## GARBAGE SYSTEM TO BE REINSTALLED

At the regular meeting of the Board of Town Commissioners held Monday evening nearly the whole time was occupied in discussing the plans for returning to the system of collecting garbage and ashes. The Commissioners are impressed with the urgent need of such an innovation. It was inaugurated several years ago, but discontinued because of the expense and because of pressing demands for macadam roads.

The Commissioners now propose to buy a pair of mules or horses and, with the present team, they believe they can collect all the garbage and ashes in a most economical manner.

It is proposed to utilize the old Whaland mill pond, now owned by Messrs. Satterfield and Bramble, as a dump.

Good ashes may be used in filling in the ravine on Washington and Spring avenue and other places.

## WASHINGTON TEAM STILL WINNING

Washington College's speedy basket ball quintet cleared another obstacle from its path to the Maryland State title when it defeated Mount St. Mary's cagers, 25 to 21, at Emmitsburg Tuesday night. This boosts the record of the Flying Pentagon to 13 consecutive victories.

The road to victory was not a smooth one for the Eastern Shoremen. The Flying Pentagon was forced to exhibit everything in its repertoire and to keep up a terrific pace to withstand the ever-dangerous attacks of the Mountaineers. But the clever teamwork enabled the visitors to hold the slight edge.

With Dumschott and Carroll leading the scoring rampage, the Washington quintet stepped out in front in the first half, 15 to 10. Both teams played a strong defensive style and most shots came from outside of the 15-foot strip.

Coach Malloy's cagers started with a rush at the start of the second session. Johnson, Cempi and Sheehy looped through deuces, cutting down the lead after McGran and Carroll had registered from the floor. But as the Mountaineers threatened, Fiore was replaced by Danny Cavanaugh at guard, and Mount St. Mary's machine was stalled when within two points of its rival.

As the Flying Pentagon bolstered for its final effort, Mount St. Mary's played as if inspired. With the score reading 23-to-21 in favor of the visitors, an intercepted pass proved the straw that broke the camel's back. Coach Malloy's cagers had hopes of tying the count, but were caught flat-footed, as Dumschott sneaked under a long pass and dropped in the final counter from under the basket, giving Washington a four-point margin. It was just a matter of a minute's freezing to assure the visitors the verdict.

Only exceptionally accurate shooting from the 15-foot line and a spectacular garrison finished enabled the Washington College quintet to evade the jinx and defeat the Western Maryland College team, 21 to 15, in the thirteenth consecutive victory of the season at Westminster Wednesday night.

Western Maryland started like a whirlwind. Baskets by Young and Smith gave the Green Terrors a lead which they never relinquished until the last two minutes of the contest.

With but two minutes to play Western Maryland held the edge, 15 to 14. As Carroll and Dumschott were covered, it fell to Bankert and Fiore to supply the baskets from the floor. In the last desperate rally Coach Kibler's cagers threw discretion to the winds and ripped through the local's defense. Fiore looped through two from near the center of the floor and gave the Flying Pentagon the lead, which it maintained to the end.

Saturday night the college will oppose the Doctors of Maryland University here.

Next Monday our boys invade College Park for the contest with University of Maryland. That promises to be one of the classics of the season.

## Desperate Gang Broken Up

Ollie Henry, Frank Henry, Melvin Dolby and Lotta Keiser were arrested in Wilmington Tuesday and placed in jail at Centreville. Chief of Police in Wilmington ordered their arrest and notified the constable at Centreville. When arrested the gang had six turkeys, five chickens, number of blankets, and a lot of automobile accessories. After being arrested Dolby and Ollie Henry confessed to having been a party to the robbery of farm houses and garages all the way from Hurlock thru Kent to Cecil.

Howard Stewart, a farmer living near Church Hill, positively identified the turkeys and chickens, as being those he had missed from his farm on Monday. It seems from the confessions of Dolby and Henry that the party left Hurlock Monday morning for Wilmington and that enroute they broke into every poultry house or garage that afforded an opportunity.

