ment, by affright, grief, disappointment, heat of the weather, or any other nervous action, and be wholly unable to digest its food. Is the blood to blame for this? A nervous action of long continuance will produce settled dyspepsia, with headache, bile, mental and physical debility, and a funeral train of other evils. Is the blood to blame for this? Intemperance, by inflaming the coats of the stomach, and leaving it in flaccid prostrate weakness; and an undue quantity and continuance of purgative medicines by producing the same effects, will put this organ almost out of use for digesting wholesome solid food, and thus impoverish the blood and the whole system.—Is the blood to blame for this? Again with regard to the lungs, it is well known that a slight cold, occasioned by damp feet, or by a current of air, will inflame the bronchia, all down through the branching air tube of the lungs, and create either excessive mucus, or that dreadfully insidious disease consumption with pustules and suppuration of the lobes, which though timely remedies may prevent, no earthly skill can cure. Is the blood of the fair and blooming victim to blame for this? So the liver, when climate, sedentary habits, intemperance, or other prostrating causes have withered it away or paralizes it with disposition, becomes unable to carry off the bile from the circulation, and instead of discharging it through the gall bladder, leaves it to come through the skin in putrified and shallow ducts, and to rush upon the stomach in irregular and excessive quantities. Is the unfortunate blood to blame for this? No; these vital organs are never affected by the blood, until after the blood has been affected by them; they are its makers and masters, and it is merely their work and their passive agent.

Knowing this to be a sound and demonstrated fact in science and experience, Dr. W. Evans' system of practice is in faithful accordance with it. He aims to keep the stomach, the lungs, and the liver in vigorous and regular action, as the three great fountains of health and life. For this purpose he prescribes his beautifully efficacious Aperient Pills (acknowledged by medical men who have analyzed and recommended them, to be equal to any in the world) in cases which require the cleansing of the stomach and bowels; and his celebrated Camomile or Tonic Pills, in cases of nervous irritability, stomach weakness, or general debility. A vast majority of human diseases having their origin in the general sympathy of the principle viscera with the nervous system, he thus seeks disease in the most subtle fibres of its roots, instead of vainly hoping to extirpate it by plucking off its leaves and more distant branches. His Aperient Pills, will do all that purgative medicine can do, that is, thoroughly cleanse the stomach and bowels: and his Camomile or Tonic Pills, combining as they also do, the most delightful Abodyne known in medicine, will do, or have done, and are continually doing more to strengthen, restore, and sustain the human constitution than any other medicine that has yet been discoverd. Of this he has innumerable proofs, and this no man can deny without falsehood.

These medicines, which can be purchased either together or separately, are confidently recommended for the following complaint; and directions for use accompany them:—Dyspepsia, in all its forms; Bilious and Liver affections, in every stage and degree; female sickness, more particularly the causes incident to mothers, Finor Albus; Fever and Ague; Incipient Consumptions or Declines, whether of Liver or Lungs; Headache and Giddiness; Loss of appetite; Nervous Tremors; Inebriation or Delirium Tremors, Spasmodic Affections of all kinds: Rheumatism, whether Chronic or Inflamatory; Nervous and Bilious fevers, of every variety; Scrofula; Salt Rheum, and all blotches, had impure complexions of the skin; Restlessness at night and daily irritability and melancholy; the Summer Complaint and Cholera Morbus, or Diarhœa in grown persons, Worms and Flatulency, with bad breath; Chlorosis, and Palpitations of the Heart or Head; Changes of Female Constitution; and for impaired and disorganized constitutions in either sex, which have not been permanently relieved by any other medicines. A single trial of Dr. W. EVANS' MEDICINES in any of these cases will produce suh effects as will indicate their incomparable superiority, and induce such a use of them as will ensure a speedy and unquestionable cure. The purchaser, however, should be careful to get them genuine at Dr. W. EVANS' OFFICE, No. 100 Chatham St. New York, or of any of his authorized Agents, as all others are base and ignorant impositions. For further particulars he respectfully requests the public to peruse his other advertisements and medical papers, which may be depended upon for their strict and acknowledged truth.

A CASE OF TIC DOLOREUX.

