The Third Annual Kent County Horse Show was held Wednesday afternoon on the farm of John D. Burris, near the Chestertown Country Club.

Wilbur R. Hubbard, president of the association, and other officials arranged a program of nine class events and three races.

Features of the exhibition were entries of thoroughbreds from the Pioneer Point estate of Mrs. Helen S. Raskob, near Centreville, a number of hunters and jumpers from the Green Spring Valley and Rock Creek Hunt Clubs and a string of thoroughbreds from Chester, Pa., belonging to William Hammond.

Edmund B. Hurtt, of Locust Grove was marshel of the course and H. Stockton Startt, of Chestertown, was announcer.

This year's show was one of the best held in the four years' existence of the association, which was organized primarily for the purpose of inducing the farmers of this and other counties on the Eastern Shore to breed and raise thoroughbred hunting and running horses, as well as high-grade stock generally on their farms. Aside from the usual ribbons awarded to winners, prizes of riding apparel, etc., were given.

The Chestertown Volunteer Fire Company Band rendered music and shared in the receipts. Arthur C. Bacon was director.

Major General Henry T. Allen, U. S. A. Retired, of Washington, D. C. was not able to attend the show because of serious illness in his family. General Allen was to have been one of the judges, and when it was found that he could not attend, Mr. Hubbard secured the services of Albert Ober, of the Green Spring Valley Hunt Club. Mr. Ober is internationally known as the gentleman rider of Billy Barton, Maryland's great steeple chaser.

Mr. Ober, accompanied by Janon Fisher, Jr., also a member of the Green Spring Valley Hunt Club and a judge at this show, arrived at Tolchester by airplane from Logan Field. Both Mr. Ober and Mr. Fisher are Directors of the Chesapeake Aircraft Company in whose planes the trip over the bay was made.

There were no accidents and the races were conducted in good order. The summary is as follows:

WEDDING NOTES

Invitations were received in the county this week to the wedding of Miss Kathryn Tylden Brice, daughter of Mr. and Mrs. George Brice, of Fair Hills, N. J., and Mr. Keech Sturges Sturges, on Wednesday the 19th of September, at St. Luke's Church, Peapack, N. J.

Three Delaware couples were married here over the week-end when Thomas Dixon, deputy court clerk, issued nine licenses to prospective brides and grooms from San Francisco, Richmond, Va.; Philadelphia, Lancaster and New Jersey towns. The Delaware couples married by local clergymen were Miss Bernadette C. Daniels, 20, Wilmington, and Samuel K. Puff, 31, Philadelphia; Miss Kathryn Marshall, 18, Lepsic, and Arthur N. Short, 21 Smyrna; Miss Vietta L. Dyer, 20, and Ernest G. Warrington, 21, both of Wilmington, Del.

Announcement is made of the marriage of Miss Sara Elizabeth Hepbron, daughter of Mr. and Mrs. Thos. S. Hepbrop, of 2201 West Fifth St., Wilmington, and George W. Winter son of Mr. and Mrs. George L. Winter, of the Lyle Apartments, Eighth and West streets. The ceremony was performed by Rev. Wilbur F. Corkran, pastor of the M. E. Church, of Chestertown, in the parsonage, Thursday. The couple will reside with the bride's parents for a time.

Mrs. Winter is a graduate of this year's class at the Wilmington High School. On various occasions she was cast for a prominent part in the school plays, and in the production "Daddy Long Legs," presented by the Citamard Players, she had the role of Julia Pendleton. She was also active in athletics, being a member of the hockey team for three years. Mrs. Winter was member of the Friendship Club, the Whisp staff and the Citamard Players.

Mr. Winter attended Rutgers Preparatory School. He is well-known in athletic circles. He is associated with the Sears, Robuck Company.

Jos. W. Rice, of Philadelphia, and Miss Sara E. Roe, of Sharon Hill, Pa., were married at a quiet ceremony on Monday afternoon, August 27th, at the Chestertown M. E. Church with the Rev. Dr. Corkran officiating. The bride was attended by Miss N. Ruth Vance, of Glenolden, Pa., and the groom by B. Clarence Roe, of Sharon Hill, brother of the bride. The guests were Mr. and Mrs. J. Wilson Groves and their children, relatives of the bride. After the ceremony the young couple went to Black, Md., the home of Mr. and Mrs. Groves, where they will spend the next two weeks, after which they will return to their home in Sharon Hill.

Miss Helene Joiner, daughter of Mrs. S. A. Joiner, of Chestertown, and Fred C. Pearman, of Tennessee, were married August 25th, 1928, at the M. E. Parsonage by the Rev. W. F. Corkran. The bride was attended by her brother, Julian. The couple left Sunday for Lyn Brook, Long Island, N. Y., where the groom is employed by the Electric Light Co.