At Denton they spied a number of turkeys sitting on a rail fence and without hesitation stopped their car and caught about a dozen of the fowls. Similar operations took place all the way to Chestertown, from which place they hurried to Wilmington to dispose of the loot. It was there that they met their Waterloo. A Cop patrolling King street, noticed the party, who at the time were posing as poultry dealers, and becoming suspicious that they were not what they claimed, he placed them under arrest. Through subsequent investigations of the Wilmington Police Department, Chief Black was led to believe that the gang was wanted here.

Constable John P. Williamson and Justice of the Peace Robert W. Coursey are both of the opinion that the "four" are desperate characters and that they have been making a regular practice of pilfering farm houses on records. A few years ago the party left the Shore. All have previous police were arrested and tried in Dorchester county for the same offense and were sentenced to the Maryland Penitentiary, in which place they were confined until about a year ago. When arrested Frank Henry had in his possession a wicked looking pair of "brass knuckles."

Several counties on the Shore are wanting the culprits. Dorchester on several charges and Kent on a charge of breaking into the garage just on the other side of Washington College on the road to Kennedyville.

Lottie Kesier, "The woman in the case," claims to be white, but both Mr. Coursey and Mr. Williamson are of the opinion that she is a mulatto. The prisoners have engaged the services of Mr. Brewster Dean, of Denton, as attorney and they will have a preliminary hearing Monday, before Justice Coursey.

## END OF THE WORLD PREDICTED

**No Man Knows Hour Of Christ's Coming — Sees Signs, However, Of Closing Days.**

Before an audience that almost filled the Salvation Army citadel in Wilmington Sunday night, Adjutant John O. Simpson, of the Army, preached on "The Truth About the End of the World and the Second Coming of Christ, or God's Program for the Future."

Taking the thirteenth chapter of the Gospel according to Mark, as his sermon subject, Adjutant Simpson said:

"When you consider Christ's own statement, 'of that day and hour knoweth no man,' how foolish people are to try to fix a certain date for the second coming of Christ. All the confusion is due to a misunderstanding as to what is implied by the second coming.

"When the time is ripe, Jesus Christ will come again for His own people. The dead in Christ shall rise first, the living Christians will be changed, and altogether they will be caught up in the clouds to meet the Lord in the air. Those who are not followers of Christ will not know anything about it except that the earnest Christians, they have known disappeared. The news will be flashed round the world. Every newspaper will carry startling headlines announcing the disappearance of thousands, but the business of the world will go on just the same. There is no indication given in the Scripture as to how long Christ and His church will be in the air, but there is abundant proof in the Bible as to what will transpire on the earth in the meantime. With the removal of the church of Jesus Christ, the progress of evil will be rapid. Satan's masterpiece the anti-Christ will come to power. He will be a man of super-intelligence who will become leader of a league of Nations which will be in existence at that time, and he will eventually declare himself emperor of the world.

"The progress Zionism is making among the Jews is arousing interest among thousands who have little faith in the Bible and know nothing of the wonderful prophesies regarding the restoration of Israel to their own land, but every sincere student of Scripture knows that Palestine will assuredly become once more the recognized home of the Jew.

"When that becomes a reality the emperor of the world will enter into an agreement with the Jews for seven years, and after three years and six months he will break this treaty and in the following three and a half years, a time of the most awful persecution will be carried on, culminating in the anti-Christ gathering his armies together at Jerusalem with the avowed purpose of exterminating the nation of the Jews. Then shall that assembled host see a sight that shall strike terror to their hearts, for amidst a glory surpassing the brightness of the sun at noon, Jesus Christ with his church shall appear descending to the earth, and in that day shall his feet stand upon the Mount of Olives. The Jews shall be delivered out of the hand of the anti-christ, and shall be taken captive with his assistant, the false-prophet and they both shall be cast into the lake of fire. Satan will then be bound for a thousand years and confined in the bottomless pit, and Christ will reign for a thousand years on the earth. Every crooked politician will be out of a job, and every position of authority in the whole world will be filled by a representative of the earth's rightful King, Jesus Christ, the Son of God. Then and only then shall there be world peace, when the Prince of Peace shall reign.

"So you see it is all nonsense about the world ending Friday; there is anyway over one thousand years before that, but be assured of this fact, the coming of Christ for His own followers may take place any time. There is absolutely no prophecy to be fulfilled before that event can take place. Therefore be ready. 'Watch and pray' for in such an hour as ye think not the Son of Man Cometh."