Mrs. J. E. Johnson, wife of Capt. Joseph Johnson, of Lynn, Mass. was severely afflicted for ten years with Tic Doloreux, violent pain in her head and vomiting, with a burning heat in the stomach and unable to leave her room. A perfect cure effected by the treatment of Dr W. Evans. Mr. John Gibson, of North Fourth street, Williamsburg, afflicted with the above complaint for three years and nine months during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, that especially in the hip, shoulder, knees and ankles; an aggravation of the pain towards night; and for she most part all times from the external heat, in obvious thickening of the fasbia and ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceiving it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

Kenny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain even temporary alleviation of her distressing state, till her husband persuaded her to make trial of my mode of treatment.

She is now quite relieved, and finds herself no only capable of attending to her domestic affairs but avows that she enjoys as good health at present as she did at any period of her existence.

☞A Letter from Mr. Sheldon P. Gilbert, to Dr. Wm. Evans, proprieter of the celebrated Camomile Pills:

Dear Sir—Had tge immortal Cowper known the medical qualities of the Camomile Plant he as well as thousand since (besides myself.) would have experienced its wonderful effects on the nervous system. The public utility of Cowper was blighted in the bud, thro' the natural effect of his nervous debility upon the mental powers, which made it necessary for him to seek relief beneath the rural shade, but the calm retreat gave his physical nature no repose. If some one had known the secret of concentrating the medical virtues of Camomile, the discoverer would have been immortalized with poetic zeal as the benefactor of suffering man.

The above lines were prompted from the effect I have experienced from Dr. Wm, Eaans' Camomile Pills.

Yours, with esteem,

Sheldon P. Gilbert.

☞Another recent test of the unrivalled virtue of Dr. Wm. Evans' Medicines.—DYSPEPSIA TEN YEARS STAMDING.—Mr. J. McKenzie, 176 Stanton street, was afflicted with the above complaint for ten years, which incapacitated him at intervals, for the period of six years, in attending to his business, restored to perfect health under the salutary treatment of Dr. Wm. Evans.

The symptoms were—A sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired appetite and emancipation, depression, depression of spirits, disturbed rest, sometimes a billious vomiting, and pain in the right side, an extreme degree of langour and faintness; and endeavour to pursue his business causing immediate exhaustion and weariness.

Mr. McKenzie is daily attending his business, and none of the above symptoms have recurred since he used the medicine. He is now a strong and healthy man. He restored to myriads of remedies, but they were all ineffectual. He is willing to give any information to the afflicted respecting the inestimable benefit rendered to him by the use of dr. wm. evans, medicine.

☞An s. extraordinary and remarkable Cure.—Mrs Mary Dillon Williamsburg. corner of Fourth and North street, completely restored to health by the treatment of Dr. W. Evans, 100 Chatham street.

The symptoms of this distressing case were as follows: Total loss of appetite, palpitation of the tendons, with a general spasmodic affection of the muscles, difficulty of breathing giddiness, langour, lassitude, great depression of spirits, with a cure of some impending evil, a sensation of fluttering at the pit of the stomach, irregular transient pains in different parts, great emancipation, with other symptoms of extreme debility.

The above case was pronounced hopeless by three of the most eminent physicians, and the dissolution of the patient dailyawaited by her friends, which may be authenticated by the physicians who were in attendance. She has given her cherful permission to publish the above facts, and will also gladly give any information respecting the benefit she has received to any inquiring mind,

MARY DILLON.

☞DYSPEPSIA AND HYPOCHONDRIACISM.—Interesting Case.—Mr. William Salmon, Green street above Third, Philadelphia, afflicted for several years with the following distressing symptoms. Sickness at the stomach, headache, dizziness, palpitation of the heart, impaired appetite, sometimes acid and putrescent eructations, coldness and weakness of the extremities, emancipation and general debility, disturbed rest, a sense of pressure and weight at the stomach after eating, night mare, great mental dependency, severe flying pains in the chest, back and sides, costiveness, a dislike of society or conversation, my fantasy sighing and weeping, langour and lassitude upon the least exercise.

Mr. Salmon had applied to the most eminent physicians, who considered it beyond the power of medicine to restore him to health however as his affliction had reduced him to a very deplorable condition, and having been recommended by a relative of his to make trial of Dr. Wm. Evans' medicine, he with difficulty repaired to the office and procured a package, to which, he says, he is indebted for his restoration to life, health and friends. He is now enjoying all the blessings of health.

Persons desirous of further information will be satisfied in every particular as to the astonishing cure, at Dr. Wm. Evans' Medical Office, 100 Chatham st N. Y.

