In order to assist the sheep men of Kent county in selling their wool, the Maryland College of Agriculture has made arrangements with the Chatham Manufacturing Mills, Winston-Salem, N. C., to make the wool into blankets. It takes 10 pounds of greese wool to make a pair of double woolen blankets 69 by 80, weighing approximately 5 pounds when finished. A charge of $5 is made by the mill for each pair, which are selling at the present time in Baltimore for $18 to $25 per pair.

The blankets made from the Kent wool would utilize all wools sent; that, is, the various grades would be blended together in making these blankets. With $5 asked by the company for making the blankets, and 10 pounds of wool at 55 cents a pound, the total cost will be $10.50. In addition the freight on the wool to the mills and the return freight on the blankets would have to be paid.

It is suggested that the wool people of the county, desiring to avail themselves of this opportunity, bring their wool at one central point and then ship as one shipment to the mills. It is understood that these blankets be soldat cost, as the undertaking is simply to assist the sheep men in disposing of their wool at a reasonable figure. It is safe to say that these blankets could be sold for $11.25 and cover all expenses.

If sufficient people are interested, samples of the blankets can be obtained by the county agent in order to show the people exactly what they ... by the ... aryland Agri- ... making all the ... essary arrangements.

STEAMER VIRGINIA AGROUND

The steamer "Virginia," while making her regular trip down the Bay, was driven ashore near Hooper's Island, during last week's terrible wind and rain storm. The steamer grounded on a mudflat, from a quarter to a half-mile from the west side of the channel of Honga river and about three-quarters of a mile from the southernly extremity of Hooper's Island. At low tide, the water on this bar is not over twelve inches deep.

There were 15 or 20 passengers on board. Rev. Mr. Prettyman and son, of Chance, Somerset county, and other passengers were taken to Deal's Island, on a gasoline boat from Hooper's Island.

The vessel sustained no damage through the unfortunate mishap, but owing to the shallowness of the river even at high tide, dredging machines had to be used in digging a channel through which deep water was reached several days afterward.

The Harvest of 50 Years

Your Grandfather and your Father faced ruin. War then had just ended. Consumers then clamored for cheaper food. Prices fell—farm prices most of all. Farmers sought aid in coöperation, in organization. They founded the National Grange—the first national farmers' organization to survive fifty years.

The Grange began the fight for better conditions for farmers; for better marketing; better homes; better schools and better government. Today you have agricultural colleges, experiment stations, extension, rural delivery, parcel post, postal savings and a lot of other things your Grandfather did not have, but needed, following the Civil War.

The Grange is fighting your fight the same today as it did fifty years ago. Another war has ended. Again the farmer is expected to stand the first shrinkage of prices.

You need the Grange and the Grange needs you. You need its experience in coöperation, in checking radical tendencies and in stabilizing the nation. You need its voice at Washington. It needs your prompt support.

For this advertisement we are indebted to THE COUNTRY GENTLEMAN, which is even older than the Grange and which reflects the wisdom of years as well as the news of progress in farming. For farmers it believes in active, practical organization such as the Grange affords. It presents a weekly review of the sweeping progress of farm coöperation in organization which is the hope of the future. By subscribing for a full year of 52 issues you receive for only one dollar a farm-news service that will repay you many times over. Our secretary will forward your order.

KENT COUNTY POMONA GRANGE No.3
A. L. HARRIS, Secretary, Betterton, Maryland
W. HOLT WOODALL, Master,, Galena, Maryland

Dear Secretary: I'm glad to see the Grange being pushed with good advertising. And here's my dollar for THE COUNTRY GENTLEMAN for a year—52 weekly issues. Please forward my order to the Publishers at Independence Square, Philadelphia, Pa.

NASH TRUCKS
Are Sold at List Price

Nash Trucks invariably are sold at list price. And it is because of their unusual value that any deviation from the list is obviously impossible.

The fact is, prices of Nash Trucks would be many dollars higher than they are were it not that volume production of both passenger cars and trucks of value is carried on by one organization and under the direction of one group of executives.

Those most familiar with production methods will best appreciate what this means in low manufacturing overhead—and the saving effected is passed on to the buyer in the list price made possible for Nash Trucks.

MOTOR NASH TRUCKS

One-Ton Chasis - $1895
Two-Ton Chasis - 2550
Nash Quad Chasis - 3250
