CHESTERTOWN, - - MAY 7, 1887.

For the Kent News.

Hints on Town Matters.

MESSRS. EDITORS:—A municipal election has just been held, and although the affairs of our town have been re-committed to the same hands. This seems to be a new starting point in their official management—and we commend to their consideration the following, taken from a recent Philadelphia paper:

Under the new municipal order of things the pleasing discovery has already been made that the streets of the city do not absolutely belong to the builders or repairers of casual edifices here and there.

There are certain privileges which it is necessary should be given to builders, but they should be required to be exercised with some regard for the rights of others and the convenience of the public.

The following from the New York correspondent of the Baltimore *Sun* is especially seasonable:

About three hundred shopkeeperes were arrested today for sweeping the dirt and refuse from their shops into the streets. This was done at the instance of Mayor Hewitt, who is determined to break up this nuisance. Police Superintendent Murray was asked by Mayor Hewitt to aid in this movement for clean thoroughfares. He went about the task with characteristic energy. To begin with, he gave fair warning that the practice must cease. Every policeman was told to let every storekeeper on his beat know of the wrath to come. As was expected, little or no attention was paid to it, and things went on as before. Last night the superintendent quietly assembled all the different precinct captains at a point up town, and gave orders that at 6 A. M. every policeman should be made to change his uniform for plain clothes, and should be sent out to arrest at sight every person found sweeping dust or paper into the street. His orders were obeyed to the letter. Some of those arrested were fined $2, and many were released on promises not to do so any more.

It is notorious that our streets are the receptacle of all sorts of sweepings, and that there seems to be no effort made to break up the practice. The sweepings in many places have raised the street bed above the level of the sidewalks. It is the little things of life that go to make up the comforts of life, and a stricter observance of the details of our ordinances will add much to the comfort of our citizens and the appearance of our town.

The seventeenth ordinance reads as follows:

"That any person or persons who shall place any heap, or pile of manure or rubbish, or any filth in the streets of Chestertown or suffer filth or offensive matter to be on his or her premises or shall place any obstruction in the street or on the paved sidewalk of the town, shall pay a fine of one dollar; and the second and each other dollar for every twenty-four hours the same shall remain after being notified thereof."

Another Problem.

MESSRS. EDITORS:—A vat of wine in the shape of a frustrum of a cone whose inside drain at the top is 11 inches greater than at the bottom is topless. Its height is 30 inches and it has an inside surface of 3413.3484 square inches. Find the cash value of its contents at $10 per gallon (rate 6 per cent) on 1½ month's credit. P. M. S.

KANSAS CITY CRAZY.

The Real Estate Boom Unsettling the Mind of Missouri's Rushing Town.

"It is enough to unsettle one's mind to stay a day in Kansas City," said a commercial traveler. "They have the real estate craze in the most virulent type. Everybody is getting rich out of real estate. Property is doubling in value in six months. Lots three miles from the centre of town, farmed last year and held at $150 an acre, and platted only a few months ago, sell for $55, and even up to $50 a foot. The general talk is that Kansas City is going to be another Chicago; that it will have a half million population by the end of the century—and it looks a good deal as if they were right. Why, they are putting $20,000,000 into new buildings this year. A big life insurance company is erecting a million-dollar hotel; somebody else is putting half a million into a new opera house, and so it goes. The cable and elevated railway people are going to spend four millions within a year or two. You never saw anything like it. Kansas City is Chicago over again, only more hasty. And everybody in town is getting rich out of dirt. Big fortunes have been made by hundreds of men who went out a few years ago almost without a cent. You walk along the streets of Kansas City and of every other man you meet some such remark as this will be made: 'He came here two years ago without a dollar; now he's worth $150,000. Real estate.' 'That man bought a corner lot fifteen months ago for $4,000; sold it last week for $60,000.' 'See that man? He's one of the editors of the Kansas City *Times;* worked on salary two years; invested his earnings in a lot; sold the lot for $14,000; put $10,000 in another lot; went to Europe with the $3,000 and took his wife; spent seven months in travel; came back and sold out for $20,000.' Even the bootblack at the hotel is pointed out to you as a chap that has made $15,000 in real estate in the last year and a half.' It is pretty hard to stay in Kansas City without getting the fever. Of course real estate agents are thicker than flies in a cow pasture, and one of 'em is sure to get hold of you and talk you into buying some property. I know dozens of traveling men who have got the craze while there and invested all the money they had on earth. It is no uncommon occurrence, they tell me, for men from the East to arrive in Kansas City to attend to some legitimate business, but getting the craze almost before they have written their names on the register, jump into a carriage and ride out to look at some lots, telegraphing home for money, and letting their business go to the dogs. A man who has $500 in cash, and who has given up the third time to go, will never speculate, had better stay away from Kansas City."—*Chicago Herald.*

A FOREIGN LADY, who had not become used to the English language, was incited to partake of some oysters. "Oh, thank you," she replied; "a little of the juice, please; none of the beasts."

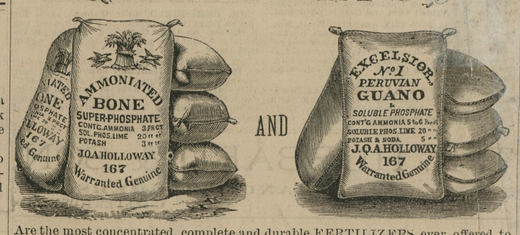
HOLLOWAY'S



Are the most concentrated, complete and durable FERTILIZERS ever offered to the public. It is the universal opinion of Farmers and Planters of Maryland and Virginia, after more than Twenty-eight years' experience in their use, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore 50 per cent cheaper.

UNIFORM QUALITY IS GUARANTEED!

Farmers, to secure the *ONLY GENUINE EXCELSIOR and PHOSPHATE* should see that every Bag is branded as above, with the *Analysis and My Name in Red Letters.*

—THE—

IMPERIAL BURNER!

I herewith annex a few testimonials:

I never could find a lamp which would give a satisfactory light until I was furnished with the Imperial by Mr. Stam. W. J. SCOTT.

Your burners light my Hall brilliantly. They give more light and less trouble than any burner I have ever used. COLIN F. STAM.

Mr. L. K. Stam—Dear Sir—The Eight Light Chandelier purchased of you, with the Imperial Burner has given perfect satisfaction, lighting up the entire hall, and was commented upon favorably by all present.

Yours, &c., T. A. HULME.

I am delighted with my lamp; never had so much satisfaction with light before.

H. W. VICKERS.

I have tried several different kinds of Burners in lighting my store, and find the Imperial excels them all; it gives more light and greater satisfaction than any I ever used.

M. T. GOSLEE.

Reference is also given to any one using the burner. It is not necessary for me to say any more regarding this burner, though I give the simple and only directions needed:

DIRECTIONS.—The Burner when sent out is wicked and properly trimmed. After that it needs no trimming whatever, or further attention than occasionally wiping off with a soft cloth. In lighting never use paper. When the Lamp is lighted, turn up the wick gradually until the chimney is heated, then turn to full height. The chimney requires no wiping or other cleaning than rinsing in cold water, and allowing it to drain and dry.

These burners can be bought at the Paint Store next door to Goslee's Shoe Store.