☞A severe case of Piles cured at 100 Chatham street.—Mr. Daniel Spanning, of Shrewsbury, Eden Town, New Jersey, was severely afflicted with Piles for more than 20 years. Ae had resource to medicines of almost every description, also the advice of several eminent physicians, but never found the slightest relief from any source whatsoever, until he called on Dr. Evans, of 100 Chatham street, N. Y. and procured some medicines from him, from which he found immediate relief and subsequently a perfect cure.

☞*An Extraordinary Cure* performed by Dr. Wm. Evans, of 100 Chatham st. N. Y.—Mr. W. W. W. of 160 Eldridge street, was laboring under a disease, which was by many physicians considered incurable, and could find no relief from any source whatever, until he made application to Dr. Evans, and placed himself under his successful course of treatment, from which he began to find immediate relief, and in a few weeks was perfectly cured.

☞*Remarkable Case of Acute Rheumatism*, with an affection of the lungs—cured under the care of Dr. Wm, Evans, 100 Chatham street, N. Y. Mr. Benjamin S. Jarvis, 13 Centre street, Newark, N. J. afflicted for four years with severe pains in all his joints, which were always increased on the slightest motion; the tongue preserved a steady whiteness; loss of appetite, dizziness in his head, the bowels commonly very costive, the urine high colored, and often profuse sweating, unattended relief. The above symptoms were also attended with considerable difficulty of breathing, with a sense of tightness across the chest, likewise a great want of due energy in the nervous system.

THE BARON VON HUTCHELER HERB PILLS.

These pills are composed of *Herbs*, which exert a specific action upon the heart, give an impulse of strength to the arterial system, the blood is quickened and equalized in its circulation thro' the vessels, whether of the skin, the parts situated internally, or the extremities; and as all the secretion, and a quickened action of the absorbent and exhalent or discharging vessels. Any morbid action which may have taken place is corrected, and obstructions are removed, the blood is purified, and the body resumes a healthy state.

The Pills, after much anxious toil and research, having been brought by the proprietor of the present state of perfection, supersede the use of the innumerable other medicines; and are so well adapted to the frame, that the use of them, by maintaing the body in the due performance of its functions, and preserving the vital stream in a pure and healthy state, causes it to last many years longer than it otherwise would, and the minn to become so composed and tranquil, that old age when it arrives, will appear a blessing, and not (as too many have neglected their constitutions, or had them injured by medicenes administered by ignorance) a source of misery and abhorrence. They are so compounded that by ennistrenthgg and equalizing the action of the heart, liver, and other viscera, they expel the bad, acrid or morbid matter, which renders the blood impure; out of the circulation, thro' the excretory ducts into the passage of the bowels so that by the brisk or slight evacuations, which may be regul ted by the doses of the HERB PILLS, always remembering that while the evacuations from the bowels are kept up, the excretions from all other vessels of the boky will also be going on in the same proportion, by which means the blood invariably becomes purified.

Steady perseverence in the use of the Herb Pills will undoubtedly effect a cure even in the most acute and obstinate diseases; but in such cases the dose may be augmented, according to the the inveteracy of the disease; these Pills being so admirably adapted to the constitution that they may be taken at all times

In all cases of Hypochondriachism, Low Spirits Palpitations of the Heart, Nervous Irritability, Nervous Weakness, Flour Albus, Seminal Weakness, Indigestion, Loss of appetite, Flatulency, Heartburn, General Debility, Bodily Weakness, Chlorosis or Green Sickness, Flatulent or Hysterical Faintings Hysterics, Headache, Hiccup, Sea Sickness, Night Mare, Gout Rheumatism, Asthma Tic Douloureux, Cramp, Spasmodic Affections, and those who are victims to that most excruciating disorder, Gout, will find relief from their sufferings, by a course of the Herb Pills.

One of the most dangerous epochs to females is at the change of life; and it is then they require a medicine which will so invigorate their circulations, and thus strengthen their constitutions as may enable them to withstand the shock. This medicine is the Baron Von Hutcheler Herb Pills.

Those who have the care and education of females, whether the studious or the secentary part of the community, should never be without a supply of the Herb Pills, which remove disorders in the head, invigorate the mind, strengthen the body, improve the memory, and inliven the imagination.

When the nervous system has been too largely drawn upon or overstained, nothing is better to correct or invigorate the drooping constitution than these Pills

DIRECTIONS.

Baron Von Hutcheler Herb Pills are to be taken in the morning and night, when the Stomach is foul, or the Bowels costive sufficient to operate twice or three times. The dose may be from three to twelve, or more, night and morning.
