A Farm for Rent.

I will Rent for the ensuing year my farm situated near Foot's Steam Mills, about ¾ of a mile from Cambridge. It contains about 80 acres of arable land divided into four fields, one a Meadow set with Timothy. The Buildings on it are a new two-story Brick Dwelling with rooms of good pitch, and a large Barn and Corn House and Stable. The fields having for a number of years withstood drought unusually well and furnished a good pasturage of Clover throughout the Summer and Autumn, a considerable additional profit to that commonly afforded by farms could be derived from it by raising Beef and by a Dairy.

I have for sale, also, several Devon and Ayreshire Cows, superior Milkers, with their Calves, two & three months old.

The public will do well to give him a call, as he has just returned from Baltimore with a good stock of Leather, which he has taken great pains in selecting.

He will spare no pains to please all who may entrust him with their work. He intends to manufacture coarse work, suitable for servants, and would advise those who want good and substantial work for their servants to bring in their measures, so that he can have them made in time. JOSIAH HOPKINS,

PLAIN and FANCY JOB WORK neatly executed at THIS OFFICE.

VALUABLE LANDS FOR SALE.

BY virtue of competent authority we will offer at public sale, at the Court House door, in the town of Cambridge, (if not previously sold at private sale,)

On Monday, October 5th, 1857,

between the hours of 12 o'clock, M., and 4 o'clock, P. M., the following TRACTS OF LAND, of which our late father, John C. Henry, died, seized, viz:

1st. That beautiful Farm, situated in Indian Town, Dorchester county, Md., containing
450 or 500 ACRES OF LAND,
and about 300 acres of marsh and cripples.

In many respects this is the most desirable farm in the county. The arable land is high and undulating, requiring little or no draining, easy of cultivation, and in natural fertility unsurpassed by any on the Shore. After years of cultivation, without the use of lime or any other fertilizer, it produces the most luxuriant crops of wheat and corn, and the soil does not appear to lose its fertility in the least. The growing crops of corn will satisfy any one who will inspect it, of the superior quality of the soil. The Dwelling House is sufficient for a small family, and the out-buildings, generally, in good repair, and some of them nearly new. The location is convenient for the delivery of grain, the granary being less than a mile from the navigable waters of Chicone Creek, and about two miles from the Walnut Landing on the Nanticoke river. The town of Vienna, with its Schools and Churches, is about four miles distant.

2nd. A Farm containing
100 ACRES, MORE OR LESS,
being a part of the tract called "Bachelor's Forest," purchased of James Chaplain, trustee, situated three miles from the town of Vienna, in Dorchester county.

The soil is productive, well adapted to the growth of corn, and may be improved at little expense. The Buildings are sufficient for a small tenement.

3rd. A tract of Wood Land containing
100 ACRES, MORE OR LESS,
being also a part of "Bachelor's Forest," purchased of Crosby, and contiguous to the part above described.

4th. A tract or parcel of Wood Land, purchased of Josiah Webb, Esq., being a part of the tract called "Jones' Venture," containing
30 ACRES, MORE OR LESS,
adjoining the lands of Alex. Sherman, Esq.

5th. Two Wood Lots containing
25 ACRES,
each, near the town of Cambridge, one adjoining the cultivated lands of James Dixon, Esq., and the other the lands of B. J. Goldsborough.

The lots are covered with a thick growth of young Timber, and are desirable on account of their location.

We will also sell at public sale, (if not previously sold at private sale) in the town of Denton, Caroline county, at the Court House door,

On Tuesday, Oct. 13th, 1857,

between the hours of 12 o'clock, M., and 3 o'clock, P. M., that

Valuable Farm,

situated near the town of Greensborough, in said county, of which the late John C. Henry, died, seized, containing
500 ACRES, MORE OR LESS.

This farm is located near the projected route of the Railroad, in an improving neighborhood. The arable land is of good quality and susceptible of easy improvement. A considerable portion of the farm is in valuable Timber.

