REPUBLICANS WIN BALTIMORE MAYOR

Election Winners

MAYOR
William F. Broening Republican
CITY COMPTROLLER
R. Walter Graham - Democrat
PRESIDENT OF COUNCIL
Howard Bryant - Democrat

The election in Baltimore on Tuesday was a big upset of the political fruit basket.

The Democrats had an affiliated majority of over 60,000 and yet lost.

William F. Broening, Republican, was elected Mayor of Baltimore by a majority of 17,147 over William Curran, Democrat.

The voters split their tickets, however, and re-elected R. Walter Graham, Democrat, City Comptroller by 8080 over Peter E. Tome, Republicon, and Howard Bryant, Democrat, president of the Council by 2280 over J. Archer Bell.

Nine of the eighteen seats in the City Council were won by Republicans. This means that the Council will be split "down the middle" on strict party votes, with President Bryant casting the deciding vote in favor of the Democrats.

The Democrats carried the First, Second and Sixth districts and the Republicans the Third, Fourth and Fifth.

Curran was cut heavily in all sections of the city. Apparently he was hurt by a hubbub over a "religious issue" raised in the last few days of the campaign.

A repetition of the administration of Broening, who was Mayor from 1919 to 1923, was anticipated. In this period Tome was his Comptroller, but Bryant, a Democrat, was president of the Council, which had a Democratic majority.

The city loan program of $47,500,000 was carried by huge majorities, the ratio being about 5 to 1.

Friends of Frank Kelly said he did all in his power to elect the Democratic ticket, but found a stubborn opposition among the voters.

With a bare control of the Council however, he will retain his power as Democratic boss" of the city, while the Democratic element which insisted he relinquish Graham as his candidate for Mayor will be left "out in the cold." Graham and Howard Bryant, both Kelly men, will add to his strength in the City Hall.

A fight for organization of the Council is sure to follow the party division in its membership.

The cutting of Curran was general throughout the city. It occurred even in his own First district, where he grew up as a "barefoot boy," and was evident also in Kelly's Sixth district. The First failed to roll up the 8000 majority for Curran that had been expected, although it gave him a substantial majority.

The figures presented a shocking reversal of the 60,000 affiliated Democratic majority in the city.

With 131,008 persons registered as Democrats only 69,001 voted for Curran. Republicans had only 71,399 affiliated, but a vote of 86,248 was cast for Broening.

The total of votes cast for the heads of the ticket was 155,249, compared to a total registration 216,700, of whom 14,292 were affiliated.

R. Walter Graham, the successful candidate for Comptroller, led the Democratic ticket with 75,895 votes, 8751 more than the number given Curran. Broening ran 13,000 ahead of Bell, the next high man on his ticket.

J. Roland Marchant directed Broening's campaign from start to finish and, according to observers, played his cards just right. Senator Weller was reported comparatively inactive.

The voters of the city demonstrated beyond question that they want the city to advance in importance among American municipalities, even at the cost of big loan programs, which place an added burden on the taxpayers.

The vote for each of the eight loans was above 60,000, with only about 12,000 votes cast against them.

The victory by Broening was his third over Curran in a normally Democratic city. Twice he defeated Curran for State's Attorney. Broening vindicated his political reputation as "lucky Bill Broening."

Two colored men were elected as members of the City Council. The new mayor takes his seat on May 18, for a four year term.

C. N. SATTERFIELD CHESTERTOWN MAYOR

Re-elected For Third Consecutive Term By Board Of Town Commissioners.

The Board of Town Commissioners organized Monday evening. John W. Barnes, who was re-elected a member of the board at the annual election, took the oath of office. Charles N. Satterfield was re-elected mayor for the third consecutive term, and the following appointments were made: Clerk of the board, James W. Crouch; attorney, Herbert E. Perkins; day officer, Samuel E. Cooper; night officer, Rufus E. Collins; superintendent of streets, Charles L. Miller; superintendent of garbage, Thos. A. Kennard. The third member of the board is George W. French. The board met Tuesday evening with the committee of taxpayers named in the bill providing for a bond issue of $100,000 for improving the streets, roadways, and sewers in the town, and arranged for the advertising and sale of the bonds, and also settle the details of the improvements providing for the bill. Practically every street in the town will be improved. The board will proceed with the necessary details for the improvements regardless of the outcome of a contest of the annual election being undertaken by a number of taxpayers against the bond issue vote.

The committee organized by the election of Charles N. Satterfield as chairman and J. H. Sides as secretary. The other members of the committee are Geo. W. French, John W. Barnes, T. G. Wroth, R. H. Rogers, L. B. Russell.

Quaker Neck Community House

The first step in the erection of a modern Community House by the Quaker Neck Community League was taken on Saturday afternoon, when members and friends of the club held a "Clearing Bee" on the site of the proposed building and with shovels, hoes, and axes cleared the ground of bushes, trees, etc. The location of the new building will be on the site of the historic Quaker Meeting House and the land was donated by Miss Katie Trew on whose land the old meeting house was located almost since the founding of the county. Members of the club will contribute labor and building materials while the ladies will solicit private subscriptions. A benefit dance was held in the armory in Chestertown last night, and the building will be ready for dedication in the late summer.

INSURANCE CO. HOLD ANNUAL MEETING ON MONDAY, MAY 9TH.

The 82nd annual meeting of the policy holders of the Mutual Fire Insurance Company of Kent county was held at the company's office, in Chestertown Monday and the following officers re-elected:

President—Fred. G. Usilton.

Secretary and Treasurer—Eben F. Perkins.

Directors — Robert G. Nicholson, Edward W. Emory, J. D. Bacchus, Allan A. Harris, T. W. Eliason, Jr., P. Medford Brooks, of Chestertown; Wm. A. Hyland, of Galena; Howard Turner, Betterton; James P. Brown, Church, Hill; Dudley G. Roe, Sudlersville.

The condition of the company showed $3,420,167.00 in force. The net fire losses have been $5,939.34. There was distributed $9,756 to the credit of the policy-holders and $12,631.55 added to reserve. The reserve account now amounts to $73,708.30, while the amount to the credit of policy-holders exclusive of the reserve account is $89,861.12.

The Company recommended an inspection of town premises to the end that rubbish be removed and an ordinance passed requiring all chimneys be made safe.

The question of accident insurance for local firemen occupied the attention of the directors and a practical plan noted in this issue to protect the loyal members of the Volunteer Fire Company.

It is certainly gratifying to this Company to know that the people of Kent county appreciate its mutual benefits.

KENT MUTUAL FIRE INS. CO. PROTECTS LOCAL FIREMEN

At the meeting of the Kent Mutual Fire Insurance Co., held in Chestertown Monday an important step was taken looking to the protection of the splendid body of men who make up the membership of the Volunteer Fire Co. The Kent Mutual which has been making a substantial contribution of money to the treasury of the Chestertown Volunteer Fire Company, adopted a policy of accident insurance for the benefit of the active members of the company which will be made payable to them without cost in recognition of the valuable service rendered by them in cases of fire. The new policy applies to practically all members of the fire company who do active service in time of fire, which means that provision will be made by the insurance company for the benefit of 45 fire company members. Altho it is hard to conceive of a more valiant body of men, the project will not only serve to stimulate interest in the fire company, but will be an incentive to render the best service possible in the town and county.
