MECHANICS' HALL

PictureParlor

ROCK HALL

Saturday, Nov. 4—Frank Mayo in "Tracked to Earth." Appears as a horse thief, shows his arrest, escape, desert hiding place. A big surprise. A clean, delightful picture. Also 2 reel drama "Trail of the Wolf."

Wednesday,Nov. 8—Conway Tearle in the new production "After Midnight," playing a dual role of twin brothers, became a drink and drug addict. His suffering young wife through all of her disallusionment remains loyal and true. Also comedy and news.

Saturday, Nov. 11—Gladys Walton in "The Wise Kid." If you want to spend a few joyous moments with the nicest little girl in pictures who knew just what she wanted. After she got it didn't want it at all. Don't miss The Wise Kid.

Pictures at 7.30 P. M.

HAND OF DEATH

Edward Ford, son of the late Lambert Ford, died at his home in Still Pond Tuesday evening. He had been in ill health for sometime; born near Elkton, he moved to Still Pond over thirty years ago and has been engaged in farming ever since. He united with the Methodist Church at Still Pond thirty years ago and has continued in its fellowship until his death. He was 62 years of age. A kind father and a loving husband and one of Still Pond's most highly loved and respected citizens. He leaves a widow, who was Miss Katie Smith, and two sons, Wallace H. and Clarence W. Ford, of Still Pond. The funeral services was held at his late residence Thursday afternoon with interment in Still Pond Cemetery. Rev. Truman Smith and Rev. S. S. Hepburn officiating. Pall bearers were Charles Hague, A. J. Hackett, Joseph Bowers, John Boulden, George Parrott, Howard Turner; B. R. Fellows, undertaker.

T. Alan Goldsborough, an able and successful lawyer of Caroline county, was nominated two years ago by the Democrats of the Eastern Shore as their candidate for Congress.

He was elected, and for the past two years has represented this district in the House in such an able, upright and faithful manner that he should be given a second term.

Seldom indeed does a Congressman in his first term makes so good a record as has Mr. Goldsborough. He is gifted with a clear comprehension of national affairs and the ability to state his views concisely and convincingly, and in his two years of service has won the admiration not only of his colleagues in the House, but of other branches of the Government, his work being favorably critized by Republicans as well as Democrats; for while he is a Democrat in politics he is an American, a Marylander and an Eastern Shoreman before he is a partisan, and is ever on the lookout for the interests of his constituents.

Mr. Goldsborough should be returned to Congress by an overwhelming majority.

Are you one of the many people who keep money around the house in danger of fire, robbery or losses? Why not start a savings account with us, where your money will be safe and draw interest at 4 per cent? One dollar will start the account.. BEGIN NOW. Ask the man who owns one.

THE CITIZENS BANK
—OF—
Chestertown, Md.

EVERYBODY TREATED ALIKE

This Bank Pays 4 Per Cent. Interest On All Savings Deposits

If you deposit it on the 12th day of the month you get 18 days interest if you draw it out on the 30th day of the same month. If you deposit your Savings Account on the 18th day of the month it draws interest from the 18th of the same month and does not lie idle for 12 days and then for another calendar month before interest begins. Nor does it have to remain four calendar months in bank before interest is allowed.

Your interest is accumulating all the time, and is compounded semi-annually, while your money lies in the bank. On the first days of June and December, we pay you interest and add it to your account or you draw it in cash. You thus get compounded interest semi-annually on your Savings Deposits.

WE ENCOURAGE SAVING SMALL AMOUNTS. If you deposit $1 it draws interest. It is not too difficult for us to calculate interest on small sums. WHEN INTEREST AMOUNTS TO ONE CENT YOU GET IT. Does any other bank offer you these inducements?

THE BOND ISSUE

CHESTERTOWN, MD., NOVEMBER 2ND, 1922.

MESSRS. EDITORS OF THE KENT NEWS:

DEAR SIRS:

The Executive Committee of the Road Bond Issue wish to convey to the citizens of Kent County that we have reason to believe that the opposition to the Bond Issue to bond Kent County for permanent roads improvement which opposition is making every effort in their statements to prejudice the minds of the public by statements that are not facts and cannot be substantiated by any record or proof. Some of the propaganda being circulated by word of mouth is as follows:

That the County Commissioners will not have charge of the funds from the sale of the $100,000 Bonds. The bill expressly states that from the sale of the Bonds the money shall be placed in the custody of the County Commissioners and that the same shall be placed in Bank or Banks of their selection, and emphatically states that this money shall be expended for permanent roads, which opinion has been substantiated by two competent attorneys.

The County Commissioners are the custodians of all the finances of the county both in collecting county funds through their Treasurer and all expenditures. Surely every intelligent citizen if he will think for one moment will not doubt this statement.

Further to anticipate any statement that the Road Engineer has from the present road fund only $7,000.00, we desire to state that this is not correct. The present balance is $13,865.73 of which $3,900.00 will be required to pay the several incorporated towns for the annual appropriations on January 1st, 1923.

Further, we wish to state that Capt. Applegarth submitted a detailed and highly satisfactory explanation of both his work and expenditures which prove that the present system is correct and that the overhead is entirely in keeping witth the requirements of the system.

In addition to the $100,000.00 from sale of Bonds the Engineer has agreed to set aside the sum of $12,500 per year from his levy for a period of four years making the sum of $50,000 additional to be spent for permanent roads.

As a guarantee of the proper construction of the roads under the supervision of the Road Engineer, the best evidence is a letter of endorsement from the former Chief Engineer of the State Roads Commission of Maryland, H. G. Shirley, as follows:

"This is to certify that I have known Mr. Gault Applegarth personally since 1912, he being connected with the Maryland State Road Commission while I was its Chief Engineer. He went with the commission two years prior to my being appointed Chief Engineer and remained with the commission until 1916, resigning to accept the position of Road Engineer of Kent County, Maryland—the position he now holds—His work for the State Road Commission extended from rod man to chief of party, making surveys and plans for the highways built in that State. He was also inspector of construction and was promoted by me to be resident engineer having charge of all the work in a number of counties, and handling FUNDS THAT RAN INTO MILLIONS. He is competent to lay out, design, construct and maintain roads and bridges or construct work of like nature.

Signed, H. G. SHIRLEY.

Therefore we feel that Capt. Applegarth is perfectly competent of constructing the permanent roads to be built under the Bond Issue.

In hope that all progressive, enterprising and forwardlooking citizens of Kent County will aid the COUNTY and help THEMSELVES by voting for the Bond Issue on Election Day, we are, very respectfully,

THE COMMITTEE OF 21.
E. Thos. Massey, Chairman.
Charles L. Dodd, Secretary.