We have not attempted to give a full and particular description of any of the above lands, because we wish persons who may desire to purchase to examine for themselves. They will all be sold free of encumbrance.

The terms of sale, for the Indian Town Farm, will be one fourth cash on the day of sale, and the balance in equal instalments in one, two and three years; and for all the other land one-third cash on the day of sale, and the balance in equal instalments in one and two years; the credit instalments to bear interest from the day of sale, and to be secured by bond with security to be approved by the undersigned.

For further particulars application may be made to FRANCIS J. HENRY,
Cambridge, Md., or
JAMES W. HENRY,
Sept. 2, 1857. Vienna, Md.

VALUABLE LAND FOR SALE.

I WILL sell at private sale my FARM, situated on the Chicknamacomico river, immediately on the new road leading from Vienna to the Salem and Drawbridge road, four miles from Vienna and two from Salem.

This farm contains

326 ACRES,

about 200 of which is cleared and the balance in RED and WHITE OAK TIMBER. There is a large surplus of White Oak Timber.—Some 1500 or $2,000 worth can be spared and leave a sufficiency for the use of the farm.

There is an inexhaustible supply of mud, convenient for hauling out, and needing only Lime to make the whole of the land permanently rich. The soil is naturally good, consisting of clay loam, and is in fair condition.

Should this farm not be previously disposed of at private sale, it will be sold at public sale, at Conoway's Hotel, in East New Market,

On Saturday, Sept. 19th,

between the hours of 1 and 4 o'clock, P. M. Terms made accommodating. For further particulars apply to H. W. HOUSTON,
Aug. 26, 1857. 4t E. New Market, Md.

TRUSTEE'S SALE.

BY virtue of authority derived from the Hon. Thomas A. Spence, Judge of the Circuit Court for Dorchester county, sitting in Equity, the undersigned Trustee will offer at public sale,

On Saturday, Sept. 19th,

at the store of James Todd, Esq., in Robinson's Neck, between the hours of 2 and 4 o'clock, P. M., all that TRACT or PARCEL OF LAND, whereof John Dean, late of Dorchester county, died, seized and possessed, situated in Robinson's Neck, and containing

40 Acres, More or Less,

adjoining the lands of Alward Johnson, Mrs. Elizabeth Wingate and the heirs of Levin Insley, dec'd.

The improvements consist of a DWELLING and necessary out-buildings.

The terms of sale are $75 cash on the day of sale, and the residue in 6 and 12 months, with security to be approved by the Trustee, bearing interest from the day of sale.
JOHN ROBINSON,
Aug. 26, 1857. Trustee.

A New and Important Discovery
IN THE
SCIENCE OF MEDICINE.

PATENT Office Seal of Great Britain, Diplome de Ecole de Pharmacie Pharmacien de Paris, and Imperial College of Medicine, Vienna. Sold wholesale and retail by Dr. H. A. BARROW, member of the Imperial College of Vienna, and Royal College of Surgeons, London, who may be personally consulted at his residence, 157 Prince street, few blocks west of Broadway, N. Y., from 11 A. M. till 2 P. M., and from 4 till 8 P. M., (Sundays excepted, unless by appointment.)

TRIESEMAR No. 1

is a remedy for Relaxation, Spermatorrhœa, and all the distressing consequences arising from early abuse, indiscriminate excesses, or too long residence in hot climates. It has restored bodily and sexual strength and vigor to the thousands who are now in the enjoyment of health and the functions of manhood; and whatever may be the cause of disqualifications for marriage, they are effectually subdued.

TRIESEMAR No. 2

completely and entirely eradicates all traces of Gonorhœa, both in its mild and aggravated forms, Gleets, Strictures, Irritation of the Bladder, Non-retention of Urine, Pains of the Loins and Kidneys, and those disorders for which Copaivi and Cubebs have so long been thought an antidote.

TRIESEMAR No. 3

is the great Continental Remedy for Syphilis and Secondary Symptoms. It also constitutes a certain cure for Scurvy, Scrofula, and all Cutaneous Eruptions, removing and expelling in its course all impurities from the vital stream, so as altogether to eradicate the virus of disease, and expel it by insensible perspiration through the medium of the pores of the skin and urine.