Miss Margaret Bezerics, of near Templeville, surprised her many friends by becoming the bride of Paul Selz, of near Millington. They were married in Chestertown and are now spending their honeymoon at Betterton.

At a bridge party given Thursday by Mr. and Mrs. Edwin Stephens Valliant at their home in Centreville, the announcement of their second daughter, Miss Margaret Valliant, to Richard T. E. Forman, was made. The marriage will take place in the fall.

SUMMER SCHOOL TO BE HELD

Two Protetsant Episcopal bishops, a Methodist President and a Methodist Superintendent as well as prominent clergy of other denominations will take part in the proceedings of the annual Washington College summer school for town and country ministers, according to announcement made by President Paul E. Titsworth.

Bishop Philip Cook, of Delaware, and Bishop George W. Davenport, of the diocese of Easton, will address the conference and the school sessions will be held from September 3, next Monday, to 14. Arrangements for the faculty of instruction and other details were worked out by the executive committee at a recent meeting in Wilmington. The committee consists of the following clergymen and educators: Rev. O. E. Jones, district superintendent of the M. E. Church, Middletown, Del.; Rev. Dr. E. C. Makosky, of Baltimore, president of the Maryland and Delaware Conference of the M. P. Church; Rev. Dr. M. A. Dawbar, superintendent of rural work of the Methodist Board of Home Missions, Philadelphia; Rev. H. W. Foreman, secretary for rural work of the national council of the Protestant Episcopal Church, New York; Dishop Davenport and President Titsworth.

The committee decided on a ten-day session instead of the usual five-day school, as has been held hitherto. The program of the school will be considerably enlarged over last year and several new teachers will give instruction, it is said. Special credit courses in rural sociology, phychology and leadership training will be offered and the committee is now working on a plan to award diplomas to students having attended three summer sessions and whose main interest has been in rural sociology. President Titsworth will act as dean of the school.

Among ministers who have thus far signified their intention of attending are: Charles L. Atwater, of Chestertown; O. T. Barnard, Quantico; R. W. Campbell, Magnolia; E. D. These are both big men in the religious world and a treat is likely in store for those who attend.

DEADLY INSECTS DESTROYING CEDAR TREES

Residents in the town and county are concerned over the appearance of a worm which is playing havoc with the costly cedar trees and shrubbery in the yards and gardens of the county. The worms were first noticed in the cemetery of Wesley Chapel M. P. Church, where practically every tree in the place has been riddled of its leaves and despoiled of its beauty. Officials of the cemetery have sent a number of specimens of the worm to County Agent Horace B. Derrick, who has forwarded them to the Maryland University Experiment Station in order to determine the character of the pest and treatments necessary for their speedy destruction. The work of the pest is very similar to that of the Japanese beetle, except that out of the substance secured from the leaves of the trees it builds a coccon in which it secludes itself and breeds. Hundreds of these cocoons may be seen hanging from a fine specimen of cedar standing on the lawn at Christ M. P. Parsonage, nearly every leaf of which has been destroyed.

The News man has had some experience with this pest which is known as the "bay worm." We have conferred with Mr. Derrick and informed him of our successful battle with them. Each day we pulled the little cocoons from limbs of the arbor vitatress and burned them. It was quite tedious for awhile but soon we could see evidences of success and new growth on the limbs. This a sure remedy. Of course there is a spray that may prevent these worms from attacking the cedar. But after they appear the surest plan is to pull each bay worm off and burn it.

NOLAND'S FIVE-DAY CIRCUS

There is always something new. Now Noland, the Chestertown progressive merchant, is going to have next week a 5-Day Bargain Circus beginning on Tuesday. His reduction sale is going big.

The Coroner's Jury in Cecil county in the death of August Herzberg returned the following verdict. That August Herzberg came to his death by coming in contact with a horse drawn vehicle driven by Ernest Craig without a light on said vehicle, and we the jurors censure the said Ernest Craig for driving a vehicle without a light.

The experiment of Mrs. Evelyn Harris in shipping wrapped green tomatoes is meeting with success. During last week Mrs. Harris shipped tomatoes to New York and other northern points by truck and by carloads amounting to five carloads for the week. Those which are giving the greatest satisfaction are the Marglobe which was developed by Dr. Pritchard, of the United States Department of Agriculture. A large corps of packers are at work on the Howell Point farm busy with tomatoes and packing and shipping pears. The farm has many visitors at this time who are interested in seeing such work done on a large scale.

Don't forget the Chestertown Volunteer Firemen's Carnival. They are having this carnival in order to get money to buy equipment to be in better position to save YOUR home and other buildings from destruction by fire.
