LAND FOR SALE.

The subscriber will sell at private sale from 500 to 1000 acres of valuable timbered LAND, situated on the west branch of Black Water River, and adjacent to Big Black Water Bridge, in Dorchester county. Ship builders and others desirous of purchasing valuable timber, are invited to examine this chance for themselves; the timber is most certainly of superior quality. The soil of the land is naturally good. To give a minute description of the above land, is deemed quite unnecessary, as it is presumed those who feel disposed to purchase will first examine for themselves. Persons who may wish to see the land will please call on the subscriber, who will cheerfully shew it, and inform them of the terms, which will be accommodating.

ALL IN ONE DAY,

To be Drawn on the 18th day of May, and by an improved mode of drawing, secured by Letters Patent under the Seal of the United States.

COHEN'S OFFICE,
Baltimore, April 7, 1825.

We have the pleasure to present to the public, the Fourth Scheme of the

Maryland State Lottery.

The mode of drawing on an entirely new plan—approved by the Commissioners of Lotteries, appointed by the Governor and Council of State, and brought out under special Act of the Legislature.

HIGHEST PRIZE,

20,000 DOLLS.

SCHEME.

1 prize of	$20,000	is	$20,000
1 do	10,000	is	10,000
1 do	5,000	is	5,000
5 do	1,000	is	5,000
4 do	500	is	2,000
20 do	100	is	2,000
30 do	50	is	1,000
50 do	20	is	1,000
200 do	10	is	2,000
300 do	5	is	1,500
10,000 do	2	is	20,000
10,612 prizes			$70,000

20,000 tickets—*Not 1 blank to a prize!*

Every Prize payable in *Cash*, sixty days after the drawing: subject to a deduction of fifteen per cent.

☞ *Mode of Drawing.*—The Numbers will be put into one wheel as usual; and in the other wheel will be put, the prizes above the denomination of Two Dollars, and the drawing to progress in the usual manner. The 10,000 prizes of $2 will be awarded to the odd or even Numbers of the Lottery (as the case may be) dependant on the drawing of the Capital Prize of Twenty Thousand Dollars; that is to say, if the 20,000 dollar prize should come out to an odd Number, then every odd Number in the Scheme will be entitled to a $2 prize. If the 20,000 dollar prize should come out to an even number, then all the even numbers in the Scheme will be each entitled to a prize of $2.

Odd Nos. are those ending with 1, 3, 5, 7, *or* 9.

Even Nos. are those ending with 2, 4, 6, 8, *or* 0.

This mode of drawing not only enables the Commissioners to complete the Lottery in 1 drawing, but has the great advantage of distributing the small prizes regularly to every alternate number in the scheme, so that the holder of two shares of tickets (one odd and one even number) will be certain of obtaining at least one prize, and in the same ratio for any greater quantity.

A Ticket drawing a superior prize in this scheme, *is not restricted* from drawing an inferior one also.

The drawing will take place in the City of Baltimore on Wednesday the 18th of May, and will finish on the same day. A very short period, therefore, intervening before the time of drawing will arrive; adventurers at a distance should avail themselves of the very superior advantages offered by the scheme, and send on their orders without delay; they will remark the low rate of tickets; the very trifling risk to be run (there not being one Blank to a prize) and that the capital prize of *Twenty Thousand Dollars* is of a magnitude hitherto unprecedented for so small a sum invested; above all, however, is the certainty of obtaining at least one prize by the purchase of two tickets or two shares; (one odd and one even number) and in the same ratio of certainty in the purchase of a greater number of tickets or shares.

The limits of an advertisement do not permit a detail of the various and many advantages in this improved mode of Lottery; they will naturally present themselves to the adventurer on examination of the scheme, to a scrutiny of which, we invite their attention.

Whole Tickets, 4 dollars—shares in proportion, to be had, in the greatest variety of Numbers, (odd and even,) at

COHEN'S

Lottery and Exchange Office, No. 114 Market st. Baltimore,

Where in the four last State Lotteries, were sold the great capitals of 100,000 dollars, 40,000 dollars, 2 of 20,000 dollars, 2 of 10,000, besides no less than *ten* capitals of 5,000 dollars, &c. And where more Capitals have been sold than at any other office in America.

☞ Orders from any part of the United States or Territories, enclosing the *cash*, or *prizes* in any of the Lotteries, (*post paid*) will meet our accustomed prompt attention. Address to