It is a never failing remedy for that class of disorders which English Physicians treat with Mercury, to the inevitable destruction of the patient's constitution, and which all the Sarsaparilla in the world cannot remove.

TRIESEMAR No. 1, 2 and 3 are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket. Sold in tin cases, and divided in separate doses as administered by Valpeau, Lalleman, Roux, Ricord, &c., &c. Price $3 each, or four cases in one for $9, which saves $3, and in $27 cases, whereby there is a saving of $9.

None are genuine unless the Engravings of the Seals of the Patent Office of England, the Seals of the Ecole de Pharmacie de Paris and the Imperial College of Vienna are affixed upon each wrapper and around each case. Imitations are liable to the severest penalties of the Law.

Special arrangements enable Dr. Barrow to forward immediately, on receiving a remittance, the $9 and larger size cases of TRIESEMAR FREE OF CARRIAGE, to any part of the world, securely packed and properly addressed, thus insuring genuine European preparations, and protecting the public from spurious and pernicious imitations. GOLD! GOLD!! GOLD!!!

THE greatest offer in gold pens, gold pencils, gold chains, and gold watches, ever made. Read the following:

A SPLENDID GOLD PREMIUM, worth from five to one hundred dollars, positively given to any person who can spare one day in a week, or one hour in a day, getting up clubs of subscribers in his own and adjoining neighborhoods, for the best and most popular Family Newspaper now published. No expense, no outlay, no capital required of agents. An entire new plan is proposed, by which any person can succeed in making it a paying business, who will undertake the agency. A private circular, for the inspection of agents only, with full list of premiums, will be sent to any one who desires it, on receipt of a stamp to pay return postage. Some agents have earned a hundred dollar gold watch in one week.

Every family should read at least one Newspaper from New York City, without interfering with their Local Papers, which of course cannot, and should not, be dispensed with. But New York being the great commercial and business centre of this Continent, no farmer, mechanic, professional man, or merchant, is properly prepared for the emergencies of his calling, unless he is in communication with New York City, by means of one of its first class Newspaper mediums. Such a medium is our "LEDGER," neutral in politics, but giving all the facts, items of news, and thrilling incidents worth knowing throughout the country.

A VALUABLE GIFT.

Each new subscriber will receive with the first No. of his or her paper one of the new and beautiful glass pointed indelible Pencils,* just imported from Europe, and for which we have obtained the exclusive agency for this Country. This is the most ingenious and useful little improvement of the present age, and is the only pencil ever made that will write with ink, making it both a pen and pencil of the finest quality at the same time. It will last for years, and for practical use is worth more than any gold pen in the market.

For list of premiums and full particulars, address HALL & WEST, Publishers,
Aug. 26, 1857. 6m New York city.

OFFICE, No. 7, South Frederick street, Baltimore, Md., seven doors from Baltimore street, East side, up the steps. ☞Be particular in observing the name and number, for Ignorant and Lying Impostors, Cunning and Trifling Quacks, *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers*, etc., styling themselves regularly Educated Phisicians, attracted by the reputation of Dr. Johnston, lurk near.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that ever were known; many troubled with ringing in the head and ears when asleep; great nervousness, being alarmed at sudden sound, bashifulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bone and arms, blotches on the head, face and extremities, progressing on with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns."

It is a melancholly fact that thousands fall victims to this terrible disease owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Poison, Mercury, ruin the constitution and make the residue of life miserable.

TAKE PARTICULAR NOTICE!

Dr. J. addresses all those who have injured themselves by improper indulgencies and solitary habits which ruin both body and mind, unfitting them for either Business, Study, Society or marriage.

These are some of the sad and melancholy effects procured by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irribility, Derangement of the Digestive Functions, General Debility, symptoms of Consumption, &c.

