.

Work and Save

¶ Economy is the "wise expenditure of money. What you HAVE—not what you HAD—is the world's standard of judgment. Every dollar spent is a lost friend, gone forever; but a dollar deposited in this bank becomes a silent partner working for you day and night, whether you work or play. Habit is the strongest law of human nature. Good habits are as easily formed as bad. Form the banking habit and you have laid the foundation of future comfort and prosperity.

¶ This bank solicits your account. We promise you safety, service and FOUR PER CENT. INTEREST on your savings account, compounded semi-annually.

To The Thinking Women of Kent County

The Just Government League urges you not to affiliate when registering this fall. Women have not had sufficient time since their enfranchisement to study the great parties intelligently. Select men who represent your ideals, regardless of party.

According to the decision rendered two years ago by former Attorney-General Albert Ritchie, voters having declined affiliation are permitted to affiliate just prior to the primaries. s25-2t.

The Kauffman bid was the only one received.

SCHOOL HOUSE BURNS

Some months ago the School Board for Kent County gave the school house at Hibernia to the colored trustees and the patrons of Chesterville school. The latter removed the building to Chesterville and fixed it up at a total cost of $500. A festival was held in the building last week and the same night the building took fire and was burned.

A SERIOUS ACCIDENT

The young son of Mr. and Mrs. William J. Hoopes, of this county, figured in an awful accident on a farm where he is visiting in Harford county, Tuesday. Young Hoopes and two other children were playing around a newly filled silo. The two smaller children went up to the top of the silo and stated that they were going down to the bottom of the inside. They proceeded to do so, and after they had reached the bottom, one of them called to Young Hoopes and said: "I can't see."

Hoopes waited for another sound, but heard none, and then said he would go down himself and see what had happened. He tied a rope to his body and asked a number of companions who were with him to hold the rope and when he cried, to pull him to the top. He continued to the bottom of the silo and as soom as he struck the bottom he caught hold of the body of one of the smaller children who had preceded him, and called to the boy at the other end of the rope to pull him up. When he had nearly reached the top of the silo, young Hoopes lost consciousness from the effects of the gas in the silo, and remained unconscious for several hours.

Help of some men on the farm was summoned, and breaking open the bottom of the silo they found the lifeless bodies of the two children. Death had been caused by the foul gases at the bottom.

WOMEN OF KENT COUNTY TURN OUT TO REGISTER

Democrats Greatly Pleased At The Showing Made By White Women Voters—Only One Colored Woman Declines To Affiliate—Three More Days To Register.

To the great surprise of old politicians and equally so their pleasure, the women of Kent turned out in fine numbers Tuesday and registered. They found the task easy, the officials courteous and their step as voters anything but onerous. Chestertown first precinct takes the palm with 281 names enrolled 124 Democrats, 120 Republicans and 37 declined.

It was a history-making day in Kent county. The men stood off in amasement while many ladies were surprised at themselves. From the opening of the registration offices in all the 12 precincts of Kent county until the closing, white and colored women lined up to the register. Here and there a man would try to edge in to get his transfer but very few have availed themselves for the purpose.

The colored women had been well schooled and the bulk of them got on the books.

The first white woman to register in Chestertown was Mrs. Charles N. Satterfield. Mrs. Jos. Trew and Mrs. A. M. Bowers, both in the eighties, were among the oldest white voters. Some of the ladies modestly placed their ages on a slip of paper and passed it to the registrars. The latter handled this delicate question with tact and diplomacy.

There was one colored woman in Rock Hall who declined to affiliate and one white woman in the same district who affiliate as Prohibitionist.

The first to register at Rock Hall was Mrs. Estelle J. Strang, who stopped on her way to the High School, where she is a teacher.

The News made strenuous efforts to get a correct tabulated poll of the first day's registration. We are confident the figures for Democrats, Republicans and declined, are correct but the others are subject to change after being compared with books.