MENTELLY.—The fearful effects on the mind are much to be dreaded; loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, weakness of the organs is speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated, who had lost all hope, have been immediately relieved.

All impediments to Marriage, Physical or Mental Disqualifications, Nervous Irritability, Trembling and Weakness, or exhaustion of the most fearful kind, speedily cured.

YOUNG MEN,

Who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions at school, the effects of which are nightly felt, even when asleep, and if not cured render marriage impossible, and destroy both mind and body, should apply immediately.

What a pity a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must before contemplating MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

IMPOTENCE.—WEAKNESS OF THE GENITAL ORGANS.

Loss of virile power is the penalty most frequently paid by those who give a loose rein or license to their passions. Young persons are too apt to commit excess from not being aware of the dreadful effects that may ensue! Although impotency occurs from stricture, deposites in the urine, gravel, and from numerous other causes, yet the abuse of the sexual organs, by excessive venery or self-pollution; particularly the latter is the more frequent cause of it. Now who that understands the subject will pretend to deny that the power of procreating the species is lost sooner by those who practice the *solitary vice* than by the prudent? Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.

The System becomes Deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Debility, Dyspepsia, Palpitation of Heart, Indigestion, a Waisting of the Frame, Cough, Consumption, &c.

INVOLUNTARY SEMINAL EMISSIONS.

Of this distressing disease, which is the common results of the above mentioned *secret habit*, but a very brief description, for many reasons, can be given here. The complaint comes on gradually. It begins by a too hasty discharge of semen in copulative and passionate dreams. Such emissions being too hasty, have no power, while the erections are feeble, imperfect and soon over. As the disorder grows worse, the discharges or emissions become more easily excited and frequent, often brought on by lascivious ideas, or by merely touching the part in this deplorable case, the emissions take place without any pleasure and without erection, and in this debilitated and sensitive state of the organs the direful effects of pollution so ruinous to health, take place day and night. Pale, emaciated and weak, the unhappy victim of artificial gratification complains of pain in the head and back, has a languid look, dimness of sight, flushing of the face when spoken to, lowness of spirits, and a vague dread of something, often starting with terror at a sudden sight or sound. He also loathe society, from an innate sense of shame, and feels a dislike to all bodily and mental exertions.

TO STRANGERS.

The many thousands cured at this institution within the last sixteen years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the papers and many other persons, notices of which, have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he does so, the afflicted, especially strangers, could not fail to fall into the hands of the many impudent and unlearned Impostors, with innumerable false names or combined Quack shops, swarming these large cities, and copying Dr. Johnston's advertisements. *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers, &c., Paltry and Contemptible Imitators*, whose lives, instead of at the Noble Science of Medicine, have been spent in the most *menial capacity*, now styling themselves "Regularly Educated Physicians," illiterate, shallow-brained fellows, too lazy to work at their original trade, with scarce two ideas beyond a brute, who for the purpose of enticing and deceiving, carrying on five or six offices, under as many different false names, so that the afflicted strangers, escaping one, is sure to tumble headlong into the other. Ignorant Quacks with enormous lying certificates of great and astonishing cures from persons not to be found, who keep you taking large bottles of Licorice Water, and other packages of filthy and worthless compounds, cunningly prepared to impose upon the unfortunate and unsuspecting. Trifling month after month, or as long as the smallest fee can be obtained, and, in despair, leaves you with ruined health, to sigh over your galling disappointment.

Persons doubting these remarks can try these impostors, be ruined in health, and be convinced.

Dr. Johnston wants no Patients, but those fully capable of appreciating and distinguishing the services of a regular thoroughbred Physician from the paltry, designing and unlearned Quack.

HOLLOWAY'S OINTMENT.

CIRCULAR TO THE SICK.

The first hospital surgeons and medical publicists of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; Governments sanction its use in their naval and military services, and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

SALT RHEUM, FEVER SORES, STIFF JOINTS.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopœa have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

DISCHARGING ULCERS.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A WORD TO MOTHERS.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

SIGNIFICANT FACTS.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Bunions, Burns, Chapped Hands
